

THE
KENDALL PATENT
LOG —
TURNER

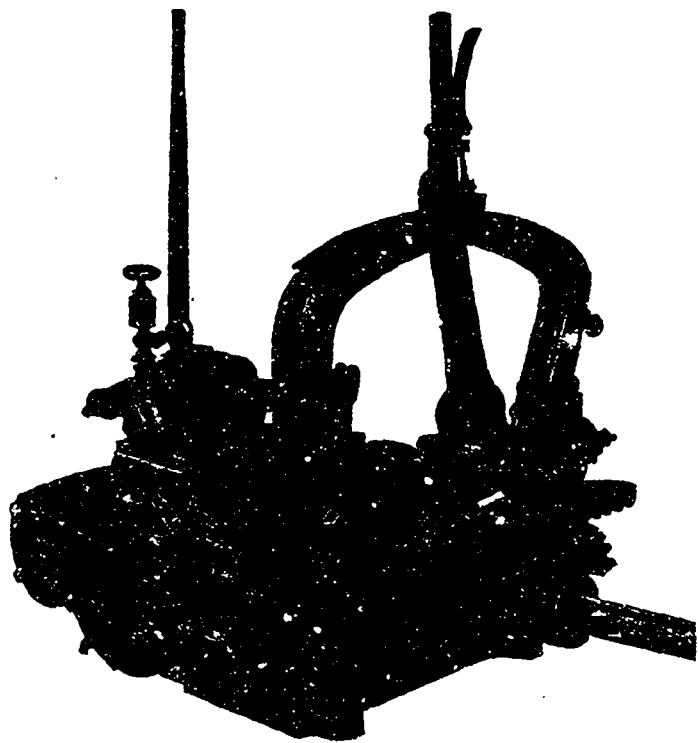

The best and most modern turner on the market; no floor plate, no more broken tooth bars.

A necessity in every mill where good lumber and quick sawing is desired.

Ask any user about it, then write to us. Now is the best time to order.

Corry & Barker Patent
Steam Set Works
For Saw Mill Carriages

A labor-saving device of real merit; one that is fast making friends among the best mill men.

We have added some improvements to this machine which all lumbermen will appreciate, making it a better machine than all others.

Write us about it, our Catalogue is free.
