GUARDIAN.—"The publication of the literary remains of Lord Acton is gradually showing the world his true greatness as an historian, and for this we owe our warmest thanks to Mr. Figgis and Mr. Laurence. The two volumes before us reveal better than anything that has yet been published the extent of Lord Acton's knowledge and the force of his mind. . . . Powerful and closely reasoned essays and lectures, which bear on every page the stamp of learning; and judgment and righteousness, which are worthy of a great scholar and a good man."

TIMES.—"These volumes must be regarded, not as the support of an existing reputation, or as a bid for the establishment of posthumous renown, but as the record and memorial of a rare and attractive personality. The accurate, insatiable, and broad-minded student is revealed; the generous champion of a noble cause which has suffered temporary defeat is seen on the field of his eager endeavour in controversy with Popes and Cardinals for the sake of freedom and truth; and the principles which he brought to the study of history or elicited from his observation of men and affairs throughout the centuries are set forth for all to read. The resulting picture of the great student, the partisan striving for impartiality, is admirably put together in a sympathetic and lucid introduction supplied by the editors."
