## SPEECH OF NEW GOVERNOR ENCOURAGES A STRIKE

Coal Carriers Organize and Result is Serious Riots on St. Lucia Island.

NEW YORK, April 26.—A despatch from Castries, Island of St. Lucia, says:

The speech of the new British governor, having been construed as encouraging to the aspirations of the workmen, the coal carriers organized an agitation for a big advance in wages and struck work. They intimidated all who were willing to work and were joined by the rabble. All coaling was stopped. There is now only a small police force, inadequate to suppress disorder or to protect property. Being pressed by the rioters they fired on the crowd and wounded four persons. The police and special officers were confined to their barracks, and the town was left in the hands of the mob. Several shops were wrecked, the market was looted, and several persons were beaten. The general public was not molested.

The coal carriers formulated their demands, and the marchers were compelled to yield. The advance in wages is considered ruinous, but work has been resumed. Castries is now quiet. News of the burning and wrecking of sugar estates is now coming from the country. Armed police are preventing rioters coming into the town.

### SUICIDE OF E. G. RUSSELL.

VANCOUVER, B.C., April 25.—E. G. Russell, executive agent of the Grand Trunk Pacific in British Columbia, committed suicide at Prince Rupert, by shooting himself with a revolver.

## AS THE TORONTO "EVENING NEWS" SEES IT

It Speaks Editorially of The Physicians' Duty in Matter of Curb-ing the Progress of the White Plague.

The Toronto News, in its issue of yesterday said editorially: "Complaint is made that the average medical practitioner of this Province is not doing what he might towards stamping out the white plague. Through carelessness or something worse, he fails to diagnose the cases of incipient tuberculosis which come before him in the course of his general practice. Seventy-five per cent. of all consumptives in the early stages of the disease can be cured, while only 15 per cent. of moderately advanced cases and only one per cent. of far advanced cases are found to respond to treatment." Dr. William Osler insists that it is their duty to be constantly on the alert to detect the first appearance of the disease in their patients. We think also that compulsory notification should be made the law in connection with tuberculosis, just as it is now in regard to other contagious diseases. Every case of consumption existing in a family or community may be a source of infection. This is all on the right lines as far as it goes, but The News should carry its educational campaign further. The News is fully aware of the fact that while the average medical practitioner is neglecting his duty or unable to cope with this disease there is a remedy called Psychine that is curing thousands and tens of thousands of cases of tuberculosis in all stages of advancement. It is claimed for it that it is doing more than all the Boards of Health and sanatoria combined in the Dominion of Canada. Certainly many very remarkable cures have recently been reported for which Psychine gets the credit. (Mr. T. G. Iron of Little Britain, Ontario, in a recent letter to Dr. T. A. Slocum, Limited, 179 King-street west, says: "Please forward literature and sample of Psychine to Mrs. Helen Webster, as she has a daughter in consumption. I have mentioned Psychine to them, and soon of my introduction the patient was recomplished inside the last 18 years, of which I have personal knowledge.") This remedy cures consumption of tuberculosis at all its earlier stages, and often the advanced stages yield to its curative power. It also cures all stubborn coughs, colds, bronchitis, catarrh, pneumonia, chills, night sweats, wasting diseases, and all other conditions which are the forerunners of consumption. It is a perfect germ destroyer and rapidly builds up the system. To be had, at all druggists, 50c and \$1.00, or Dr. T. A. Slocum, Limited, 179 King-street west, Toronto.

## 22 PUBLIC 22 AMUSEMENTS

A bill full of novelty will be seen at Shea's Theatre next week. The headline act is William Gillette's melodrama "The Red Owl." One of the best companies ever seen in vaudeville has been selected by Mr. Gillette for the presentation of his one-act play. It includes Beryl Hope, who spent one summer here a few seasons ago at the head of a successful stock company. "The Red Owl" has been called a tabloid melodrama and has been a sensation wherever it has been presented. Mr. Gillette is at the head of authors, actors and in "The Red Owl" he has some sensational situations. With Miss Hope will be seen Sam Hardy, Frederick Montague, Edward Gillespie and Guy F. Bragdon.

The Great Gilsorette Troupe is an extra attraction. These are sensational European acrobats. The six men are wonderfully trained. Howard and North will be given a big welcome. Their well-known talk, "Those Were Happy Days," between the rube and the city boy, is one of the popular acts. Franz-Eberts & Co. are playing the Little Comedy, "Dan Cupid." Ebert is one of the funniest and cleverest Lilliputians and in the title role, "Dan Cupid," keeps his audience amused. The musical Avolons are xylophone experts. Eleanor Dorrell is a newcomer and her songs will make her a welcome addition. Scott and Wilson, the acrobatic comedians, are old favorites. The bill will close with the kinograph showing a full line of new pictures.

"For a Human Life," the new melodrama offering at the Majestic Theatre next week, is said to go far "and the mark set by productions of this class as the story is an intensely interesting one and the production of the massive one in scenic detail. The play deals with the adventures of the daughters of a millionaire mine owner, whose affianced husband has been convicted

MAUDE SHERIDAN

With "For a Human Life"—Majestic. On circumstantial evidence of a crime and sentenced to death. In her efforts to prove his innocence she is beset by numerous dangers, but she finally accomplishes her mission, and virtue triumphs as usual in all good melodramas. During the week a matinee will be given every day.

At the Princess Theatre, beginning Monday evening, the ensuing week will be given over to the production of two plays, both farces, from the pen of C. Carton. The first to be given will be the jolly "Mr. Hopkinson," which won such praise some two or three months ago. This delightful farce will be presented on Monday, Tuesday, Wednesday evening and at the Wednesday matinee. On Thursday, Friday and Saturday evenings and at the Saturday matinee a new farce called "Public Opinion," which has already enjoyed a great share of popularity in London, will be given in Toronto for the first time. Its story shows there is a breach of promise action happening. All sorts of gentlemen of high position ask for help in getting back compromising letters from an elegant actress. There is Lord Percy Kilgour, a younger son, the judge who is trying the case, his brother, an eminent physician, and last, but not least, the solicitor himself, like the others, turns out in the past to have committed to the post addresses to the same lady.

Novelty was the keynote of Norman Lee Swanton when he produced "The Arrival of Kitty," which is to be seen at the Grand next week, presented with an excellent cast, new scenery, costumes and effects and in the same manner that characterized its success last season. "Kitty" contains music that is tuneful, dialog that is bright and situations that are excruciatingly funny. The ingenuity and treatment of the plot have compelled the theatregoing

Every Merchant, Wholesale or Retail, must be interested in the Copeland-Chatterton Perpetual Systems for Business. Broadly speaking, they reduce the labor of accounting—cut the time occupied in the work fairly in half, and by systematizing the handling of accounts thereby facilitate the steady movement of the details of the business. The Copeland-Chatterton Co. of Toronto has systems for the handling of accounting in every business. The Company will send you particulars promptly.

which has proven since its initial performance one of the leading burlesque and vaudeville organizations on the road. The management has spared no expense in securing the best talent, the most fertile material for the amusement of the public, and the most gorgeous costumes, scenery and electrical effects. The burlesque this season is styled "Roseland," and is an up-to-date musical conception, filled with laughable situations, funny lines and bright, tuneful music.

The phenomenal success in Europe of Lasky, Rolfe & Co.'s production, "The Stunner Grenadiers," has seldom been equaled. This is the first production that has ever been made in Europe with a European cast by an American vaudeville producing firm. The costumes and scenery were executed by the leading artists of London and Paris. This new production will be presented

## APPLY CARNEGIE FUND TO LOCAL PROFESSORS

Memorandum Explaining Conditions Under Which Toronto Faculty Labor is Sent Trustees.

Dr. Maurice Hutton, acting president of Toronto University, has submitted a memorandum to the trustees of the Carnegie foundation fund regarding retirement allowances for the advancement of teaching, expressing the hope that the trustees will include this university among beneficiaries of the fund. Another sentence of the memorandum calls attention to the "utter inadequacy of provisions for retirement in the University of Toronto."

The memorandum states that the obligations of the state towards pensions do not appear to have any appreciable recognition in this country. In the earlier history of the University of Toronto, retiring annuities were occasionally granted, but in 1891 the authorities decided against the continuance of such a system. The substituted "retirement fund," Dr. Hutton says, is nothing more than a device for saving by deducting a certain sum monthly from the salaries of the members of the faculty, which "increases with the salary according to a fixed scale. This compulsory saving system, according to the memorandum, involves a forfeiture of their own money on the part of the faculty, and they have not sufficient surplus to insure their lives, nor have they been able to purchase homes for themselves.

The amounts of the retirement funds for members of the staff now approaching the age for retirement would purchase for them annuities of but \$50 or \$60.

## CONCESSION TO INDEPENDENT

Standard Oil Loses Exclusive Rate to Western Coast.

CLEVELAND, Ohio, April 26.—The railroads have made a big concession to the independent oil men. The independents will no longer have to pay \$105 for the return of an empty tank from the Pacific coast to a refinery at the Missouri River. The rate that it is said has been a big factor in the success of the Standard Oil Company, is withdrawn.

The readjustment of rates means that the Standard Oil Company loses an exclusive rate of 78 1/2 cents a hundred for its central freight and trunk line association territories to the western coast.

## FRATERNAL ASS'N OFFICERS.

Thomas Millman Elected President for the Ensuing Year.

At yesterday's session of the Canadian Fraternal Association Past President Dr. C. B. Emory was presented with a gold-headed cane. The officers for the ensuing year were installed by John A. Patterson, K.C., as follows: President, Thomas Millman, M.D., Toronto; vice-president, E. T. Esery, London; secretary-treasurer, William F. Monaghan, Hamilton; councillor, Lyman Lee, Hamilton; representative, Dr. John Ferguson, Toronto; chairman of medical section, Dr. E. Ryan, Kingston.

## FIRE IN BANK.

At 4:15 yesterday morning fire was found in some shelving in the St. Lawrence Market branch of the Dominion Bank. Electric wires are blamed for it. A chemical extinguisher did the trick.

## Verdict for \$113,965.

WELLAND, April 25.—Judge Wells has given judgment directing that the Provincial Natural Gas Co. shall pay to Carroll Bros. \$113,965 for breach of contract for supplying gas. Carroll Bros. sold their natural gas pipe lines to the Erie County Gas Company, which sold to the Provincial Natural Gas Company, and claimed that the company was under agreement to supply them with gas. The defendants will appeal.

## Feathers His Fate.

John Barry was yesterday before Magistrate Denison on a charge of stealing 15 chickens from John White, 489 East Front-street. He has been up before for visiting chicken coops, but was getting along very nicely, explaining how he got the fowl, when Nora Rooney appeared and charged him with stealing five feather pillows. Barry was remanded until Tuesday.

## Bread's Food Value, without Bread's Bulk—this Lager.

Regal Lager provides all the nutriment bread contains; and the body gets the good out of it with less digestive effort. Regal Lager yields its feeding-power to the system readily, quickly; its proteids, its hydrocarbons, are soluble and assimilable; but the stomach and the intestines must work for long before they can get the same amount of good out of the bread.

So a glass of Regal Lager helps the whole body more than a loaf of good bread,—enriches the blood, tones the digestive system, nourishes the muscular tissues.

Amber-yellow, sparkling, light, wholesome and zesty, brewed by the Old German process from barley, hops, yeast and water, in the most sanitary of Canadian breweries, this pure, matured beer deserves place with your household as a table beverage that will help the health of every grown adult.

There is no finer beer brewed than the Regal Lager. Your dealer can supply it in bottles (only).
