The C.P.R, Station at Parkdale Narrowly Escapes Destruction. Soon after 5 o'clock yesterday morning, when the storm had nearly reached its height, an electric wire crossed the wires leading into the C.P.R. sta-tion at Parkdale. There was a flash, followed instantly by an explosion, and flames were soon in possession of the upper part of the building, which is a frame structure. The night staff escaped from the building without injury, and the firemen, who were soon on hand, succeeded in confining the fire to the upper story, which was gutted. The books and papers in the building were all either burned, or rulned by water.

Police Magistrate Lafferty of Orillia has committed Andrew Clarke for trial at the Assizes charged with a criminal assault on a young girl.

The father of the girl—a police constable named Clarke—died four years ago. In defendant Clarke—also a constable, but no relation—he reposed considerable confidence and asked him to assist the widow in the management of the estate in case of his (the policeman's) death.

Defendant Clarke is a married man, whose family live at Bass Lake; but it is said that he passed much of his time at the widow's house. Here the offence was committed, the girl being forced into submission by threats and the pointing of a revolver, The case has created much excitement in the town and neighborhood.

McIntyre & Wardwell (John J. Dixon) received the following despatch from their branch office in Chicago:
Wheat ruled dull and comparatively heavy for the first half of the session, but just before the close, when it became known that there was a large demand for No. 2 red by millers, the price commenced to advance, and on the purchase of one million bushels by a commission house, supposed to be for Armour, we had a sudden advance to the highest price yet touched on the rally. It is likely now that the country will commence to buy, and if they do a further advance is not unlikely. "A mait tonic of surpassing value in its lection on the nerves."

Ottawa, Jan. 26 .- In consequence of the death of Prince Henry of Battenburg, the Governor-General and Countess of Aberdeen have given up their had been made for their presence at a grand ball and other events in connection with the winter carnival there.

Charlevolx Election

A telegram was received here yester-

day stating that Bishop Labreque of Chicoutimi had sent out notices to all their people to vote for no man who was not pledged to vote for the Remedial Bill in Parliament. Charlevoix, where a bye-election takes place to-morrow, is in Bishop Labreque's diocese. Mr. Cimon is the Conservative candidate, and Mr. An-

gers the rouge standard-bearer. St. John, as a winter port. is boo ing. Three trans-Atlantic lines have vessels regularly visiting the port and now it is announced that another line of steamships is coming. The New York and Porto Rico Company will put vessels on the route between St. John and Halifax and Porto Rico. The first steamer, the Spero, will be at St. John on Feb. 3, She will, after taking in cargo there, proceed to Halifax to finish loading for three ports in Porto Rico, San Juan, Ponce and Mayaguez. The Spero is a steel steamer of 591 tons register, was built in 1891 and is under the Norwegian flag. Monthly trips will be made during the winter and spring. Sugar and molasses can be secured as return cargoes. This line should afford a good chance for Ontario shippers, particularly millers, by which to send goods.

with Canadian herds.

Adjustant-legeralship.

In two or three days time the question of the appointment of a successor to Col Powell as Adjutant-General of Militia will be settled. From all that your correspondent can learn, there does not seem to be the slightest possibility of either Col. Otter or Col Smith securing the position, despite the efforts which are being put forward on their behalf. If Col. Aylmer, whose qualifications for the post are of the highest order, fails to secure the office, it will, without doubt, go to Col. Maunsell of New Brunswick, by virtue of his long service, his thorough competency, and and the fact that he is the senior district officer in Canada.

The Remedial Bill.

trict officer in Canada.

The Cabinet had a two hours' session yesterday, when considerable routine business was transacted. It was expected that the report of the subcommitte on the Remedial Bill would be submitted to the council, but it was not quite ready, and therefore routine business was taken up. A Cabinet Minister is credited with the statement that the bill will be found to be moderate in its provisions and acceptable to Protestants and Catholics alike.

Deputations

Dr. Sproule, M.P., introduced a deputation to the Minister of Public Works on Friday, consisting of Mayor Jonhson of Meaford, ex-Mayor Cameron, W. W. Stephens and C. R. King, to ask for a grant for Meaford harbor sufficient to put in such a condition that vessels navigating the Georgian Bay could load and unload and find shelter in the harbor. The deputation pointed out that Meaford, with a small outlay, in comparison with other artificial harbors, could be made one of the best, safest and easiest of approach on the Georgian Bay. They said if the request were carried out they had good reason to believe that the G.T.R. Co. would change the location of its station to a more cenvenient point.

ent point.

Mr. Ouimet also received a deputation from the District of Nipissing, consisting of Mr. J. B. Klock of Klock's Mills, Liberal-Conservative candidate at the coming election, and Mr. D. Purvis, president of the Board of Trade, North Eay. who urged the granting of an appropriation for the erection of a wharf at North Bay. The deputation was accompanied by Hon. Peter White.

Wish Father to the Thought.

deputation was accompanied by Hon. Peter White.

Wiss Pather to the Thought.

An absurd rumor was in circulation yesterday that three of the Cabinet Ministers had resigned. The report was traced to Grit resources. It was evicently a case of the wish being father to the thought, and intended to do service in Nova Scotia. There is not a particle of truth in the report. The opposition which the Liberals are offering to Sir Charles Tupper in Cape Breton County is purely factions. Notwithstanding the efforts the Grits are putting forward, and these efforts, it is said, include the sending into the constituency of over \$40,000 with which to bribe the electorate, Sir Charles will have a majority of at least 500 on polling day. The Liberals are inclined to shout corruption whenever the Government wins an election, but there seems to be irrefutable evidence that in this particular campaign the corruption is altogether on the other side.

The following directions have been given to the Court reporters: (1) Cases in which judgments are pronounced should be immediately reported with the written opinions of the judges, which are handed down at the time. No report is to be delayed by reason of any opinion not having been handed down at the time the judgment was pronounced. (2) When a case is in type the reporter should send to each judge, if so derired, a fair proof in galley of his opinion, but no delay exceeding eight days can be authorized for the perusal or correction of such proof by the judge.
