

The thought of Boys' Clothing makes many a mother anxious, not to say worried. But it's only the mothers who are not acquainted with our clothing for boys. We've done the thinking and the worrying on this subject. We've studied and planned and experimented and worried. The result is, we think we can save the mothers all worry. Come and see what we have fashioned for the little fellows.

PARTIALITY.

If you have a badly decayed tooth a dentist particularly skilled in Crown and Bridge Work will probably adjust a crown, if partial to filling he'll advise accordingly, if lacking in any skill he'll extract the tooth without mercy. Therein is the advantage of the property of the probability of the property of the probability of the p our system. Hamilton, Aug. 18.—(Special.)—About 33 members of the various national benevolent and friendly societies met this evening in Foresters' Hall ito discuss the advisability of supporting the bylaw for the purchase of Dundurn Park for \$50,000, to be submitted on Sept. 7. J. Orr Callaghan was made chairman and A. Dynes secretary.

J. C. McKeand moved and C. D Blach for disconded a resolution to the effect that the meeting endorse the proposed purchase. Both mover and seconder strongly favore the buyling of the purk.

George Ross, A. Dynes, J. M. Williams and Fred Walter also spoke in favor of the purchase, on the ground that the city need each of the terms of the sale were resonable. Mr. Bessey, the Gyrar-old daughted.

W. Baine and others asked what the intention was in regard to the closing of the park on society demonstration days and paying of admission.

Ald. Board replied that there would be free access to the park at all times. It would not be bought for any organization but for the citizens.

The Challenger Genesee.

The challenger, Genesee, arrived here yesterday morning, after a long, slow sail from Charlotte, leaving there on Wednesday night. The breeze was fairly light all the way across. On the way across the crew on the Genesee put up the new sail made in Boston. This sail is one of the largest ever seen on this sized boat, and many were the exclamations of surprise as the boat sailed around the bay yesterday afternoon. She is a likely-looking craft. Her racing fing is a red swallowtail, with a blue diagonal stripe. The crew have taken some of the ballast out, and she will sail much lighter than heretofore. The Genesee will go on dry-dock to-day for official measurement. The crew that came over on the Genesee were: Skipper C. G. Davis, Charles Van Voorhees, J. Macdonald, J. E. Burrows, M. A. McDuff, Ed. Thompson and C. C. Hanley, her designer. The voyage across was slow, on account of the light wind, and not due to a mishap, as stated yesterday. The Challenger Genesee.

A Boston despatch says: The sensation of the day in L.A.W. circles was the announcement that Tom Linton, the Weish middle-distance racing man, had forsaken the ranks of the N.C.A. and had been reinstated in the L.A.W. Linton rode at Waltham Tuesday under the auspices of the N.C.A., and made a world's record.
