### BALFOUR SCORES ROSEBERY

Latter's Plan to Make Kitchener  
Minister of War Characterized  
as a Wild One.

London, Feb. 13.—Premier Balfour, in the course of a speech at a luncheon, given by the Conservative Club here to-day, declared the British government had no choice but to take action against Venezuela. The Ministers had shown no understanding, no greed for money and no inhumanity. The United States government had taken into the confidence of His Majesty's government at every stage of the proceedings. The Monroe Doctrine had no enemies in this country. It would be a great gain to civilization if the United States should more actively concern itself with arrangements to prevent the constantly recurring difficulties between the European powers and the South American governments by getting the latter to observe the principles of international courtesy.

A Mare's Nest.  
Continuing, the Premier said there was no ground for Lord Rosebery's criticism in respect to British relations with either the United States or Germany. Some arrangement with the latter for joint operations was the most reasonable step possible for enforcing their several claims. Mr. Balfour ridiculed the suggestion of assistance with Germany over Venezuela which was settled at the time of Emperor William's visit to King Edward at Sandringham. He declared that the whole story was a mare's nest. International animosities, said the Premier, were a great source of international weakness. Great Britain was supposed to be greatly disliked on the continent, but no country was stronger for detesting Great Britain or showing animosity, nor would Great Britain be strengthened by harboring animosity. If the peace of Europe were to be preserved, and the cause of civilization go forward without fatal shocks, it must be by the increasing use of co-operation between the European powers. The Balkan States are now giving anxiety, and the question can only be solved by common action upon the part of the great civilized nations. European concert is clumsy, he said, but it is better than isolated action. Mr. Balfour hinted that all those who had any command over the source of public opinion to refrain from indulging in the easy game of comparing relations between nations, and creating jealousies, so easily formed and so difficult to undo.

A Wild Scheme.  
Referring to Lord Rosebery's proposal that Gen. Lord Kitchener should be invited to leave his post in India, and become War Minister, Mr. Balfour characterized it as the wildest which had ever been suggested. A man who had held and who doubtless was destined to again hold great administrative positions, and who could understand that Lord Rosebery's sole plan was to attain efficiency, but his suggestion was both opposed to the British constitution and absolutely impracticable. Lord Kitchener was a great soldier, but he was not trained for the work of a Cabinet Minister, who was required to defend the proposals of his government in parliament.

Peace in Sight.  
Speaking at a banquet here this evening, Mr. Balfour announced that he had received a communication from Foreign Secretary Lansdowne, that all the difficulties regarding the Venezuelan question had been removed, and that no hitch whatever would delay the final settlement any time.

AT ONE COMPANY'S MERCY.

Montreal Paper Suggests That Government Handle Coal.  
Montreal, Feb. 13.—Speaking of the latest French strike, the Montreal Herald, Liberal, says: It is only six months since a similar strike occurred at Fernie, lasting one month and entailing heavy loss to the district. At that time the United Boards of Trade met at Greenwood and passed a resolution urging the government to throw open the unoccupied coal areas, so that competition could be demonstrated. However sincere may be the desire of the Crown's Next Pass Coal Company to satisfy the requirements of the public, it is obvious that as long as they are the only operating company, the people of the district are at the mercy of one corporation or one mine's output. The little dependence is to be placed upon fuel supply under such conditions, the experience of the last six months clearly demonstrates. With millions of tons of coal of equal quality in the hands of both federal and provincial governments, a remedy at once suggests itself.

### VENEZUELA BLOCKADE RAISED

PROTOCOLS OF POWERS SIGNED

Washington, Feb. 13.—Herbert W. Bowen, Venezuela's representative in the Venezuelan peace negotiations at Washington tonight signed with each of the allied representatives here a protocol providing for the immediate raising of the Venezuelan blockade, and for the reference of the question of preferential treatment of the claims of the allies against Venezuela to The Hague Arbitration Tribunal. The final formalities occurred at the British Embassy. At 11:30 o'clock tonight Herbert Dering, First Secretary of the British Embassy, announced to the Associated Press that the British protocol had just been signed, and that the signature of the Italian and German protocols would follow in the order named.

The British protocol was in English, Italian in Italian and German, and the German in German and English. Mr. Bowen signed in duplicate for Venezuela, Sir Michael Herbert for Great Britain, Signor Mayor Des Planches for Italy and Baron Speck Von Sternburg for Germany. Immediately on the signing of the protocol, the cables were despatched to London, Berlin and Rome announcing the fact. It is expected that the commanders

### COMBES CABINET ACCUSED

Finger of Suspicion Regarding the Humbert Affair Points to French Ministry.

Paris, Feb. 13.—An exciting incident occurred in the Chamber of Deputies to-day, when Maurice Binder, Nationalist, sought to interpellate Minister of Justice Valle on the Humbert affair. The Deputy declared that suspicion had long been directed against the Combes cabinet.

A scene of great disorder followed this statement, members of the Left protesting and demanding the removal of M. Binder. Premier Combes sought to gain recognition, but as M. Binder continued to shout at the top of his voice, MM. Combes and Valle and the other Ministers retired from the House, the Left party applauding and the Right party hissing.

M. Binder was then censured by the Chamber. When he attempted to resume his speech the President, M. Bourgeois, suspended the sitting. The Deputy continued his defiant speech after the session was resumed, but he was finally silenced by the President's threat to cause his removal from the Chamber.

M. Valle made a brief rejoinder, to the effect that his accusers were defenders of the Humberts, and an interpellation on the subject was postponed until after the budget had been passed.

CLOSED OPEN HEARINGS.

Coal Strike Commission Now to Meet in Secret.  
Philadelphia, Feb. 13.—The Anthracite Coal Strike Commission, after being in public session for more than three months, closed its open hearings to-day with an all-day argument by Clarence S. Darrow, in behalf of the miners. It will meet in secret in Washington next Thursday and begin the consideration of the case. An announcement is expected at the end of this month. If an increase in wages is determined upon, it will date from the first of last November.

DISEASE AGAIN SERIOUS.

Foot and Mouth Trouble Breaks Out Anew.  
Washington, Feb. 13.—The foot and mouth disease has again become serious in Massachusetts. Disquieting reports have reached Secretary Wilson regarding fresh outbreaks of the disease near Boston, and there is considerable anxiety over a possible spread of the disease.

WHIPPING POST FOR BRIBERY.

Dover, Del., Feb. 13.—Bribery at elections in Delaware is to be made a whipping-post offence, punishable by forty lashes vigorously laid on the back of the offender, if a bill introduced to-day passes. The Democrats declare that if they can pass this bill, bribery will immediately cease, and if the Regular Republicans do not aid them in the attempt they will stultify themselves. The title of the bill does not contemplate the extermination of bribery, for it is "An act to lessen bribery in this state."

### ONE CHAMBERLAIN COMING

AN ELDERLY GENTLEMAN'S INFATUATION.

Austen Chamberlain, the Son of His Father, May Visit Canada Next Autumn.

Considered the Next Best Man to the Colonial Secretary for Our Purposes.  
Montreal, Que., Feb. 13.—It is said here that the word has just received in Montreal that several important commercial bodies, in Montreal, Toronto, Halifax, St. John and Winnipeg have under consideration an invitation to Hon. Austen Chamberlain to visit Canada next autumn. The idea has been tentatively laid before Mr. Chamberlain, and it is understood he will be pleased to accept on receipt of a formal invitation.

It was hoped that his father, the Right Hon. Joseph Chamberlain, might be induced to come, but the "South American" trip, which is now being made, makes a second period of absence from the seat of government within a year quite impossible.

Inasmuch as Mr. Austen Chamberlain, his son, is in close touch with the Secretary of State for the Colonies, he was considered the next best man, and it is altogether likely, will reach this country next autumn.

### SIR ROBERT'S SUCCESSOR.

Report That England Consents to an International Board.

London, Feb. 13.—The Shanghai correspondent of The Morning Post says it is stated in the best informed circles here that the undertaking given by China to Great Britain in 1898, that the successor of Sir Robert Hart, Director of the Imperial Maritime Customs, would be British while British trade predominated in China is no longer operative.

There are indications, the correspondent adds, that the Marquis of Lansdowne, British Legation Minister, will consent to Sir Robert being succeeded by an international board.

### CHANGE FOR CITY SQUARE

Orpen Did Not Buy the Corner Property for a Hold-Up on the City.

Will Sell at Price He Bought

There are still some possibilities of a square in front of the City Hall, and Ald. Spence is authority for the statement that Abe Orpen is willing to sell to the city at cost price the bargain he secured in purchasing the property at the southeast corner of Bay and Queen-streets. Orpen paid \$80,000 to the Harris estate for the property, and this makes it look as if it would only mean \$750 a foot for the frontage on Queen-street, as far as Knox Church. That would be \$191,250 for the land on Queen-street and \$10,000 about \$50,000 for the buildings. Then the Richmond-street frontage could, it is estimated, be secured as \$100,000 for the land and \$48,750 for the buildings. This would bring a total of \$350,000 for a small park in front of the Hall. Four per cent on this amount would be \$14,000. Loss of taxation would amount to \$8,000. Thus the annual expenditure for the park would be \$22,000.

Of course the value of land will increase materially during the next few years, and it is not unlikely that the Council has any intention of going in to the project of making a City Hall square on this corner.

### BOERS STILL IRRECONCILABLE.

Colonial Secretary at Grinap-React Warns Them That Lack of Cordiality Puts Them Outside of Enjoyment of Privileges.

Capetown, Feb. 13.—Mr. Chamberlain arrived at Grinap-React, in a Dutch district, today. The welcome extended to the Colonial Secretary was anything but cordial.

The Dutchmen held sullenly aloof from the receptions and functions. Many of them openly paraded rebellious.

The members of the British colony called on Mr. Chamberlain and complained of boycotting at the hands of the Dutch, and the general system of oppression and intimidation which was also extended to the natives, because of the assistance which they rendered to the British during the war.

Mr. Chamberlain made a long speech in which he rebuked the Dutchmen in strong terms for their attitude, and frankly warned them that it was in the best interests of the colony to be consistent with the enjoyment of the privileges of British citizenship.
