

## C.P.R. EMPLOYEES MUST TAKE PLEDGE ON JAN. 1

Says Speaker at Alliance Meeting  
Last Night, Referring to Rail-  
ways and Temperance.

"Tell me, Brother Peter, what you been so long gone?" "I been a-tryin' to bust the license system, an' I ain't done bustin' yet." All the speakers at the Dominion Alliance mass meeting in Euclid-avenue Church last night were in perfect sympathy with this sentiment, rolled out in weird negro melody by Rev. J. H. and Mrs. Hector and Mrs. Lyons.

G. F. Marter presided, Rev. S. D. Chown, the secretary of the Department of Temperance and Moral Reform, established by the Methodist Conference, said the vital nerve of the temperance question was touched by approaching it from the political side. Canada will not reach a better position until moral issues are introduced into her politics. Since he had been a young man he had never met a man who did not agree with him on moral questions. F. S. Henson declared true politics had nothing to do with the miserable little tricks and stratagems by which men sought to outwit each other. Politics should be a part of religion, the man-ward side of love to one's neighbor. The temperance voters should identify themselves "up to the neck" with their party, whether Tory or Free, and see that the caucus nominated men who were pledged for temperance. A hundred pledged Christians could control any caucus in Ontario.

Rev. J. H. Hector, the "Black Knight," said that on the intercolonial railway, only to be seen, not to be heard, but to be in a way to ensure discharge for an employee. On the Philadelphia & Reading road 100 had been cleared out for drinking. The Chicago & N. W. Railway had given 11,000 employees 60 days to stop using rum, since it had been proved to be the cause of collisions. They were called, however, but rather than have human life imperiled the railways had joined the ranks of the rum, and the C. P. R. has its notice ready for New Year's Day.

The pledge was taken by 63, and it was announced that the movement was being established in every county in Ontario.

Before I had used three quarters of a box I began to feel the benefit and by the time I had taken three boxes I was completely cured."

# Schlitz Beer

## RECEIVES WORLD'S HIGHEST ENDORSEMENT

European government scientist awards Schlitz the highest honor.  
From Weihenstephan, Bavaria, the most renowned school of brewing in the world, comes this triumph for Schlitz.  
The Beer That Made Milwaukee Famous pronounced best American beer by the Bavarian Government's famous scientific brewer, Prof. Dr. Hans Vogel, Director of the Scientific Station for the Art of Brewing, subventioned by the Royal Bavarian Government. Bavaria is the cradle of the art of brewing.

We spend fortunes on cleanliness.  
We clean every tub, every boiling vat, tank or barrel, every pipe and pump, every time we use it.  
We bore wells down 1430 feet to rock for pure water.  
We cool the beer in filtered air.  
We filter the beer by machinery.  
We store Schlitz beer for months in refrigerating rooms, until it is well fermented—until it cannot cause biliousness.

(Subventioned by the Royal Bavarian Govt.)  
PROF. DR. HANS VOGEL  
ACADEMICAL DIRECTOR

WEIHENSTEPHAN, Nov. 22, 1903.

Schlitz Brewing Co.,  
Milwaukee, U. S. A.

Through the courtesy of Commerzienrath (Counsellor of Commerce) Dr. Datterer, I have received several bottles of your beer.  
I have not only partaken of same, but have also made a searching chemical analysis, the result of which I enclose.  
The analysis, as a matter of course, can give no idea of an important feature, the flavor of the beer.  
I frequently receive samples of American beers for analysis, but I can truthfully say without flattery, that I never drank a better American beer than yours.  
The beer tasted full (round) and fresh, and no trace of the usual disagreeable pasteurization flavor was discernible.  
Once more permit me to express my recognition.

Very respectfully,  
HANS VOGEL.

### CALLAGHAN CASE APPEALED.

Claim No Evidence—Exception Also  
Taken to Judge's Charge.

Notice of appeal in the Callaghan case has been filed, to be recorded Thursday.  
The appeal recites that there is no evidence of theft as charged, that the money involved forms a part of a debt and credit account, that the invoice submitted shows it to have been a direct sale, and that the evidence of many witnesses for the Crown was improperly admitted. The appeal contends that the evidence offered, tending to show the service of the accused in selling stock of the company, was proper, and should have been received. Further, the instructions of the court are excepted to. A general denial is entered that there was evidence to warrant the verdict.  
Callaghan will be sentenced to-morrow, unless there is a further suspension pending the appeal.

Suddenly Struck From Street—Old  
Funeral Service Held.

London, Dec. 14.—There is consternation in the Town of Hanley in Staffordshire. A man while walking through a street yesterday suddenly sank through the footway into the earth and was engulfed in a coal mine long since disused. The Town Council is now facing the problem of how to deal with the disused coal pits which undermine the district.

### ROW AT NEGRO CONVENTION.

Police Called in When Two Ministers  
Sought Possession of Floor.

Washington, Dec. 14.—The police were called into the National Suffrage League convention, colored to-day, when Rev. R. J. Nelson, president of the Suffrage League of Pennsylvania, and Rev. J. W. Scott, of this city, sought possession of the floor. The delegates were in an uproar for half an hour.

Two reasons for the dispute are alleged to be that the Scott faction favors the passage of a resolution endorsing President Roosevelt's attitude toward the negro race, and that Booker Washington desires to control the convention, a number of delegates objecting to Booker Washington's recent utterance to the effect that disfranchisement in the south placed a premium on intelligence, wealth, character and thrift.

Don't Give Right Change.  
At the Gospel Temperance meeting in Occident Hall on Sunday, Rev. C. O. Johnston claimed that he could prove that the bartender and moonshiner frequently take advantage of their customers when in an intoxicated condition by giving them the wrong change.

### THEY'RE NOT ALL BAD.

Rev. C. O. Johnston was quoted as  
having said at the gospel temperance

meeting in Occident Hall on Sunday afternoon that all the city hotelmen were dishonest. This is wrong. Mr. Johnston said last night that the statement represented neither his words nor his belief.

"The testimony I have received from time to time in my work," he said, "shows that while there are some who may try to take advantage of intoxicated customers, I must, in all justice to those who are trying to conduct their business within the meaning of the law, correct the impression that is otherwise given."
