The Transportation Problem.

As one great and important factor in binding the different parts of Canada together, and in binding Canada to the mother country. Mr. Monk mentioned various means of transportation. To have facilities for transportation, at as cheap a rate as possible, he pointed out as one very necessary factor in the development of Canada. At one time there were no railways connecting the various provinces, and no means of carrying on any extensive trade, between the provinces, had been intro-change. duced, and for this reason the idea of a union of the provinces was never considered. But steam and electricity

Following are the details of one of the most interesting and, at the same time, most sen. sational cures of skin disease ever reported, and once again the credit goes to Zam-Buk, the great herbal healer. Mr. H. Wright, of Inverness, Cape Breton, is the subject. He says: "In August, 1902, while being shaved I sustained a cut on

my face just under the left ear. I was then a sailor and on the eve of a voyage. Soon after we sailed, blood poison set in and I found that sores were spreading all along the side of my head. The poison ran along like a creeping ivy plant under the skin and at intervals sending up an ulcer which discharged.

I was soon in a terrible state! The steward, and everybody with a knowledge of the medicine chest, tried their best, but the ulcers and sores would not heal. I tried doctors in New Orleans where we first touched at no cure. From thence to Hamburg, Germany-no cure. Then to North Shields, England-no cure. Back again to Canada, still suffering and trying all sorts of things in vain. Then back to Shields-no cure. Out again for Port Eads, but had to abandon the voyage through bad weather and put into London, England. While there I was treated at the leading skin hospitals, but the sores did not close, no matter how treated From there I went to Cardiff, and while there a friend said, 'You can still be cured! Try Zam-Buk!' I hardly believed it possible, but I took a supply of Zam-Buk on board, as we were sailing for Canada that night. The sores were at that time so terribly painful that I could hardly bear to touch them. I anointed them with Zam-Buk and kept on applying it regularly. In a few days the sores showed signs of healing. Zam-Buk seemed to take out all the soreness and kill the poison. By the time we reached Montreal, to my amazement and delight, every one of the sores was closed. To-day my skin is sound and healthy. I am cured completely and I owe it to Zam-Buk. There is little wonder, therefore, that I am so enthusiastic in my praise of

WHY IS ZAM-BUK SO POPULAR?

There are several reasons: Because it cures where ordinary ointments fail, as in the above case. Because of its unquestioned purity. Because of its herbal composition. Because it is free from all trace of animal oil or fat or mineral Because, while its application eases pain and soothes wounds and injuries, it is so highly antiseptic that it kills all disease germs instantly, thus preventing inflammation Free Box

and suppuration. WHAT IT CURES -- Zam-Buk cures pimples and face sores, eczema, ulcers, scalp sores, ringworms, abscesses, bad leg, chronic sores, piles, varicose ulcers, abrasions, cuts, scalds, buens, blood poison, itch, barber's rash and all other skin diseases. Rubbed over the chest it eases the tightness due to colds and chilis, used as an embrocation cures rheumatism, neuralgia, etc. All druggists and stores sell at 50c. a box, post free from Zam-Buk Co., Toronto, upon receipt of price. 6 boxes sent for \$2.50.
