THE YACHTS AT COBOURG RACE IN 10-KNOT BREEZE

Zoraya Meets With Accident and Seneca Finishes First—Six Events Decided.

COBOURG, Aug. 6.—There was a brisk breeze for the yacht races to-day. The feature was the race between the Canada Cup boats, Seneca, of Rochester and Zoraya, Eleanor and Crusader of Toronto, in Class B. The Seneca, in the 10-knot breeze, came home in front, but there is a strong possibility that she will lose on a charge of fouling Zoraya at the start. On the reach to the home mark at the conclusion of the first round, Crusader got away from Seneca and worked like Zoraya to win, with Seneca getting all the place money. But Zoraya's sail split and she lost the lead three miles out on the second round. Seneca bucked up, and on the last leg caught and passed Crusader, and just nosed her out on the home mark. She got no gun, however, the association officer, Bingley Benson, claiming that she had fouled Zoraya, that would have won probably without the accident.

In the veteran cruisers' class Invader of Hamilton won by two miles, but she was charged with fouling Iroquois at the start.

The first-class was another nice race. Canada went across the line with a rush just at gunfire. Merrythought, which is sailing in great form this year, was in front at the western mark, but she was second all the way on the round. However, on a wide reach Strathcona did a little fast traveling and she took second place.

Whirl of Toronto beat Crescent of Watertown in Class D, but the other results as before—Petrel II, Verona and Naomi in the small owners' class, and Morrie of Buffalo beating her best in Class C. The times at the finish:

Four Thousand Employees on Eight-Hour Day in West Toronto Shops.

Four thousand employees of the C.P.R. shops at West Toronto are now working only eight hours per day, with Saturdays off. Official notices to this effect were posted yesterday.

It is regrettable that this slow down in business should arrive just when the wave of prosperity had begun to gush thru the West Toronto shops from end to end. However, the company's financial year is drawing to a close, so the short time schedule may not continue long after the annual dividends are declared.
