

### HAMILTON HAPPENINGS

**DON'T WANT SECTION MADE A RAILWAY YARD**

HAMILTON, May 23.—(Special.)—A special meeting of the parks board was held this evening, when it was decided without a vote to accept the offer of Burke Bros. to install a figure eight in Dundurn Park.

At the regular meeting of the works committee last evening a deputation of citizens and fruit preservers asked that the city sanction the construction of a switch between the main line and the H. G. and B. on Sanford-avenue. A number of East Main-street residents opposed the application, their reason being that such a switch would deprive property and turn their section of the city into a freight yard. A sub-committee was appointed to look into the matter and report back.

A deputation from the new annex applied to be included in the fire lines and asked that no liveries or blacksmiths be permitted to locate there.

**City Stuck for Cost.**

No action was taken upon the application for the T. H. and B. for permission to lay new tracks in the east end of the city. City Solicitor Waddell pointed out that it generally turned out that when new tracks were put down the city was stuck for the cost of protecting them.

Alexander Watson, the T. H. and B. spokesman, who deserted his wife in Sarajev, while she was undergoing a serious operation, and came to Hamilton, where he married 17-year-old Clara Fraser, was sentenced to three years in Kingston Penitentiary this morning by Police Magistrate Jells.

**Motor Accident.**

On Sunday afternoon the big touring car owned by Mrs. Warnock, the wife of a South American millionaire, became unmanageable a few miles from Hamilton, which resulted in tossing the occupants down the embankment and completely demolishing the machine.

**PROPERTY-HOLDERS GREEBY**

Improvement of Niagara Falls Park hindered by Landlords.

The efforts made by the commissioners of the Queen Victoria Niagara Falls Park to beautify the park and protect the shore line from erosion between Bridgeburg and the south end of Niagara Falls Park have been balked during the past year by the refusal of property holders along the right of way to sell any portion of their property except at unreasonable prices. Under the circumstances the commission will have to resort to expropriation.

To enable the staff of gardeners to maintain the park on a favorable footing with other great continental parks extensive greenhouse accommodation will be necessary and plans to that end are being prepared.

In their report for 1909 the commissioners say: "It is greatly to be regretted that the development of the aesthetic features of the southerly end of the park has to give way to the utilitarian or commercial requirements in the generation of power, or that the river could not have been simultaneously carried out. After a period of rest during which the work of restoration was favorably progressing and a large number of trees and shrubs had been planted and carefully nurtured, the work was not only arrested, but much plant life was lost by the excavations for the power works of the Ontario Power Company. In the excavations for laying the enormous pipe of eighteen feet in diameter the limits of surface disturbance are very wide, and necessarily extend much beyond the trench required for laying the pipe."

**SOCIETY NOTES**

Mr. and Mrs. Robert J. Stuart of the Osborne Apartments, West King-street, were the recipients of numerous handsome gifts and telegrams and letters from all over Canada and the United States on Friday evening last when they celebrated the twenty-ninth anniversary of their wedding. The pretty green drawing room was decorated with white and green, the same color scheme being used throughout the house. Mr. and Mrs. Stuart were assisted by the guests before a large mirror which was most artistically massed with Easter lilies and white roses, while an ample shower of white ribbons, marguerites and swansonia fell over the glass, being tied with a huge white satin bow, which bore the dates 1880-1910. Mrs. Stuart was attired in a handsome and becoming gown of rosea green, silk collette made en traine on princess lines, the yoke and sleeves being of ivory lace mounted on a bodice of diamond and pearl ornaments in addition to the bracelets which she had worn at her wedding, and carried bride roses. Mr. and Mrs. Stuart were surrounded by their five children, Percival, Victor, Herbert, Lilian and Violet, also their little granddaughter, Yvonne, a pretty tot of about a year old, who wore a dainty white frock with pale blue ribbons.

During the evening an impromptu program was rendered by the Misses Stuart, Mr. and Mrs. Fawcett and Miss Reynolds, who played the Bridal Chorus from Lohengrin. Mrs. Fawcett was in an ivory lace robe over chiffon and satin, with pearls in her hair, and Miss Reynolds wore pale mauve silk mull with baby Irish lace and pearls. Miss Lilian Stuart looked charming in a rose pink gown with wreath of pink Rambler, and Miss Violet Stuart wore a pretty lingerie frock of silk mull and lace. After the program refreshments were served in the dining room by the daughters of the house, assisted by Miss Reynolds and Miss McKibbin, the latter wearing a pink silk frock which was very becoming to her brunette beauty. Mrs. Herbert Stuart looked pretty in her wedding gown of ivory satin with real lace and princess panel of hand embroidery with pearl ornaments. In the dining room the refreshment table looked exquisite all in white and green, the ices, cakes and candy being in the same color. The table was centred with billows of dew-drop tulle on which stood a mirror, a plateau and cut glass bowl filled with bride roses, smaller vases of white sweet peas and lily of the valley being at the corners, while the Tiffany shade was covered with a trellis work of the same flowers, from which fell an ample shower of white ribbons with swansonia and tiny white roses, the corners of the table being lighted by green and silver shaded candles in silver candelabra.

**SCARBORO FARMS IN DEMAND.**

Big Figure Said to Be Offered for Kingston Road Property.

SCARBORO VILLAGE, May 23.—(Special.)—John Neilson, one of the best-known of Scarborough's good farmers, has, it is learned on good authority, been offered \$200,000 for his magnificent 200-acre farm, lying to the north of the Kingston road, and has refused the tempting offer. The farm is probably unexcelled in the township. The property is situated in a modern neighborhood of \$10,000. A modern and beautifully finished home in all respects, while the farm is a big 200-acre farm, among the best in Scarborough. Add to all this, the fact that the property commands a fine view of Lake Ontario, and the figure quoted, \$200,000 an acre, is not an unreasonable one.

**RICHMOND HILL.**

RICHMOND HILL, May 23.—(Special.)—Secretary H. A. Nicholls reports the entries for the fair to-morrow as exceptionally good. A big 2000 horses, as well as everything else, including a state-of-the-art record crowd if the weather is fine.

Maxwell, recently inducted as minister at Dovercourt, is in a handsome and becoming gown of rosea green, silk collette made en traine on princess lines, the yoke and sleeves being of ivory lace mounted on a bodice of diamond and pearl ornaments in addition to the bracelets which she had worn at her wedding, and carried bride roses. Mr. and Mrs. Stuart were surrounded by their five children, Percival, Victor, Herbert, Lilian and Violet, also their little granddaughter, Yvonne, a pretty tot of about a year old, who wore a dainty white frock with pale blue ribbons.

**Cutting in Algonquin Park.**
