

STATEMENT OF THE LOCATION AND NATIONALITY OF DISPENSARY PATIENTS, 1885.

Quite a large number of patients having their residence outside of the City, in various portions of Halifax County and other counties of the Province, have come to the Indoor Department of the Dispensary to be treated during the past year. Many come in fishing vessels and coasters from along the shores, are attended, and return. The number of such patients attended during the year has been about 194. The diverse localities from whence they come may be seen by enumerating some of them. For example, from Cole Harbor, Preston, Dutch Village, Terrence Bay, Hammond's Plains, Liverpool, Queens Co., Lower Prospect, Windsor Road, Prospect, Middle Musquodoboit, Herring Cove, Guysboro Co., Portuguese Cove, Montague, Chezzetcook, Musquodoboit, Port Medway, Hantsport, Hants Co., Souris, P. E. I., Elmsdale, Rawdon, Jeddore, Porto Rico, Shubenacadie, Tangier, Bedford, Windsor Junction, Fall River, Dartmouth, Eastern Passage, Guysboro Road, Beech Hill, Sambro, Mount Uniacke, Sheet Harbor, Ecum Secum, Indian Harbor, Margaret's Bay, Chester, Lunenburg Co., Lockport, Annandale, King's Co., Moose River, Shoal Bay, Three Mile House, Ketch Harbor, Ferguson's Cove, French Village, Prince's Lodge, Advocate, N. S., Harrietsfield, Truro, Colchester Co., (Seamen, 6.)

This list shews that the work of the Indoor Department is not confined to the municipality. It also shews the full confidence which is placed in the usefulness and management of the Dispensary.

In examining the record of the patients attending the Indoor Department we find the birth-places of those born outside the city to be as follows :
