## BYNG TO OBSERVE VIMY RIDGE BATTLE

Will Entertain Officers of  
Canadian War Units at  
Dinner, April 9

OTTAWA, Feb. 16.—The anniversary of the famous battle of Vimy Ridge, April 9, will be commemorated by the Canadian War Units at a dinner at the Hotel Carleton, Ottawa, on April 9.

Baron Byng of Vimy, Governor-General of Canada, will entertain at dinner at Rideau Hall officers representing all the units of the former Canadian Expeditionary Force. On that day also there will be held the annual meeting of the Canadian Infantry Association. At this meeting there will be at least one delegate from every military district. Altogether there will be about 15 official delegates representing various units and about 40 others.

Major W. B. McLaughlin, of Royal Ottawa Highlanders, is secretary of the association. On the day preceding this meeting the advisory committee of the association will meet and go through the various resolutions which have been sent in for consideration at the annual meeting.

Officers commanding the 11 military districts in Canada will probably all be present at this meeting also. Headquarters have called for a conference of these O. C.'s and they will be here at the same time as the meeting of the Canadian Infantry Association. These officers it is expected will attend the Vimy dinner also. They will be here in conference with headquarters for three or four days.

The officers commanding the military districts are as follows: M. D. No. 1, London, Ont., Col. Comdt. (Brig-Gen.) W. B. King, C. M. G.

Evangelist

H. MAHON, Minister.

## Soft Pedal Proves Great Help to Young Doug

By JACK JUNGMEYER

THE well guided and promising advance of Douglas Fairbanks, Jr., in his latter pictures, culminating in his role in "Stella Dallas," has proved the wisdom of Paramount's changed policy toward his progress.

It points the folly, too, of attempting to foist stardom on the sons and daughters of famous screen personages merely because of that relationship, as was attempted in young Doug's first picture, and in the case of some other movie youngsters.

The example of Fairbanks, Jr., should prove a guidelamp to producers and parents in launching the career of scions of the famous, for while young Doug's single starring effort was not a debacle, it showed that the forcing method has dangers which might easily nip talent at the bud.

The boy's father, profoundly interested in his career, foresaw this and warned against it. And his producers realized it before any harm was done.

Young Doug was given a more modest schedule, and he is thriving under it.

He is now being treated like any other motion picture player of promise, with-out any effort to capitalize his father's name.

DOUGLAS FAIRBANKS, JR.

## Ariano Strikes Wreckage And Seeks Repairs

HALIFAX, Feb. 16.—The Fur-ness Withy Company here received word today that the steamer Ariano from London for Halifax and Saint John, struck some wreckage in the English Channel and has returned to Falmouth for repairs.

## SICKLE IN AN ELM

British Workmen Make Discovery While Sawing Old Tree

LONDON, Feb. 17.—An unusual discovery was made by workmen employed in the saw mills at the London, Midland, and Scottish Railway's carriage and wagon works at Wolverton, who were engaged on sawing up a large elm tree into planks. They found a complete sickle embedded in the heart of the tree. Grown in Bedfordshire, the elm is estimated to be about ninety years old, and as there were more than seventy annual rings outside the sickle, it is considered that the implement was left sticking in the heart of an old oak, which was being split up in the timber yard at the wagon works.

Bullets, stones and other small objects are often found by sawyers working on tree trunks, but a sickle is an unprecedented find. Some months ago the implement was discovered in the heart of an old oak, which was being split up in the timber yard at the wagon works.

## GETTING SKINNER EVERY DAY

SOMETHING MUST BE DONE  
AND DONE RIGHT NOW—  
QUICK.

Hollows in Cheeks and Neck Growing  
Deeper Every Week.

Tens of thousands of thin, run-down men—yes, and women, too—are getting discouraged—are giving up all hope of ever being able to take on flesh and look healthy and strong.

All such people can stop worrying and start to smile and enjoy life right now, for McCoy's Cod Liver Extract Tablets, which any druggist will tell you all about, are putting flesh on the bones of skinny folks every day.

One woman, tired, weak and discouraged, gained 15 pounds in five weeks and now feels fine.

We all know that the liver is the seat of vitality, and that a healthy liver produces healthy flesh. The highest class of cod liver oil is found in McCoy's Cod Liver Extract Tablets—sugar coated and as easy to take as candy.

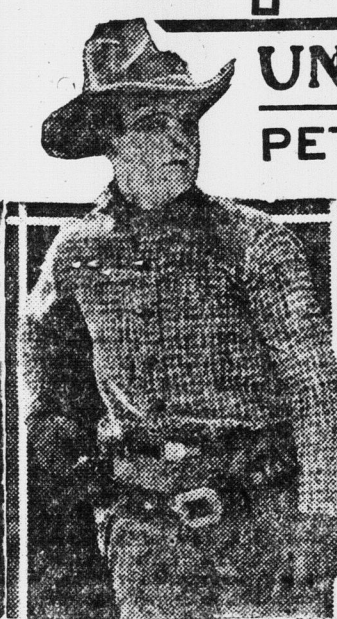

And this shows what faith the makers have in McCoy's, for they say: if any thin person don't gain at least 5 pounds in 30 days your druggist is authorized to give you your money back—and only 60 cents for 60 tablets.

Ask Wassons two stores, Ross Drug Co., Wm. Hawker & Son, or any live druggist anywhere in North or South America.

But be sure to get McCoy's, the original and genuine.

## SAGE TEA TURNS GRAY HAIR DARK

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your armor. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur enhances its appearance a hundred-fold. Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for only 75 cents, all ready for use.

It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied.

You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.
