

CHIEF JUSTICE THEIR GUEST

Barriers Society Dine Hon. E. McLeod AT UNION CLUB

High Tributes to Head of Chancery Division - New Honors Predicted

About seventy barristers were in attendance last night at the banquet given by the Barriers' Society of New Brunswick at the Union Club in honor of Chief Justice Beesley McLeod upon his elevation to the office of head of the chancery division of the supreme court.

Those present besides the guest of honor were: Ex-Chief Justice Sir Frederick E. Barker, Mr. Justice Whitte, Mr. Justice McKeown, Mr. Justice Crockett, Mr. Justice Grimmer, Hon. George Clarke, attorney-general, A. D. Chandler, of Boston; Judge Forbes, Judge Carleton, of Woodstock; J. E. Armstrong, K. C.; Hon. H. A. Powell, K. C.; M. N. Cockburn, K. C. of St. Andrews; W. P. Jones, K. C. of Woodstock; Dr. W. B. Wallace, K. C. of Carleton Place; K. C. Dr. R. F. Quigley, K. C.; H. H. McLeod, K. C.; A. J. Gregory, K. C. of Fredericton; W. B. Chandler, K. C. of Moncton; M. G. Teed, K. C.; A. A. Wilson, K. C.; Daniel Mullin, K. C.; J. Roy Campbell, K. C.; W. A. Ewing, K. C.; E. H. McAlpine, K. C.; L. P. D. Tilley, B. S. Smith, S. A. M. McKinnon, H. W. Robertson, G. A. Henderson, G. H. V. Belyea, S. B. Bustin, H. A. Porter, Francis Kerr, G. E. Logan, H. F. Puddington, J. P. Lunney, J. H. A. L. Fairweather, E. C. Weyman, B. R. Armstrong, McE. Treisman, J. P. D. Lewis, J. O. McInerney, C. F. Inches, W. J. Mahoney, D. King Hazen, J. A. Barry, J. P. H. Teed, P. P. Clegg, C. F. Sanford, G. O. Dickson, O. H. G. Murray, R. M. Rive, W. H. Harrison and A. B. Slipp, K. C., chairman.

The following had accepted but were not able to be present: His Honor Lieutenant-Governor Josiah Wood, Hon. L. J. Woodie, K. C. of Chatham; R. A. Lawlor, K. C. of Chatham; W. C. M. Sell, K. C. of Shediac; A. E. G. MacKenzie, of Campbellton; P. J. Hughes, K. C. of Fredericton; F. J. G. Knowlton, K. C.; E. T. C. Knowles, K. C.; Dr. Silas Alward, K. C. and J. C. Hartley, of Woodstock.

Greater Honor Referred To. C. F. Sanford, secretary of the Barriers' Society read several letters and telegrams. Among them were letters from Hon. J. D. Lisach, A. P. Barnhill, K. C., Hon. H. R. Emmerston, M. P., Mr. Justice Barry, J. B. Baxter, M. P., P. C. H. B. Fisher who is in New York, and telegrams from Lieutenant-Governor Josiah Wood from New York. All expressed regret at not being able to attend the banquet and tendered congratulations to Chief Justice McLeod and best wishes for his future health and prosperity.

The telegram received from F. R. Taylor was of particular interest to those present, and when read was enthusiastically received. Mr. Taylor said that although he was unable through business to attend the function he expected that he would have the honor to be present at a similar event in the near future when Chief Justice McLeod's future would be recognized by the king.

The chairman, A. B. Slipp, proposed the toast to the King, honored in music, the toast to "Our Guest" referring to the chief justice, and on behalf of the assembly, expressing the pleasure of the barristers at the honors bestowed upon him. Hon. H. A. Powell, K. C. proposed the toast to Sir Frederick E. Barker, ex-chief justice, and the latter replied expressing his thanks and referring happily to his successor in office.

The toast to the Bench was proposed by Attorney-General Clarke who reviewed the careers of the preceding chief justices of the province speaking of them in the highest terms, and Mr. Justice Whitte who told of his great pleasure in hearing that the chief justice soon might be honored with a knighthood. A. D. Chandler, of the American Bar Association and H. B. Fisher a nephew of the late Judge Fisher, were also among the speakers. The banquet was closed with the singing of the national anthem.

Asthma Catarrh Vapo-Cresolene. A reliable and efficient remedy for bronchitis, coughs, croup, and asthma. Contains eucalyptus, menthol, and other natural ingredients.

For Headache, Neuritis, La Grippe, Nerve Pain. A powerful analgesic and antispasmodic. Use the Want Ad Wax.

STARVED NERVES

The Cause of Neuralgia - It Must be Treated Through the Blood

Neuralgia is a cry of the nerves for more and better blood. It literally means that the nerves are being starved. Like every other part of the body the nerves receive their nourishment through the blood. There is therefore no doubt that Dr. Williams' Pink Pills will cure the worst cases of neuralgia. They actually make new, rich blood, carrying to the starved nerves the elements they need, thus driving away the sharp, torturing pains which nearly drive the sufferer wild.

Dr. Williams' Pink Pills that every sufferer from this dreaded trouble should have no time in giving the Pills a fair trial. Mrs. Sophia H. Johnson, Mosask, Sask., says: "For upwards of ten years I was a periodical sufferer from neuralgia. It located in the side of my face and in the jaw, which would actually tick every time I opened or closed my mouth. At times the pains would be almost unendurable, and as time went on, my whole nervous system seemed to be affected. I was constantly doctored, but the doctor did not seem to be able to give me permanent relief and at last I decided to try Dr. Williams' Pink Pills. I got a half dozen boxes, and before they were half gone I felt much better, and by the time I had used them all every symptom of the trouble had gone, and I was enjoying a comfort I had not known for years. I have since remained in the best of health, and can only say I owe the joy of living without pain to Dr. Williams' Pink Pills."

Sold by all medicine dealers or by mail. Sold in a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

SEEK INCORPORATION FOR CHILDREN'S AID SOCIETY

The board of management of the Children's Aid Society met in the Y. M. C. A. yesterday afternoon, with A. M. Belding in the chair. The others present were Mrs. D. McEldon, Mrs. H. A. McKeown, Mrs. John Keefe, Mrs. T. H. Bullock, Mrs. E. A. Smith, Miss Pratt, Mrs. E. P. Pausigan, Mrs. Louis Gren, Mrs. W. B. Tennant, Rev. W. R. Robinson and Rev. R. A. Armstrong.

The chairman explained that it would be necessary to get further legislation before the society could be incorporated, and he and Rev. R. A. Armstrong, Mr. E. Agar and J. King Kelly, K. C., were appointed a committee to communicate with the provincial government so that a bill might be passed at the coming session of the legislature.

Some harrowing instances of the need of such a society were given by Rev. Mr. Robinson and others.

Laurier Asks for Fair Play

Redistribution Bill Before The House AGAIN ON THURSDAY

Deep Laid Plot Behind N. T. R. Report - Preliminary to Handing Line to C. N. R. or C. P. R.

Ottawa, Feb. 17.—Premier Borden's redistribution bill stands over for a few days. It was presented for second reading at today's sitting of the commons, when a largely attended house heard Sir Wilfrid Laurier, the Liberal leader, in an earnest deliverance, almost entirely freed from anything of a contentious character, and which at times drew expressions of approval from both sides of the house, commending the action of the government in following the Liberal precedent of a decade ago, and appealing for the same devotion on the part of the members of both political parties to considerations of equity, justice and fair play.

"Let us here measure so framed," declared Sir Wilfrid, "that we will have through it at the proper time an absolute and most accurate expression of the public mind without any consideration as to who may win or who may lose."

The Liberal chief submitted but one criticism. He deprecated any attempt to "play politics" with the province of Prince Edward Island by nominally referring the question of the reduction of the representation of the island province to the committee, when it was recognized that the committee had neither jurisdiction nor discretion in the matter, and urged a frank and honest statement of the conditions as they were.

Sir Wilfrid also submitted the suggestion that the membership of the committee be increased from seven to nine, in order that every part of the dominion might be represented by the minority as well as by the majority.

Premier Borden spoke at the evening sitting replying briefly to some of the points that had been raised, particularly with reference to Prince Edward Island.

Pencil Perfection can only be found in L. & C. HARDTSMUTH'S KOHL-NOOR - to search for it elsewhere is to court disappointment.

He moved the adjournment of the debate to Thursday next. Mr. Borden defended his course in leaving the settlement of Prince Edward Island's representation to the committee. It was desirable, he thought, that the situation in that province should be carefully considered. If there had been any departure from the Confederation compact, as had been charged, it must have been under the regime of the present leader of the opposition.

Replying to E. M. MacDonald's suggestion that the right way to deal with Prince Edward Island would be to secure an amendment to the B. N. A. Act, Mr. Borden said that there were cases where legislation had been passed by this parliament subject to the ratification of the imperial parliament. With respect to Sir Wilfrid's suggestion that the committee consist of nine members, Mr. Borden said he saw no special reason why it was necessary to have a member from every province. In 1908 there were seven on the committee, but three of the seven were from Ontario and two from Quebec. He thought the smaller the committee the better, but he would be quite willing to confer with the leader of the opposition on the suggestion.

There is much more in the report of Messrs. Gutelius and Lynch-Staunton than appears on the surface. The real and ultimate object in view, according to a shrewd suspicion, which is now being whispered in parliamentary circles, may now be guessed from the above. The shadow of the C. P. R. is beginning to loom large over the whole "scandal" report. If the Grand Trunk Pacific does not take over the National Transcontinental in 1915 on the completion of the road there are two alternatives. The government itself might operate it as an extension of the L. C. R. to Winnipeg, or it might be picked up at a bargain by the C. N. R. on rental terms in connection with the proposition to lease the Intercolonial to the C. N. R. And finally, the grand ultimate object might then transpire. There are persistent and apparently well founded rumors that the C. P. R. has its eye on the whole C. N. R. system with a view to purchase perhaps a couple of years hence when the financial way has been properly paved. The grand coup may be pulled off by the C. P. R. taking over the C. N. R. with the National Transcontinental included at bargain rates two years hence. That would give the C. P. R. with the Grand Trunk as a lesser competitor, a virtual monopoly of the whole railway business of the nation with public ownership finally and effectually killed.

Just One Application And the Hairs Vanish (Helps to Beautify). Here is a very simple and effective way to banish objectionable hairs or fuzz: Mix into a stiff paste enough powdered delatone and water to cover the undesirable hairs, apply and after about 2 or 3 minutes remove the paste, wash the skin and every trace of hair will have vanished. This method is quite harmless and leaves the skin soft and spotless. Be sure, however, to get the delatone in an original package, otherwise it may not be of the desired strength and purity.

HARD COLDS. When they first come, the best time to break them up. One brand ready - Agar's Cherry Factor. Sold for 70 years. C. Agar, Ch. Ask Your Doctor.

USE THE WANT AD WAX

forced by the laying of a 16-inch main from Union street along Crown to Queen street; from Crown street along Queen to Prince William street; and along Prince William to the Market square and up Chipman hill to Union street. This would make a complete gridiron system for the whole section. Regarding the recommendation for a 36-inch supply line from the Marsh Bridge to Lake Latimer, the commissioner said the expense was too heavy at present and it did not seem immediately necessary.

THE SECRET OF GOOD DIGESTION

In perfect health, with regular and healthful action of the liver and kidneys, you need not know there is such a thing as digestion or indigestion. Unfortunately, however, modern life is artificial, and not many people avoid suffering more or less from troubles of this nature. The great secret lies in keeping the liver and kidneys in health and vigor, for then the food is passed quickly along the alimentary canal, the nutritive portion being assimilated in the blood stream and the poisoned waste materials are passed out of the body. When the liver and kidneys get wrong you will obtain relief most promptly and effectively by using Dr. Chase's Kidney-Liver Pills. If chronic indigestion is to be cured it must be by enlarging the action of these filtering and excretory organs. To persons who have thought only of the stomach as being the offending organ this may seem strange, but any competent physician will tell you this is correct.

RED-CROSS GIN

Protects the Huntsman and Prospector against colds caused by rainy days and chilly nights. An "Outfit" is not complete without a bottle or two of the famous Red Cross Gin. It stimulates, warms and fortifies the body against the damp and cold days of the bush. RED CROSS GIN is distilled from Canada's finest Western grain and Medicinal Juniper berries. It is absolutely pure. Each bottle bears the Official Stamp of the Government. Boivin, Wilson & Co., Limited, MONTREAL.

ELECTRICITY vs. MEDICINE

An Interesting Discussion of an Interesting Subject. This subject is one that is occupying a prominent place in the experiments of all progressive medical men. The success attained with electricity has even astonished some of its strongest advocates. Dr. Poore, writing upon the subject of electricity in one of his well known works, says: "No other single therapeutical agent is so generally useful or admits of so many and such varied applications—for some of which it stands alone and supreme." That opinion is shared by those who have made a close study of the subject. The wonderful success of electricity in cases where drugs have utterly failed has forced belief in the efficacy of the latter almost to the vanishing point. "Electricity is the medicine of the future," writes another authority. The following interesting article by Professor Edgar L. Larkins, discussing "The New Physiology," is illustrative of the trend of thought: "The trend of science is toward electricity on all sides. Discoveries made hour by hour point to one grand conclusion—the substratum of nature is electricity. Life, force, and mind are intimately related with it. All animals are merely electrical machines. A man, brain and body, is a battery over him is electric. The human system is an electro-chemical battery, and the life principle is electrical. The electric age is here. Drugs are hard hit on all sides, and an intelligent physician, tells me that he has almost entirely stopped their use. The word health now means an insufficiency of electricity in the body, and the word disease means an insufficiency of that power." That electricity is a powerful curative agent is a fact too well known to require further illustrative proofs. It is a positive cure for all Stomach Troubles, Rheumatism, Lumbago, Sciatica, Nervousness, Paralysis, Epilepsy, Kidney, Liver, Bladder, and Bowel complaints, and all forms of weakness. How many men and women are going through life mere pigmies of what they should be? They lack interest in everything—enjoy nothing. And why? Because they are weak, which means they lack electricity. Such persons can be made strong and robust, perfect specimens of health and vigor. The means is easy and simple. An electric current flowing in and their nerve centres at night, while they sleep, and in the morning there is a transformation. DR. McLAUGHLIN'S ELECTRIC BELT has cured thousands, and is certain in every case undertaken. W. Lancelles-Scott, Esq., one of the best-known scientific Electrical Experts in Great Britain, has this to say of it: "I have in the course of my experiments with the Body Battery, which have now extended over several weeks, tested its powers in various ways rather severely, and am bound to admit that the results have been eminently satisfactory throughout, and, indeed, greatly beyond my initial expectations." Dear Sir:—I now send you statement in regard to my Belt. It has done wonders for me since using it. The pains are all gone. I have gained weight, and eat and sleep well. I feel sure that in a short time I will be entirely cured. Wishing you continued success, I remain, with best wishes, EDWARD LAFLAIR, Klock, Ont. Dear Sir:—Just a few lines to let you know I received the Belt safely. I may say that I have felt a great deal better since wearing the same. I can sleep better and enjoy my food better. I think in another week or two I will feel like myself again. I think your Belt is a great boon and a God-send to anyone who is suffering or in ill-health. Wishing you every success, I remain, J. J. WARD, e. o. Mr. E. Baker, Box 23, Stayner, Ont.

Ladies' Spring Suits FOR 1914 Just Arrived. Don't buy last fall's suit when you can get a New Spring Suit for the same money. Spring will be here before you know it. For \$12 you can get a nice fine Serge Suit in all colors, with silk or satin lining, just as good as you get elsewhere for \$16.00. Our \$15 Oh, my! if you only see them you cannot help getting one if you are looking for a Suit at that price. Our \$20 and \$25 Suits Tell us you are trying to tell you about them: there's not enough paper in St. John to explain to you just how nice they are, and for the balance of this week we will give 10 Per Cent. Of these prices just to get you looking a little early.

WILCOX Charlotte St. Cor. Union

CALL TODAY. If you can't call send coupon for Free Book. M. L. McLAUGHLIN, 237 Yonge St., Toronto, Can. Dear Sir:—Please forward me one of your books as advertised. NAME ADDRESS OFFICE HOURS—9 a. m. to 6 p. m. Wednesday and Saturday until 9 p. m.

Pure Beer A builder of Health

The malted barley is a predigested food—hops a tonic of proven efficiency—the trifle of alcohol, only 4 1-2%, an aid to digestion. But be sure you get pure beer.

Get Schlitz in Brown Bottles

To insure absolute purity, we double the necessary cost of our brewing. Schlitz is brewed in the dark—cooled in filtered air—perfectly aged—every bottle Pasteurized.

Schlitz The Beer That Made Milwaukee Famous. Phone No. 623 John O'Regan 17 & 19 Mill Street St. John, N.B.
