A DAY, HOME
AND ABROAD

The Ring

Mike (Twin) Sullivan arrived in the city yesterday from Halifax and will remain here for several days. While in Halifax he engaged in several bouts. He expects to arrange a bout with Mike Gibson to take place in Moncton.

French Champion's Bout

New York, Nov. 21.—Charles Ledoux, French bantam-weight champion, outpointed Battling Reddy of Harlem, all through their ten-round bout last night. The Frenchman carried on a wild rushing fight, swinging blindly with left and right, and the local boxer spent most of his time covering or running away. The rounds were very much alike, except for the tenth, when the visitor for a moment had Reddy slightly groggy, but Reddy recovered and finished strong.

Went to a Draw

New York, Nov. 21.—Johnny Coulon, holder of the bantam-weight title, and Charlie Goldman, of New York, fought ten rounds to a draw at the Royal Athletic club, Brooklyn, last night. The little champion was aggressive throughout, pressing the fight close and getting in his short arm body blows.

The local fighter boxed at long range, equaling the champion's efforts.

Nova Scotian Knocked Out

Windsor, Ont., Nov. 21.—Jerry Dalton, of Jeffersonville, Ind., was conceded a slight advantage over "Chick" Flanagan, Indianapolis, after eight rounds of boxing last night. They met at 123 pounds. In the semi-final Jimmie Brown, of Chicago, knocked out George Latham, of Nova Scotia, in the fourth round.

Bouts in Halifax Tonight

Billy Parsons and Kid Burns, who will meet tonight in the Halifax Arena in a 12 round bout, are given a great chance to win a hard contest. Mickey McIntyre is handling Burns, and Danny Smith is training Parsons. There will be a draw at 123 pounds. The main bout, Manuel and Glog and Hunt and Jones (3) rounds each. The first bout will start at 8:30 sharp.

The Gloucester Gazette says:

Burns has been training under the eye of McIntyre, who has taught him some tricks that he expects to work successfully on Parsons. The "Kid" is in fine shape and expects to get a decision. Parsons, Halifax fans will see some class as he will be given, and Tom Smith, representing Wolcott.

Griffin to Referee

San Francisco, Cal., Nov. 20.—James Griffin, of this city, was chosen to referee the Thanksgiving Day fight here between Ad Wolcott and Willie Ritchie. The selection was made by Billy Nolan, representing Ritchie; James Cofforth, representing the club under the auspices of which the fight will be given; and Tom Smith, representing Wolcott.

News of the Boxers

The club has made an offer to Ledoux, a Frenchman, to be Coulon's opponent. Johnny Kilbane has signed to meet Monte Attell in Cleveland on Dec. 4.

Even if the local rink cannot possibly be secured the boys are not for that reason entirely shut out all chances for the sport, as they may be able to make arrangements with the proprietors of the Newcastle rink to secure the use of that building for New Brunswick league fixtures.

MONTREAL'S NEED OF MORE PARKS AND OF PLAYGROUNDS

RADICAL MOVEMENT IN FEDERATION OF LABOR DEFEATED

A report has been presented to the Montreal Board of Control dealing with the question of parks and playgrounds.

At their request, Miss Schoenfeld, secretary of the Play Ground Association of America, investigated conditions in Montreal and made a report to the board of control. Miss Schoenfeld points out that Montreal has only 827 acres of park area, of which thirty-nine acres are used in the present time as a dump. This gives the city 688 persons to one acre of park, which is the worst record of any city on the continent. She gives them 268 persons to the acre. Miss Schoenfeld says that 5 per cent of a city's area should be devoted to parks and playgrounds, but Montreal has but 2.8 per cent, and these are not well placed. Although the city has upwards of 70,000 school children, there are but four school playgrounds in the entire city. In part her recommendations follow:

"To meet the needs of the children who cannot be taken care of in their school yards, we must have public supervised playgrounds. The ideal to be aimed at is at least one playground in each ward, but playgrounds should be within a half-mile of the homes of the children.

"Why have supervisors? To safeguard the playground from any tendency to disorder; to develop a spirit of fairness, because it gives ideal children, new interests and games, and develops resilient men and women.

"What kind of man is wanted for supervision? A successful worker—a boy with man's experience, trained as a social worker, one who has developed devotion, a spirit of comradeship, a capacity for self-forgetfulness—in fact, one who has a boy's wholesome outlook on life.

CANCER CURABLE IN EARLY STAGES

Toronto, Nov. 20.—The real and only cure for cancer, as declared by Dr. Thomas Cullen, assistant professor of gynecology at Johns Hopkins Medical School in Baltimore, when interviewed today at the Queen's Hotel.

"Our message to the public, and particularly to the women of America, is to consult the family physician the moment any condition arises which might conceivably be a cancerous affection. It will then be possible to save a large proportion of lives."

MORNING LOCALS

In the series of lectures on royal residence Mrs. L. A. Curry gave a very interesting address in the Natural History Society rooms yesterday afternoon on the palace of Russia.

Charles Lindsay, aged 14, charged with breaking into summer cottages at Brown's Falls and Catton's Island and stealing a gun valued at \$20 was taken through St. John yesterday and lodged in jail at Hampton.

A conference between the city commissioners and the officials of the street railway company will be held on Friday to discuss the change in the plan for the extension to Kane's Corner. The company wishes to place the turnout along the northern side of Haysmarket Square.

Sees Great City

C. Hamilton Wicks, His Majesty's trade commissioner to Canada and Newfoundland, spent yesterday in St. John acquainting himself with local conditions. During the day he was shown around the city by W. E. Anderson, imperial trade correspondent. It is his object to get in touch with merchants who can handle British goods and to stimulate the sale of British goods in Canada, more particularly in the textile and clothing industries. He was much impressed with St. John and predicts that it will become one of the greatest cities in Canada and one of the best ports on the Atlantic coast.
