HAS PROOF POSITIVE, SAYS BURNS

Detective, in Montreal, Speaks of The Los Angeles Dynamiting Case

HAS BEEN THREATENED

Whether he is Put Out of the Way or Not, He Asserts, There is Unanswerable Evidence to Confront McNamara

(Canadian Press) Montreal, May 6.—That proof positive will be offered to show that J. J. McNamara, secretary of the Structural Iron Workers of America, directed the operations of the dynamiters who blew up the Los Angeles Times building and committed many other similar outrages, is the declaration of Detective William J. Burns, who accomplished the spectacular arrests of the men charged with the act which caused the loss of twenty-one lives. "We can prove McNamara's connection with numerous dynamiting outrages throughout the country, and we can also prove conclusively and certainly that J. McNamara directed these men in their criminal work and paid them for it. Whether or not these friends manage to put me out of the way, as they threaten to do, the evidence exists to confront them unanswerably at their trial," Burns declared last night. "When the trial is over," he said, "there will be no question in the public mind as to the rights of the case. This will be no repetition of the Idaho case, and it will be conducted in an orderly manner and the prisoners will be given every opportunity to prove their innocence, but the evidence against them is overwhelming." Mr. Burns refused to say whether or not there was any evidence pointing to men higher up in the structural iron workers being concerned, but said there was every indication that McNamara was working in the interests of that association.

HON. WM. PUGSLEY'S MESSAGE TO THE PEOPLE OF ST. JOHN

The Advantages New Brunswick Will Derive from Reciprocity—The Minister Points Out the Directions in Which This Province Will Gain From the Agreement—A Reference to Monday Night's Meeting

The following was received this morning from the Minister of Public Works, and will be read with keen interest throughout this city and province, in view of the reciprocity meetings about to be held here and in other places in New Brunswick: "I would have accompanied Mr. Guthrie and friends so as to be at the meeting on Monday evening, but my official duties absolutely prevent my leaving here at present. "I confidently rely on my fellow citizens giving the speakers a good reception. Reciprocity should be popular in St. John and throughout New Brunswick, which have so much to gain, and nothing to lose, by improved trade relations with our neighbors across the line. "While the negotiations were in progress I had many conferences with Messrs. Fielding and Paterson, and, in considering what would be of especial benefit to my province, I urged that we should secure free fish, the free admission of sawn lumber, the reduction of the duty on laths and shingles, the free admission of cattle, horses, lambs and poultry, also farm products, and the reduction of duty on building stone and lime, and the free admission of gypsum. "All these have been granted except as to lime on which the United States duty is at present less than the Canadian. "The making of sawn lumber free is of especial importance to New Brunswick, and St. John has an additional interest in this because the Payne-Admiral tariff of the Pike law is repealed, the repealing clause to go into effect next year when the privilege, which United States citizens have enjoyed for half a century, of manufacturing in St. John lumber from logs cut in Maine and sending it to the United States free of duty, will cease if reciprocity is not carried. "WILLIAM PUGSLEY."

RECALLS OF LIBERAL M. P.'S ARRIVE TO DISCUSS RECIPROCITY

Hugh Guthrie Talks to Times About Commercial Agreement—Government Would Win Election on It By Large Majority—The Meeting

Hugh Guthrie, M. P. for South Wallace, Ont., Dr. Michael Clark, M. P. for Red Deer, Alberta; Dr. D. B. Neely, M. P. for Humboldt, Sask.; Dr. D. H. McLaughlin, M. P. for Carleton place, and Dr. D. H. McLaughlin, M. P. for Kings county, were passengers on the incoming Montreal train today. They will hold a series of public meetings in the province to discuss the reciprocity agreement. Dr. Clark and Dr. Neely went to Fredericton, where they will speak this evening at the Opera house, and Mr. Guthrie and Dr. McLaughlin went to Sussex, where they will be speakers at a meeting to be held there this evening. On Monday the visitors will come to St. John, and in the evening will address a public meeting in the St. Andrew's rink. It is proposed to give them a trip on the harbor on Monday after the arrival of the train from Fredericton at 8.30. A number of prominent citizens will accompany the visitors and they will be shown the points of interest on the west side and the proposed improvements at that place. Mr. Guthrie said that everywhere he had been found a very strong sentiment in favor of reciprocity. In the rural districts there was a particularly strong feeling. In the section of Ontario west of Toronto, the farmers were all for reciprocity, and he felt confident that if an appeal was made to the people at once that the government would be returned by a very large majority. In the manufacturing districts the many oppositionists touching on the export of beef from Ontario points, because that reciprocity would mean that there would be much more cattle raising and therefore a large increase in the shipments through the port of St. John. In reply to an enquiry it may be stated that ladies will be welcomed at Monday evening's meeting at St. Andrew's rink. Fredericton, N. B., May 6.—(Special)—Dr. Michael Clark and Dr. D. B. Neely, M. P.'s, arrived here at noon and will discuss reciprocity at a mass meeting in the opera house this evening. They were met at Fredericton Junction by a delegation from the Fredericton Liberal Association, composed of C. Fred Chestnut, Walter Limerick, J. H. Hawthorn, W. J. Osborne, and D. C. Burpee. Upon arrival here the visitors boarded A. E. Massey's auto and were driven to the Queen's Hotel.

THE TIMES' NEW REPORTER

Another Great Victory. Ottawa, May 6.—(Very Special)—The Laurier government is besting again. The West, shared the honors with these veterans, while Private Foster and Powell of Tantram did yeoman service in pursuit of the foe. It was really not a fight, but a rout. The Laurier forces never had the least chance. They were out-generalled from the moment they formed his line of battle. At the moment when it seemed that Sir Wilfrid might make some show of rallying, his demoralized troops, Sir Gen. Hazen with great presence of mind hurled Major General's McGee and Rogers against his centre, and the impact was so terrible that the foe were seized with panic and fled in all directions. All their baggage and equipment fell into the hands of the victors. At 1 a. m. Gen. Borden was making out his list of heroes as he presented to His Majesty through Earl Grey for special recognition. The country is safe. The period of boogymen and terrorism from which this Canada of ours has suffered has been terminated amid the clamorous rejoicings of an enthusiastic populace. Laurier is believed to have fled to Washington or London.

(Canadian Press)

Kansas City, Mo., May 6.—With a hard right swing to the jaw, Jim Flynn of Pueblo, Colo., knocked out Al Kaufman of San Francisco, in the tenth round of their fight here last night, thus setting another "white man's hope" at naught. Flynn floored the California giant eight times, and three times Kaufman took the count of nine. The knockout came a minute before the scheduled time for the end of the fight. Kaufman was a pitiable sight. His left eye was closed in the third and at the end was bleeding, and the crimson streamed from his mouth, while his face was a mass of bruises. Flynn's face was swollen, but otherwise he appeared unhurt. Chicago, May 6.—Johnny Coulton of Chicago, former champion, and Harry Forbes, former champion, last night were matched to box ten rounds before a Toronto Club on May 10. They must not shrink from any sort of political pressure. A resolution that the premier facilitate the enactment of the bill at the current session was carried with acclamation. New York, May 6.—Unable to marry the woman he loved because he had wealth, Duncan J. MacRae, an architect, determined 50 years ago to devote his life to making money. He accumulated a fortune, but the loneliness that came in later years could not be dispelled even by the thought of the girl he worshipped. He was found dead this week in his dirty little room at 23 Dominick street. A rubber tube leading from his neck to a gas pipe, had been fastened to his mouth, and the police discovered a trunk full of old letters. One was from Herbert L. Satterlee, lawyer, of New York, who had written MacRae a letter of advice to get a wife. MacRae had a balance of \$112,388 at his office. MacRae had left no note. QUEEN MARY SEEKS TO SAVE GIRLS FROM CORONATION STRESS

London, May 6.—A deputation from various women's societies waited on Mr. Massey, under secretary for the home department, to lodge a protest against dress-makers being allowed to keep their customers for longer hours each day during May and June in view of the extra work for the coronation. It is known that Queen Mary has already requested at least one London firm to invite their customers to order their dresses early. Her desire is that the girls should not be employed overtime for the coronation. Her Majesty's kind thoughts for the girls might well be emulated by other women. It would be regrettable if a time of national rejoicing should entail the overworking of thousands of people. Furthermore, the little forethought on the part of employers would prevent this being done to any very great extent. The ladies who spoke for the deputation made a great point of the example of her majesty, and Mr. Massey was strongly impressed by what was said. He promised to go into the matter fully, and pointed out that the order had been issued to prevent pedestrians from being struck by falling lumber. It is said that an agreement will soon be reached between the C. P. R. and the proprietor of the pool room in one of the buildings who has a lease of the place for five years. The new sitting at the rear of the properties will likely be completed about the first of the week.
