The real reason for the Washington's plight may never be learned. of the most cordial character and struck her and carried away a por-

production will be vastly increased the waves. Great seas battered her, with the big improvements now under shaking her from end to end. Before wind and waves, she slowly drifted to the north, barely missing the rocks off Cape Disappointment, and finally drifted 'toward "Deadman's Hole," dropping anchor. Over the ship the T. Richeson will be placed on trial combers swept beating her and shaking her from the time she struck Saturday night until she was pulled off

yesterday. At two o'clock yesterday the sturdy Tatoosh, which had been striving desperately to save the lives of fortyeight members of the Washington's crew and passengers, prepared for the last heroic attempts. Captain George Winkel, of the Washington, knew it to be the last stand. He gave out word to the crew that the last hope was either to be blighted or realized, Struggling with the pounding seas, the little tug drove nearer and nearer.

When their chance came they dodged close to the breakers, slung under the Washington's side, flung her a line and edged out to sea again. The work of sending her a hawser and pulling her off was then comparatively easy.

"No one but the men on board the

Two women are among the heroes of the wreck. One is a little old German woman, Mrs. Mary Fullmer, of Lents, Ore., sixty-nine years old. Many and many a time during the hours when it emed as if every minute would bring death, she cheered on the workers and cept up the hopes of the crew and

"I was not afraid," said Mrs. Full-"I knew the great Redeemen would take care of us-and He did. He always does.' The other heroine is Mrs. B. F. Pangle, Yakima-Valley. She was with

her husband and never flinched when death stared them in the face. The only life lost as a result of the wreck was the ship's cat, which was
