

ON TRAIL OF DECKER'S SLAYER

HANEY BELIEVED TO BE IN LOS ANGELES

Number of Detectives Are Searching City for Murderer.

Los Angeles, Cal., Aug. 5.—According to the police, Wm. Haney, for whom the British Columbia authorities have been searching and for whom a reward of \$4,000 is offered, is in this city.

Haney is wanted for murder and an attempt at train robbery. While trying to escape after an unsuccessful attempt to hold up a C. P. R. train, Haney shot Constable Decker and got away. The British Columbia authorities offered \$2,500 and the C. P. R. \$1,000 for his apprehension.

Chief Dishman has detailed several detectives to search for Haney, but he has not yet been found, although the chief's informant is positive that the man is in Los Angeles.

PUBLIC EXECUTION IN FRENCH CAPITAL

Butcher Convicted of Murdering Mother Guillotined Outside Walls of Prison.

Paris, Aug. 5.—The first execution seen in Paris for 15 years occurred this morning at 4:30 o'clock, the victim being a butcher named Duchemin, who in 1908 stabbed his mother and then strangled her to death.

The execution took place in the boulevard fronting the Sante prison, and although no previous announcement had been made, immense crowds gathered at the scene and were only kept back from the guillotine by heavy lines of police.

Sentiment in Paris has long been opposed to public executions for in the past they were accompanied by scandalous scenes of revelry. Despite this sentiment parliament refused to abolish the death penalty in France, and in view of the revolting crime of the man executed this morning, President Falier refused to commute his sentence to life imprisonment.

The crowds were unable to get within two blocks of the guillotine, which was erected beneath the trees beside the prison wall. The only spectators of the execution were a number of officers and a large delegation of journalists. There was no disorder and the crowds dispersed immediately after the execution was over.

LOSES REASON WHILE LOST ON DESERT

English Girl Found Violently Insane and is Removed to Asylum.

Reno, Nev., Aug. 5.—Following a terrible experience on the desert which drove her mad, Miss Helen Rose, a cultured English girl, is to-day receiving treatment at the insane asylum here. The physicians have hopes for her recovery.

Miss Rose was visiting her brother, a miner at Luning. Three weeks ago she rode into the desert. Her brother searched for a week continuously before he found her, violently insane, without food or water. He took her into Tonopah, where she was adjudged insane, and she was removed to the asylum last night.

Miss Rose is an accomplished musician. She speaks three languages fluently.

ENDS HIS LIFE.

Seattle, Aug. 5.—Leaving a note addressed to Coroner Snyder, directing him to take the body to an undertaking establishment for disposal, L. A. Larimore, a commission man, shot himself through the left breast early this morning in a room in the Georgian hotel and died instantly.

It developed later to-day that Larimore was a member of a wealthy St. Louis family, and it is thought that the death of his wife more than a year ago, and not financial difficulties, as at first supposed, caused him to take his life.

Several times of late Larimore had called on Gilbert W. Butterworth of the undertaking firm of Butterworth Bros., and said that he should die here. He had been advised to go to St. Louis to lie beside that of his wife who was interred in Belfontaine cemetery, in that city. Larimore is survived by two daughters, Leontine, aged 12, who lives with her grandmother in this city, and Betty, who is with a sister-in-law in Washington, D. C.

MINER KILLED.

Stanley, N. S., Aug. 5.—A miner named O'Donnell was run over by a car on the bankhead at No. 2 yesterday and died while on the way to the hospital.

EMPLOYERS AND STRIKERS FIRM

SITUATION IN SWEDEN BECOMING SERIOUS

Both Sides Are Opposed to Any Intervention by the Government.

Stockholm, Aug. 5.—A committee representing the Swedish Employers' Association and the Allied Trades Union to-day notified the labor ministry that they do not want the government to attempt to bring about a settlement of their differences.

Both sides in the great strike declare that the questions involved must be settled between themselves, because a permanent basis of peace cannot be reached in any other way.

In a statement issued to-day the Employers' Association declared that the chief complaint against the unions was the "persistent violation of agreements."

With the street car employees and cabmen out, the public is suffering much inconvenience, and the supply of foodstuffs is becoming diminished under the effect of the general strike order. The situation is becoming constantly more acute.

The union leaders to-day declare that the employers conspired to effect a gradual reduction of wages for every class of labor.

All members of the Sailors' Union quit work to-day, and it is expected that all shipping will be tied up to-morrow. It was decided this afternoon at labor headquarters to call out all steam railroad employees and all printers.

It is deemed certain that the printers will obey the order, in which case all the newspapers will have to suspend publication.

MURDERS AND SUICIDES.

Increase in Number of Cases at Chicago Attributed to Heat Wave.

Chicago, Aug. 5.—The increase in murders and suicides during the summer months is due in large measure to heat waves, according to the report of Coroner Hoffman for July. His report shows that 37 suicides and 12 murders occurred during the month. Twenty-four murders and 47 suicides were reported in June.

DESTROYER DAMAGED BY STRIKING REEF

The Paul Jones, Bound for Sitka, is Being Repaired at Skagway.

Skagway, Alaska, Aug. 5.—The torpedo boat destroyer Paul Jones, in command of Lieut. M. S. Davis, is in the harbor to-day undergoing temporary repairs as a consequence of coming in contact with a hidden reef on Tuesday morning in Peril straits, near Sitka, by being forced out of her course by the rip tides.

The little vessel, plowing along at nearly full speed, ran high out of the water when she struck the reef and nearly turned turtle. Several of the men who were asleep in their hammocks were thrown out with great force and were badly bruised. Two holes were punched in the starboard bow of the destroyer, and the propeller shaft was badly bent. She was carried off by the rising tide and managed to reach Skagway several hours after the rest of the fleet. Collision mats and pumps kept the Paul Jones afloat.

The company operating the destroyers Paul Jones, Trusty, Whipple and Hill, the Paul Jones left Seattle on July 25th for an extended cruise in Southeastern Alaska waters. Sitka is the objective point of the vessels.

RUSSIAN IMMIGRANTS FOR HAWAIIAN ISLANDS.

They Will Be Employed as Laborers on Sugar Plantations.

CLIMB MOUNT RAINIER IN RECORD TIME

Athletes Make Ascent and Return Trip From Gibraltar in Three Hours.

Seattle, Wash., Aug. 5.—Strengthened by three times of training for football, rowing and track athletics, Richard W. Hunton, Max Harrison, Quincy P. Emery and George Sandier, four former school and college athletes, have made a mark which will be all record in an ascent of Mount Rainier. The young men made the ascent and return trip from the foot of Gibraltar to the summit, in three hours flat. The distance from Camp Muir to Reese Camp was made in 55 minutes. A great part of the distance the young men descending at high speed, despite dangerous crags and ice and snow. The starting place at the foot of Gibraltar is 12,000 feet above sea level, and the lightness of the air made the test of strength and endurance all the greater.

The record made by the college men yesterday has never been equalled, according to Jules Stampfer, a Mount Rainier guide, who has made the ascent sixty times.

ALD. TURNER'S VAIN SEARCH FOR STREETS.

NEWS NOTE.—The civic committee, consisting of Ald. Turner, McKeown and Stewart, reported against application to grade Asquith, Cecil, Forbes and Victor streets.

CARMEN VOTE ON STRIKE QUESTION

RESULT WILL BE KNOWN AT CHICAGO TO-MORROW

Officials of Company Still Hope to Reach Agreement with Employees.

Chicago, Aug. 5.—Heavy voting by the employees of the surface street car lines of this city to-day led to the belief on the part of some labor leaders that those favoring a strike will win. The question under consideration is whether the executive committee shall be empowered to call a strike. A result of the election in favor of a strike does not mean that the executive committee must call the strike.

The voting will close at 6 o'clock to-morrow morning, and an announcement of the result is expected to be made about noon on Friday. Over 10,000 votes are to be cast, that many being involved in the movement.

The police are preparing for an emergency in case the strike is called, as disorders probably will follow. Many special officers and deputies are being put on duty.

Officials of the companies to-day are endeavoring to bring about a compromise with the men and there is some hope that an agreement may be reached before the voting is finished.

Further investigation into the methods employed by Warmington have suggested the theory that the man may have emulated the Chicago mortgage forger, and the authorities appear to be convinced that he had read of Van Vilsengen's exploits.

Warmington was arrested on Monday for the alleged forgery of stamps and forms used in the office of Recorder Logan of this county. He admitted his guilt and later confessed to half a dozen similar irregularities. He is held under \$30,000 bonds, while W. C. Carpenter, of Burbank, Cal., alleged to have been an accomplice, is held under bonds of half that amount. The county authorities to-day are investigating a score of alleged mortgage forgeries that they believe may be traced to Warmington's activities.

WOMAN ARRESTED ON CHARGE OF FRAUD

Accused of Obtaining Money From Seattle Electric Railway by False Pretences.

Seattle, Wash., Aug. 5.—Backed by Governor Frear, A. W. Perlestrous probably will sail for the Orient on August 12th to procure Russian immigrants for Hawaii.

For some time negotiations between the board of immigration and Perlestrous have been under way with the view of bringing Russian families to the island to settle. The first lot will comprise six families, and if they prove adaptable to local conditions arrangements probably will be made for immigration on a larger scale.

The Russians will be employed as plantation laborers and if satisfactory the employers have intentions of replacing their Japanese laborers by white men.

THE VOICE OF THE WEST.

No single article of the series on "Canada of the Future" has been filled with more virile prophecy than that of Hon. R. P. Roblin on "Manitoba in 1950," in the current issue (dated Aug. 7th) of Collier's. He asserts that fifty years from to-day will find a population of one million people in the city of Winnipeg, surrounded and supported by at least five million people, which will make Manitoba, with its seaport towns, positively the most important member of the sisterhood of the federation.

EXTENSIVE REAL ESTATE FRAUDS

DEALER CONFESSIONS HE FORGED MORTGAGES

Los Angeles Man is Held Under \$20,000 Bonds—Police Are Investigating.

Toronto, Aug. 5.—Sir Charles Rivers Wilson, president of the Grand Trunk railway, passed through Toronto on his recent tour to inspect the Grand Pacific.

President Hays, of the G. T. P., said: "Tenders will be called for the construction of the second division from the coast, the 15th inst. The coast section reaching from Prince Rupert to Copper River, will be completed this year." He said he does not think they will be able to cut down the time allowed for the completion of the road.

They have up to September 1911, and do not think the road will be finished before that time. Some difficulty has been experienced in getting Columbia to secure laborers, and although there was still anything but a surfeit of labor the supply had greatly improved during the last year.

WOMAN ARRESTED ON CHARGE OF FRAUD

Secures Outlet to Ocean—Plans for Harbor Improvements Under Way.

Los Angeles will Annex Wilmington

Secures Outlet to Ocean—Plans for Harbor Improvements Under Way.

Los Angeles, Aug. 5.—By a vote of approximately two to one in Wilmington and by a majority of more than 13,000 in this city, the consolidation of Los Angeles and the seaside city was assured at the polls yesterday.

A similar election, for the purpose of joining San Pedro with Greater Los Angeles is called for August 12th. Consolidation enthusiasts here apparently are certain that this election will result as did yesterday's, giving this city the harbor that has been the object of its business interests for many years.

The territory annexed gives Los Angeles an outlet to the ocean at Wilmington, with which it is connected by a strip less than a mile wide and about 19 miles long. Plans for extensive harbor improvements already are under way.

MONUMENT TO ZEPPELIN.

Frankfort-on-Main, Germany, Aug. 5.—A monument to Count Zeppelin was unveiled yesterday near Oppenheim, to mark the spot where Count Zeppelin landed in his airship August 4th, 1908, during his flight from Lake Constance to Mayence. The monument was erected by the state of Hesse.

ROBBER AND PURSUER SLAIN

FATAL DEED FOLLOWS BANK ROBBERY

Three Other Men Are Wounded, and One May Succumb to Injuries.

St. Paul, Minn., Aug. 5.—After holding a posse at bay for three hours, killing one man, fatally wounding one and seriously injuring two others, Henry Paul, who robbed the First National Bank at White Bear this morning, was shot and killed by the officers.

Ed. Larsen, a member of the posse, was approaching the robber when a bullet killed him almost instantly. Wm. Butler, who was with Larsen, also was shot down, and it is not believed that he can recover.

The battle between the robber and the posse was one of the most thrilling on record. Paul entered the bank this morning and succeeded in getting \$800 from the safe. The robbery was quickly discovered and a posse set out in pursuit of him.

The officers and citizens followed the robber to the shore of White Bear lake, where he was surrounded. He returned to the rear of the house. The shooting was continued for some time, the robber having supplied himself with a large quantity of ammunition. Every time a member of the posse came within range he fired. The posse had difficulty in locating him, and it was not until Larsen had been killed and Butler fatally wounded that they were able to come upon him with certainty.

Paul evidently had made up his mind not to be taken alive, and it was clear to the leaders of the posse that he would fight to the death. After his position was discovered a volley fired from half a dozen guns ended his resistance, and when found he was dead.

Paul entered the bank under the pretense of presenting a check for payment. After he got into the bank he drew two revolvers and covered the cashier. Holding the employees of the bank at gunpoint, he took the \$800 from the safe and made his escape. He had a horse nearby and got away quickly, but the posse started after him within a few minutes.

SIX INJURED WHEN AUTOS COLLIDE

One of Chauffeurs Admits he Was Driving on Wrong Side of Road.

Portland, Ore., Aug. 5.—Six persons injured, two of them probably fatally hurt, are in local hospitals to-day following a head-on automobile collision shortly after midnight on the Baseline road near the Twelve-Mile house, this city. The injured include Brady, chauffeur; Fletcher, cook; internal injuries; Fred T. Merrill, proprietor of Twelve-Mile house; concussion of the brain, internal injuries; M. McGuire, son of the proprietor of the Bakerton theatre, cut and bruised; Mr. and Mrs. Haley, Portland, sprained ankles; T. Bilyou, automobile manufacturer, cut by glass.

Several occupants of the machine were thrown through the air when the collision occurred, but they escaped injury. The machines were going at top speed when the accident occurred. One driven by W. M. Tyler, contained the Hays, two women and two men. The other car was occupied by Brady, Merrill, Bilyou and McGuire.

The machines were bent and splintered by the impact of their meeting, but it was said to-day that they may be repaired and made serviceable. It is said that the chauffeur of the car occupied by the Haleses afterward admitted that he was to blame for the accident for driving on the wrong side of the road.

MAY SUTTON BREAKS OFF ENGAGEMENT

Says She Will Not Marry Son of Wealthy Mexican Banker

Pasadena, Cal., Aug. 5.—May Sutton, premier woman tennis player of the world, to-day confirmed the report that her engagement to Harry B. Ham, son of George Ham, a wealthy banker of Mexico, had been declared off.

Miss Sutton appeared unwilling to discuss the details leading up to the breaking of her engagement. She stated that the plans for her marriage with Mr. Ham, which was to have taken place late this fall, had been stopped by mutual agreement, reached by correspondence between her and her former fiance in Mexico.

"We agreed to discontinue our engagement," said Miss Sutton to-day, "after we had discussed matters thoroughly by letter. I have no further comment to make, other than to confirm the report that the engagement is at an end
