

Who are the Directors of The Nova Scotia Steel and Coal Company?
Quite naturally and properly this question should be asked by any careful investor who contemplates purchasing a block of the

6 p. c. Perpetual Debenture Stock of that Company, now being offered at 98 and Accrued Interest

Even an industry with the brightest prospects may be ruined if not under the most careful, efficient and experienced management. The management is the most important feature regarding any concern. In this respect the Nova Scotia Steel and Coal Company is singularly fortunate.

Mr. Thomas Cantley, second vice-president and General Manager, entered the service of the Company in 1897 as sales agent. He was appointed commercial manager in 1900, and general manager a year later, becoming second vice-president in 1902. Thus progress has been attained since he assumed his management.

W. H. HERRIS, Esq.,
Mfr. for Nova Scotia,
The Fidelity and Casualty Co.

Dear Sir:

I received the Company's cheque, through you to-day, in the amount of \$8.25 for my stolen clothes. As the claim papers only went in on the 15th inst., I was completely surprised by the promptness with which it was settled, and I feel that personally I am under a obligation to you for your activity in the matter. Certainly no other company could have been so prompt, and it is desirable that any other agent would have reported matters as quickly as you.

I shall have much pleasure in recommending your excellent Company to my friends.

Yours very sincerely,

It is False Economy

For any man to "tighten his belt" in the matter of fire insurance, there is no more symmetrical shown for a man when he needs with loss by fire or lightning, if he has been so negligent as to go unprotected. The cost of fire insurance is low, being non-interest in the Maritime Provinces, the terms and conditions of the ACADIA FIRE are very liberal. If you are unprotected, don't delay—10 more years may get in touch with us. For over half a century we have provided sound protection—we have built all homes, losses with promptness and in full without cash discounts—we have built up strong theories, and are held as a surplus for the protection of all policies issued, over half a century's experience.

Let the "Acadia" carry your risk.

BOYS' SPRING CLOTHING.

The day of "hand-me-downs" is past. The young chaps of to-day must have their own new clothes.

This change has not come in a year's time, nor in five years. It has taken constant effort on the part of the better kind of clothing stores to educate the parent up to the point of spending a fair amount of money for their Boys' Clothing.

SILVER'S Boys' Clothing department from the first has maintained the highest standards, and as a result, our Clothing is not surpassed in the matter of quality, fair price and diversity of style by any store anywhere.

Parents are cordially invited to inspect our showing for Spring and Summer.

W. & C. SILVER, Boys' Clothing Department.

The Young Man's Suit.

We have Clothes for young men who want snappy styles; "Live Wires" that show style, fabric and tailoring.

The young man who knows can find his suit "affinity" here.

Then we have priced everything as low as quality will allow.

SUITS,
\$12.00, \$15.00, \$18.00,
\$20.00, \$22.00.

Come in for a look—you will not find a "has been" in our entire line.

Clever styling, perfect fit and workmanship, combined with quality of material, make these Suits exceptional value at
