I. C. R. ACCIDENT. -On Wednesday and is 29 feet keel, 11 feet beam and 4 ft. night of last week a special I. C. R. train

opened for divine service on Sunday next—service to be at three o'clock p. m.

Several elergymen will take part in the sorvice which will, no doubt, be very in teresting. A silver collection to aid in meating the expense of improvements, will a solution of the baggage, bounded meating the expense of improvements, will a solution of the baggage, bounded meating the expense of improvements, will a solution of the baggage, bounded meating the expense of improvements, will a solution of the baggage, bounded meating the expense of improvements, will a solution of the baggage, bounded meating the expense of improvements, will a solution of the baggage, bounded meating the expense of improvements, will a solution of the baggage. meeting the expense of improvements, will car, and striking the baggage, bounded through the roof, in which two holes were Newcastle, April 9th, 1884. punched. Mr. Norman Freeze, who was

in the car at the time had a very narrow Bathurst School Examinations.

re is no need of importing wag ture that they were written or inspired by Fredericton. Mr. W. Sivewright, who ture that they were written or inspired by the same person. We have fully shared the amusement of the local public, generally, over the "mixing up" of the correspondence and the explanations given by the different parties interested. The manuscript of both the unsavory epistles was in the same hand-writing and, like the "Pinafore" babies, got "mixed." That's one story; another is that it was the editor.

There is no need of importing wag gons when they are so well made at home.

Innovation.—The existence of a mammoth costton factory in the beautiful willage of Marysville has very materially behanged its rural appearance, and the explanations given by the different parties interested. The manuscript of both the unsavory epistles was in the same hand-writing and, like the "Pinafore" babies, got "mixed." That's one story; another is that it was the editor.

The federicton. Mr. W. Sivewright, who condended the teacher on the teacher on the presentation compliment to the ability, wis. down, and personal kindness of Sir John Macdonald, whose leadership he had all ways followed with pleasure and confidence. He referred with pleasure to the unwavering fidelity which had always been confided in him by Cumberland, which had for twenty-nine years honored to the exercises, in making the presentation compliment to the ability, wis. dom, and personal kindness of Sir John Macdonald, whose leadership he had always followed with pleasure and confidence. He referred with pleasure to the unwavering fidelity which had always been confided in him by Cumberland, which had for twenty-nine years honored to the exercises, in making the presentation compliment to the ability, wis. do the evening made a very happy speech. He paid a compliment to the ability, wis. do the evening made a very happy speech. He paid a compliment to the ability, wis. do the evening made a very happy speech. He paid a compliment to the ability, wis. do the evening made a very happy speech. He paid a compliment to the ability, wis and in virtue of his sonship dr sailing vessels at the banks. A large woodboat has arrived with a portion of the machinery for the cotton factory, and

"Pinafore" babies, got "mixed." That's one story; another is that it was the editor who was "mixed" when he edited the pages; the machinery for the cotton factory, and the machinery for the cotton factory factor is that it was the editor who was "mixed" when he edited the pages; the machinery for the cotton factory factor is that it was the editor who was "mixed" when he edited the pages; the machinery factor is that it was the editor who was "mixed" when he edited the pages; the machinery factor is that it was the editor who was "mixed" when he edited the pages; the machinery factor is that it was the editor who was "mixed" when he edited the pages; the machinery factor is the mac the machinery for the cotton factory, and in a few months Marysville will be one of the liveliest centres in the Maritime Provinces. The draw in the bridge at the mouth of the Nashwaak is now in excellent working order and vessels can pass through with very little trouble.—*P'ton Reporter.

Disappointme:
