TRAGEDIES.

BANGOR, Me., Sept. 29.—On Saturday night Pietro Palo Domenico, a helper to the engineer of a coal shovel on the Maine Central, was caught in the jaws of the shovel and crushed to death. Coroner Finnegan decided that no inquest was necessary. Domenico was 20 years old and is survived by his parents and several brothers and sisters in Italy.

BANGOR, Me., Sept. 29.—On Sunday afternoon Thomas Merriman, of Portland, an American express messenger on the line between Bangor and Boston, was found dead at the entrance belonging to John Doyle in Glenburn. He had been partridge shooting. His shot gun, with one barrel empty, was found near the body, and it is believed that as he was climbing the fence separating the pasture from the main road, the weapon was accidentally discharged. Coroner Finnegan, of Bangor, who investigated, stated that there was no suggestion of foul play.

NORFOLK, Sept. 29.—Mrs. H. G. Munson, and Mrs. Henry Holmes, both of Springfield, Mass., here to attend the Millennial Dawn Track Society Convention, were killed tonight on Main street by a Norfolk and Western shifting train. The police had to interfere to prevent Mr. Holmes jumping into the dock.

BOSTON, Sept. 29.—The body of a man hanging from a beam by a rope in the ruins of a storage shed at the New England Rope Co., 185 A Street, South Boston, was found today by a watchman. The body was later identified as that of Edward Carroll, of 4 Loring street, South Boston, and suicide was ascribed to dependency over being out of work.

ATLANTA, Ga., Sept. 29.—Four persons were killed early today in a collision between a freight train and a work train on the Seaboard Air Line R. R., near Alamog, Ga. The dead were—

Engineer Charles Hix, the negro fireman and negro brakeman, and unknown white man, supposed to be a tramp.

The wreck was caused by a washout. SEBASTOPOL, Sept. 29.—Three terrorists, disguised as officers, penetrated the barracks here on Saturday in a daring attempt to provoke a mutiny among the troops. The rule was discovered, they fired upon the officers, mortally wounding Captain Novikoff and severely injuring another officer named Potofoff, and escaped in the confusion that followed.

STRUCK IT AT LAST.

It was by the papers that your friend Lavinia is meeting with the greatest success as a writer of a series of articles, "How to Get On in Life."

"Yes, and I'm glad of it. The poor fellow has failed in everything else he ever tried."

DIFFERENT BACKBONES.

(Clippings.)

A boy in the physiology class of a school in South Boston gave the following definition of the difference between the backbone of a man and the backbone of a cat.

"A man's backbone runs up and down while the backbone of a cat runs sideways. A cat is liable to spit and throw up her backbone."

Another boy said of the spine: "The spine is a long bone reaching from the skull to the heels. It has a hinge in the middle so that you can sit down otherwise you would have to sit standing."

To cure headache in ten minutes use Kumfort Headache Powders, 10 cents.

NEWCASTLE.

NEWCASTLE, Sept. 28.—The United Baptists had a very pleasant quarterly meeting at Lupton this week. Mrs. H. A. Brown organized a women's missionary society with the following officers: Pres., Mrs. Wm. Lezer, V. P., Mrs. Elizabeth Somers; secretary, Mrs. Ernest Lezer; treasurer, Miss E. J. Travis.

Mrs. Geo. Boyle, who has been visiting her mother, Mrs. E. Holman, has returned to Grand Marais, Michigan. Miss Annie Boyle went with her.

PROVIDENCE SCHONER

LOST TWO OF HER CREW

PROVIDENCE, Mass., Sept. 28.—The Providence sch. Annie M. Peary, Capt. Joseph C. Abrial, arrived today from the fishing grounds, reporting the loss of two of her crew. During a heavy gale early this morning, when about fifty miles off Hatteras, the sea boarded the vessel, sweeping the two men from the deck while setting a tri-sail.

A dory was launched and every effort was made to rescue the men, but both drowned before they could be reached.

Both were Portuguese and names are unknown. They have been engaged in fishing from this port about a year. One of them was married, the other being a single man.

BASS ARE REAL CUTE.

It is related for a fact that the reason bass jump—and it is common practice of the fish—because they wish to acquire grace and strength in testing their ability against that of the fisherman.

Several men who say they know what they are talking about, point out that bass do most of their jumping during the spring and are especially active just before the open season begins.

At this time they may be seen doing long distance jumps, somersaults and side stepping.

One bass expert goes so far as to say that he spent an entire afternoon watching a three pound bass dragging a long willow sapling through the water and acting as if it were caught on a hook.

Leaping into the air it would turn in a half circle as if to disgorge the ward in an endeavor to snap the barb, and then it would swim back-branch.

This fisherman asserts that what bass jump to do during the summer is merely to keep in practice and not get stale.
