ALEX. GILMORE.

THE GREATEST Medical Discovery, OF THE AGE.

Dr. KENNEDY, of Roxbury, has discovered in one of our common pasture-weeds a remedy that cures

EVERY KIND OF HUMOR

from the worst scurfia down to a common pimple. He has tried it in over eleven hundred cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.
One to three bottles will cure the worst kind of pimples on the face.
Two or three bottles will clear the system of biles.
Two bottles are warranted to cure the worst canker in the mouth and stomach.
Three to five bottles are warranted to cure the worst case of erysipelas.
One to two bottles are warranted to cure all humor in the eyes.
Two bottles are warranted to cure running of the ears and blotches among the hair.
Four to six bottles are warranted to cure corrupt and running ulcers.
One bottle will cure scaly eruptions on the skin.
Two or three bottles are warranted to cure the worst case of ringworm.
Two or three bottles are warranted to cure the most severe case of rheumatism.
Three or four bottles are warranted to cure the salt rheum.
Five to eight bottles are warranted to cure the worst case of scurfia.

A benefit is always experienced from the first bottle and a perfect cure is warranted when the above quantity is taken.
Reader, I have peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I have never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear to me surprising: first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 184—second, that it should cure all kinds of humor and great popularity of the discovery, I will state that in April, 1853, I peddled it, and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day off.

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy it will prove effeal in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of dropsy, all of them aged people cured by it. For the various diseases of the liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in diseases of the Kidney, &c. the discovery has done more good than any medicine ever known.

No change of Diet ever necessary. Eat the best you can get, and enough of it.
DIRECTIONS FOR USE.—Adults one table spoonful per day—Children over ten years dessert spoonful—Children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

LIFE ASSOCIATION OF SCOTLAND. NINETEENTH REPORT.

THE Nineteenth Annual Meeting of the Association was held within the Head Office, on the 3d August, current, in terms of the Charter and Act of Parliament—Sir JAMES FORBES, BART., of Comiston, in the Chair.

There were submitted to the Meeting the Annual Report by the Directors on the Progress of the business; the Report of the Auditor, Mr. W. Wood, Accountant; and the Balance sheet, of the Accounts, certified in terms of the Act of Parliament; with other statements of the affairs, as at 5th April last, the date of balance.

Notwithstanding the general depression of commercial affairs, the progress of the Association during the past year has been greater than in any other year, with only one exception.

The applications for new Life Assurances during the year were 1247 for £665,483

Of which the Directors accepted 1007 for 550,241

The Annual premiums being 18,811

Annuitants on 24 lives were purchased for 575l. 19s. per annum at the price of 9457l. 7s.

The Policies that became claims on the Association by deaths during the year amounted to 85 for 43,963l.

The Total Assurances since the commencement of the business amount to nearly five million pounds.

The Annual Income is now one hundred and thirty-eight thousand pounds; upwards of £50,000 being collected through the London Branch.

The Policy Holders entitled to participate in the Profits, who completed their fifth year before the date of balance, will be entitled to a Dividend of 35 per cent. (7s. per ls.) from their next Annual premiums.

From the increasing wealth and importance of British North America, as well as the example of other Assurance Offices, the Directors have for some time entertained the idea of establishing Branches there. They have been enabled since last meeting to accomplish this. A deputation from the Directors visited the chief towns, and secured the co-operation of influential gentlemen in each Province.

Although the Branches have been in operation only for a few months, the transactions have already been considerable, as well as of a most satisfactory description. Special thanks are due to the gentlemen acting as Directors, Agents and Medical Officers, who have already interested themselves much in the Association's affairs, and through whose exertions there is every prospect of permanent success.

The Report by the Board of Directors was unanimously approved. The vacancies in the Board were then filled up; and after special votes of thanks to the Directors at the Head Office and Branches, and the Agents, Medical Officers, Manager, &c., the meeting separated.

The Mighty Healer!

WORLD KNOWN AND WORLD TRIED.

Holloway's Ointment.

The free admissions of all nations, as well as the verdict of the leading hospitals of the Old as well as the New World, stamp this powerful remedial Agent as the greatest healing preparation ever made known to suffering man. Its PENETRATIVE QUALITIES are more than MARVELLOUS, through the external orifices of the skin, invisible to the naked eye, it reaches the seat of the internal disease; and in all external affections its anti-inflammatory and healing virtues surpass anything else on record, and is Nature's great ally.

Erysipelas & Salt Rheum

Are two of the most common and virulent disorders prevalent on this continent, to these the Ointment is especially antagonistic, its "modus operandi" is first to eradicate the venom and then complete the cure.

Bad Legs, Old Sores, & Ulcers.

Cases of many years standing that have pertinaciously refused to yield to any other remedy or treatment, have invariably succumbed to a few applications of this powerful ointment.

Eruptions on the Skin,

Arising from a bad state of the blood or chronic diseases are eradicated, and a clear and transparent surface regained by the action of this Ointment. It surpasses many of the cosmetics and other toilet appliances in its power to dispel rashes and other disfigurements of the face.

Piles and Fistula.

Every form and feature of this prevalent and stubborn disorder is eradicated locally and entirely by the use of this emollient; warm fomentation should precede its application. Its healing qualities will be found to be thorough and invariable.

Both the Ointment and Pills should be used in the following cases:

- Bunions, Skin Diseases,
- Burns, Swelled Glands,
- Chapped Hands, Sore Legs,
- Chilblains, Sore Breasts,
- Fistula, Sore Throats,
- Gout, Sore Throats,
- Lumbago, Sore Throats,
- Mercurosal Eruptions, Sprains,
- Piles, Rheumatism,
- Rheumatism, Stiff Joints,
- Ringsworm, Ulcers,
- Salt Rheum, Venereal Sores,
- Scalds, Wounds of all kinds.

CAUTION!—None are genuine unless the words "Holloway's New York and London" are discernible as a Water-mark in every leaf of the book of directions around each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same in wing them to be spurious.

Sold at the Manufacturing Office of Professor HOLLOWAY, 80 Mark Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the United States and the civilized world, in pots at 25 cents, 60 cents and \$1 each.

There is considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are fixed to each pot.

WILLIAM T. BAIRD, Agent for Woodstock.

Ayer's Sarsaparilla

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the disease Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of afflicted fellow-citizens. How completely the compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, STYRILIS AND STYRILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPPEPSIA AND INDIGESTION, BRUYSILLAS, RASH ON ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many ranking disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcers, sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY DR. J. C. AYER & CO. LOWELL, MASS.

Price, \$1 per Bottle; Six Bottles for \$5.

Ayer's Cherry Pectoral,

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on by their relief all it has ever been found to do.

Ayer's Cathartic Pills,

FOR THE CURE OF Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and for Purifying the Blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price 25 cents per Box; Five boxes for \$1.00.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on. Demand AYER'S, and take no others. The sick want the best aid there is for them, and they should have it.

All our Remedies are for sale by W. T. BAIRD, Woodstock; S. F. GROSVENOR & SON, Eel River; W. H. SMITHSON, Fredericton; JOHN McINTYRE, Richmond; J. M. WALKER, St. John, and by all Druggists and Merchants.
