THE COURTS

An order was made by Mr. Justice McKewen yesterday morning giving the custody and control of John Boyce, the eleven-year-old son of Henry Boyce, to the Children's Aid Society, with an order to the father to pay \$1.50 a week for the lad's maintenance. This case was up for hearing a week ago and it was disclosed at the hearing that the lad's mother had left the city and through no fault of the father the boy was left to sleep in barns and often go hungry. The matter was brought to the attention of the authorities by Henry Kilpatrick, the employer of the boy's father, and the application made to the court by Mr. J. King Kelley, K. C. in their behalf.

In the case of W. A. Porter vs. David O'Connell, Mr. Justice Barry has ordered the defendant to pay to the plaintiff the amount of the verdict of \$3,500 recently given against him and costs, on the plaintiff's undertaking to repay the amount if the Court of Appeal sets aside the judgment.

REVISION OF FISHERIES REGULATIONS

Changes under consideration to permit Net Fishing in certain Non-tidal Fisheries in Quebec.

Ottawa, Feb. 5.—The statement that a complete revision of the fishery regulations for the several provinces is under consideration is made in an order-in-council passed to permit net fishing in certain non-tidal fisheries in Quebec. The fishermen in some of the lake districts of Quebec are described as in such need that the removal of the ban on net fishing is necessary.

The lakes of Two Mountains, St. Francis and St. Louis, are among the lakes in question.

LOST SIGHT IN BOER WAR WILL SHARE IN LAND GRANT FOR VETERANS

Ottawa, Feb. 5.—Trooper Mulloy is to share in the South African veterans' land grant.

It will be recalled that Lorne W. Mulloy, who went to South Africa in the Canadian contingent, returned to Canada blind, his sight having been totally destroyed by a Boer bullet. When the South African Land Grant Act was passed in 1908 a certificate was issued to Mulloy, entitling him to two adjoining quarter sections of homestead land, subject to conditions as to entry, residence and cultivation.

These conditions Mulloy, because of his disability, was unable to fulfil. The period in which South African scrip could be redeemed at \$500 has expired, and Mulloy finds himself without benefit from the bounty. An order-in-council has now been passed permitting him to select two adjoining quarter sections during the present year, and the government will turn the lands over to him at a dollar an acre.

WILL BE KNOWN NOW AS MARQUIS OF TAMAIR

London, Feb. 5, 7.15 p. m.—The Earl of Aberdeen, retiring Lord Lieutenant of Ireland, whose announced intention of assuming the new title of Marquis of Aberdeen and Tara provoked strong protests from Ireland, has reconsidered his decision in view of this criticism. It was announced today that he would style himself the Marquis of Tamair, a name which is anciently associated with the historic hall of Tara.

You Owe Your Face a Good Clear Skin

And Stuart's Calcium Wafers in a Very Short Time Will Clear Up Your Complexion Naturally.

Just in a few days one may clear the skin of all manner of blemishes such as pimples, blotches, liver spots, etc., if one will use Stuart's Calcium Wafers. Don't use pasty lotions and creams to fill up the pores when they are working constantly with the blood to throw off the impurities of your system.

"Before I rid my face of pimples I was not thought to be pretty. But all the change I made was to clean my blood and skin." Many a face is made with beautiful contour and artistically lined, but when the skin is discolored one cannot see the beauty of the face lines. One notices only the skin blemishes. It's because pimples and eruptions come from the inside—from impure blood—and you can't cure them by rubbing stuff on the outside of the face. Purify the blood and the blemishes will disappear. Stuart's Calcium Wafers will often clear the complexion in a few days' time. That's the wonderful part of it—they act right off—in a hurry. That's because they're made of just the ingredients needed to drive all poisons and impurities from the blood. That's why doctors prescribe them so constantly.

You will speedily enjoy a beautiful complexion if you use these wonderful little Wafers. Your face will become as clear and pure as a rose. Nobody likes to have pimply-faced people around. With Stuart's Calcium Wafers you don't have to wait for months before getting results. Even boys have been cured in a few days' time with these remarkably effective blood cleansers. Your whole system will feel better in a marvellously short time, and my, what a difference in your looks!

You can get Stuart's Calcium Wafers at any druggist at 50 cents a box. A small sample package mailed free by addressing P. A. Stuart Co., 175 Stuart Bldg., Marshall, Mich.

Ironmaster on witness stand at Inquiry into Philanthropic Institutions — Donations up to Jan. 1, 1915, totalled \$326,657,399.

New York, Feb. 5.—Andrew Carnegie went on the witness stand today before the Federal Industrial Relations Commission and testified that up to the close of 1914 his donations totalled \$326,657,399.

"The work still goes bravely on," said the ironmaster. "I am indeed a most fortunate man, and think myself in nothing else so happy as in a soul remembering my dear friends, to whom I owe so much."

After Mr. Carnegie had settled himself in the witness chair and prepared to read his statement which he had prepared in advance he was asked what his business was.

"My business," he replied, "is to do all the good in the world that I can." Mr. Carnegie's statement was, in part, as follows: "I never bought or sold shares on the Exchange; all my earnings were from manufacturing. If it were necessary for me to return to that calling I should not consider the problem of labor as at all difficult. On the contrary, I enjoyed conferences with our men. We have one rule, come what may: We would never think of running our works with new men. Able, sober, well-behaved workmen such as ours were not to be picked up on the streets, and we wished no others. We were very particular in regard to drinking; first offence men were excluded thirty days; second offence, sixty days; third offence we parted company."

Mr. Carnegie said that he had had only "one serious disaster with labor." This was at the time of the riot at Homestead, Pa.

He was abroad at the time of the time and when he heard of it wanted to return home but his partners requested him not to do so.

STANDARD OIL SHIP ABANDONED IN MID-OCEAN

Crew of Thirty-five taken off by American Liner Philadelphia.

New York, Feb. 5.—The Standard oil ship Chester, which sailed from this port January 23 for Rotterdam, was wrecked and abandoned in mid-ocean and her crew of about thirty-five men were taken off by the American liner Philadelphia, according to a wireless message received here today from the Philadelphia's captain.

The line did not state the exact number of men rescued. Following is the line's announcement: "Captain Mills, this afternoon, reports by wireless the rescue at seven o'clock yesterday morning, Feb. 4, of the crew of the Standard Oil tank steamer Chester, which was abandoned in a sinking condition in latitude 47.06 north, longitude 32.53 west."

FORTY-THREE DAYS ON TRIP FROM ENGLAND

Halifax, N. S., Feb. 5.—Forty-three days out from Shields, England, two blades of her propeller gone, her stern tube leaking badly and several feet of water in her hold, the Norwegian ship Artemus arrived in port at noon today. She will immediately go into dry dock.

The Artemus left Shields on December 24 in ballast for New Orleans.

WOMAN APPOINTED CLERK OF A COUNTY COURT IN ONTARIO

Toronto, Feb. 5.—The appointment of a woman as clerk of the County Court and registrar of the Surrogate Court for the counties of Leeds and Genouville, pro tempore, is the unusual announcement made in the Ontario Gazette this week. Miss Gertrude Hume, Brockville, is selected to act in the place of O. K. Fraser, deceased.

FOR THE MILITARY AUTHORITIES TO SETTLE.

Paris, Feb. 5, 3.45 p. m.—Aristide Briand, the French Minister of Justice, today replied to M. Delahaye, member of the Chamber of Deputies, who on Wednesday last furnished information as to why Mme. Bechoff, to whom Francois Descaux, general paymaster of the army, is alleged to have sent stolen military stores, has not been arrested. M. Briand declared that the interference of the Minister of Justice in the judicial proceeding would constitute the gravest abuse, that the question concerns the military authorities and not the Minister of Justice.

"Some of the men at the works," Mr. Carnegie said, "called me 'kind master,' tell us what you want us to do and we will do it for you." Wages were advanced thirty per cent, Mr. Carnegie said, after that incident. This was one-half of the percentage of the increased product of the mills. Mr. Carnegie cited his introduction of the semi-monthly pay day and his selling coal and other supplies to his employees at cost to help them.

At the conclusion of Mr. Carnegie's testimony, John D. Rockefeller, Sr. entered the room and demanded to be heard as a witness. He was placed on the stand. Mr. Rockefeller's statement appeared in question and form. Answering a question as to his purpose and plans with respect to the expenditure of \$2,000,000 annually, reserved for his personal use by the Rockefeller Foundation, the witness said as follows: "The Rockefeller Foundation was a development of the semi-monthly pay day and my own personal plans of giving, followed for many years. While I desire to have the directors of the Foundation free to use the funds as they might see fit, in making my last gift, I reserved the right to designate during my lifetime the specific objects to which \$2,000,000 of the income should be given annually, my purpose being in this way to provide for the various philanthropies, more or less personal to myself and related to the faces of my residence, to which I have been a contributor in the past."

"Under the terms of the clause of my letter of gift reserving this right, it is stipulated that the objects must be within the corporate purpose of the Foundation and my designations are subject to review by the board as to that feature."

A PROTEST FROM BERLIN

Against Russia's intention to treat captured Aviators as criminals.

Berlin, Feb. 5 (by wireless to Sayville).—"The German government, through a neutral channel, has protested strongly against Russia's intention to sentence and punish the crew of the German passenger balloon brought down near Libau," says the Overseas News Agency. "The Cologne Gazette demands the severest reprisals by Germany against Russian war prisoners." The foregoing statement evidently refers to the Russian announcement of February 3 that aviators who attacked unfortified towns would be treated as pirates. The German airship which raided Libau, described in previous despatches as Zeppelin, was brought down by Russian artillery. A Petrograd despatch said that the airman captured would be placed on trial in order to establish the legal status of bomb dropping.

HIS MAJESTY INSPECTS THE CANADIANS

Ottawa, Feb. 5.—The following official memorandum was issued by the government this afternoon: "The king has recently inspected the Canadian division, with Lord Kitchener, and met the troops at the exchange of these tickets. While they have experienced many hardships, through bad weather and heavy rain, they have borne all cheerfully."

FUNERALS.

Following closely after the lamentable death of Conductor T. Craig, a service being first held at the home of the Rev. J. R. Hopkins, Episcopal minister, the funeral cortege then proceeded to Andover Church, followed by a procession of nearly twenty elegiac, single and double teams, after the service the last rites of the church were read at the graveside at the church cemetery, and the body consigned to its last resting place. The pallbearers were F. Seeley, L. Grant, W. Giberson, J. G. Bennett, Neil Turner.

The funeral services of Charles W. Yeoman were conducted yesterday afternoon at two o'clock, at his late residence, East St. John. The officiating clergyman was Rev. W. O. Raymond. The cortege left the house at 2.30 and

"ISHMAEL" ONE OF NEXT WEEK'S OFFERINGS

Young Adams Company assure Opera House patrons of another delightful week.

The matinee and night performances today at the Opera House will afford the last two chances to see the stirring western comedy drama, "A Cowboy's Revenge," by Young Adams Company. In addition to the play, the usual good vaudeville features will be offered.

For the coming week, two good plays have been selected. A dramatic play, "Ishmael," from the famous novel by Mrs. E. D. E. N. Southworth, will be presented Monday, Tuesday and Wednesday nights and Wednesday matinee. This book has been almost a household classic for two generations—our grandmothers read it and recommended it in turn to their daughters. The play is fully as sweet and pure as the story in book form and should afford much pleasure to local theatre goers next week. As usual, Corona chocolate souvenirs will be given away at the Wednesday matinee.

For the last half of the week, Manager Young has selected a good comedy drama, "The Gambler and the Girl." Any one who has seen the play or read the book of "The Girl of the Golden West," will find this play fully as good in every way. There will be an entire change in the vaudeville between acts with each change of play. Seats are now on sale for all performances.

RED CROSS BENEFIT AT OPERA HOUSE, FEBRUARY 15, 16, 17

Strong local cast will present famous Comedy, "A Misfit Hero".

One of the best casts that has probably ever appeared on the local stage will present a splendid comedy, with 120 hearty laughs in 120 minutes, entitled, "A Misfit Hero," at the Opera House, Monday, Tuesday and Wednesday nights, Feb. 15-16-17.

The production is under the auspices of the Graduate Nurses' Association and the entire proceeds of the three performances will go to the Red Cross Society. One has but to read the daily papers to ascertain what a noble work the Red Cross is doing at the present time and how urgent is their need for financial help in order that the work may not stop.

Monday night has been designated as "Governor's Night" and will be under the patronage of Lieut. Governor Wood, who will attend with his staff, and His Worship Mayor Frink. Tuesday night will be "Red Cross Night" and will be honored by the presence of Lady Tilley and several of the church officials and patrons of the Red Cross Society, and Wednesday night will be Military Night, when the commanding officers and staffs of the several military bodies now in the city will attend.

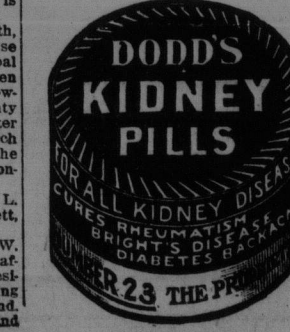

Exchange tickets are now on sale by the many energetic members of the Nurses' Association. The sale for the exchange of these tickets will open at the box office of the Opera House Thursday morning, Feb. 11th. The regular public sale will open Friday, Feb. 12th.

SOME OF EMDEN'S CREW ESCAPED CAPTURE

Berlin, via wireless to Sayville, Feb. 5.—According to a statement made today by the Overseas News Agency, part of the crew of the German cruiser Emden evaded capture, escaping on the schooner Aysha, on which they left Cocos Island last November at the time the Emden was destroyed. The statement follows: "H. M. S. Aysha reports that Lt. Commander Von Muecke, with the landing force of H. M. S. Emden, arrived near Hodeida, on the southwest coast of Arabia. The men were received with enthusiasm by the Turkish troops."

proceeded to the Church of England burying ground, where interment took place. A large number of friends attended the service.

The funeral of J. Milton Ayer took place Friday afternoon from his late residence, 29 White street. Services were conducted at the house at three o'clock by Rev. F. H. Wentworth. Interment was in the Church of England burying ground.

To Help Nature Shed a Bad Complexion

Beauty devotees are enthusiastic over the beautifying qualities of Emden's skin cream. Perhaps nothing discovered within recent years accomplishes so much, so quickly without harm, without staining the face in any way, without retaining one indoors, and at such small expense. The principal reason for its wonderful merit is that it works in harmony with physiological laws. Instead of hiding or "covering" complexion defects, it removes them. The wax actually takes off the aged, faded, sallow or blotchy cuticle, gently, gradually, causing no inconvenience. It is Nature's way of renewing complexion. When the natural process is retarded because of deficient circulation of nerve tone, nervousness was comes to the rescue and hastens the skin shedding. The new complexion which appears is a natural one, youthful, healthy, exquisitely beautiful. If you've never used Emden's skin cream, get an ounce of it at the drug store, use at night like cold cream, washing it off in the morning.

Another natural beautifying treatment—firm, wrinkled, flabby skin. To bathe the face in a lotion made by dissolving an ounce of salicylic in a half pint witch hazel. This is remarkably effective.
