PEACE CONFERENCE ISSUES WARNING TO CEZCHS AND POLES

Disputed Control of the Teschen Mining District in Austrian Silesia Causes the Trouble—Lines of Occupation Announced by the Council.

Paris, Feb. 9.—The Peace Conference has warned the Polish and Czech nationalities, who are disputing control of the Teschen mining district in Austrian Silesia, that they must refrain from occupying the territories for the temporary administration of the disputed region, pending the decision of the Peace Conference, and announces that a commission of control will be immediately sent to the Teschen region by the conference.

The document reads as follows: "The representatives of the great powers, having been informed of the conflict which has arisen between the Polish and Czech nationalities in the principality of Teschen, in the principality of the mining district of Ostrava-Karvin and the railway from Odersberg to Teschen and Jablunkau has been occupied by the Czechs, have declared as follows:

"In the first instance, they think it necessary to remind the nationalities who have engaged to submit the territorial questions which concern them to the peace conference for its decision. (The right of minorities will be refrained from taking as a pawn or from occupying the territories to which they laid claim.

"The representatives take note of the engagement by which the Czech delegates have declared that they were definite in stopping their troops on the line of the railway which runs from Odersberg to Teschen and Jablunkau.

"Pending the decision of the peace conference as to the definite assignments of the territories, that part of the railway line to the north of Teschen and the mining regions will remain in the occupation of Czech troops, while the northern section of the line, starting from the junction of the line of Teschen down to Jablunkau will be entrusted to the military supervision of the Poles.

"The undersigned consider it indispensable that a commission of control should be immediately sent to the spot to avoid any conflict between the Czechs and the Poles in the region of Teschen. This commission, apart from the measures that it will have to prescribe, will proceed to an inquiry on the basis of which the peace conference will be held.

"The undersigned consider it indispensable that a commission of control should be immediately sent to the spot to avoid any conflict between the Czechs and the Poles in the region of Teschen. This commission, apart from the measures that it will have to prescribe, will proceed to an inquiry on the basis of which the peace conference will be held.
