THREE MILLION DOLLAR PULP MILL IN CANADA

Scheme Calculated to Revolutionize Paper Trade in the Dominion.

OPERATIONS IN QUEBEC.

Company Acquire Valuable Timber Limits, and Build Pulp and Paper Mills-Will Reduce the Cost of Newspaper Print Very Ma-

Ottawa, Feb. 25—(Special)—A very impontant announcement is made which 's calculated to revolutionize the paper trade in Canada. The organization of the Atlantic Pulp and Paper Company, which has been going on for some months, has been completed. The capital is \$3,000,000. The board of directors has been completed and consists of the following: W. C. Edwards, M. P., president; Chas. H. Waterous, Brantford, president of the Waterous Engine Works; J. W. Ellis, Toronto; A. J. Erkhardt, Toronto; R. H. Thompson, Buffalo; Mr. Lyman, of the wholesale drug firm of Lyman & Co., Montreal, and Mr. Wardrope, of Montreal, lumberman, directors. Ottawa, Feb. 25-(Special)-A very im-

Montreal, and Mr. Wardrope, of Montreal, lumberman, directors.

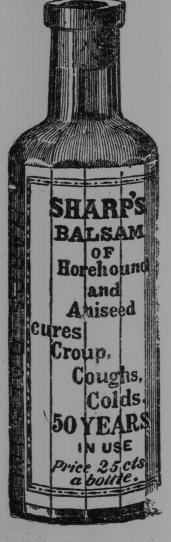

The purposes of the company are to acquire the limits, water power, saw mills, etc., of the new New Richmond, on the north side of the Bay of Chaleur, in the county of Bonaventure, Que., and to erect mills for the manufacture of pulp and paper. The property contains more than 300 square miles of almost virgin forest, principally spruce, but containing considerable quantities of other woods. It is estimated that the surply of mile wood on ed that the supply of pulp wood on raw material for a period of more than 60

manufacture paper at this price. In addition, the company will manufacture mechanical pulp and sulphite pulp.

MORE FLOUR AND HAY

Upper Canadians, However, Could Not Accept All Orders.

Kingston, Ont., Feb. 26-(Special)-The Frontenac Milling Company has received an order for 160 tons of flour for the British army in South Africa. An addi-tional order for 300 tons was refused be-cause the flour could not be delivered at St. John, N. B., this week. Richardson Bros. have also a contract for 1,200 tons of pressed hay, and an additional order for an extra supply had to be rejected for

There is an enormous water power and there are good shipping facilities both by rail and water. The company proposes to furnish a plant with a capacity of turning out more than 22,000 tons of newspaper print a year which they will be able to sell at the rate of a little more than \$1.80 per 100 pounds. The present price of newspaper print is about \$2.50 per 100 pounds which would mean a saving to the newspaper establishments of Canada of hundreds of thousands of dollars annually. The company believe they can not only ido this but do it at a profit. One reason is that raw material, which costs some of the present mills from \$6 a cord upwards, can be laid down at the mill of the new company at \$2.25 a cord and this, with the low price of labor and other favorable circumstances, will make it profitable to manufacture paper at this price. In addition the company will manufacture method.

EXTRADITION TO

NORTH SYDNEY. Demand of Canadian Authorities on Newfoundland Government Granted.

St. John's, Nfld., Feb. 25.—The demand of the Canadian authorities for the extra-dition of Arthur Prideaux, the self-con-

dition of Anthur Prideaux, the self-confessed accomplice in the murder of Hiram Cosmar at North Sydney, Cape Breton, Jan. 25, was gramed today.

Judge Conroy, a cmy magistrate, authorized the surrender of Prideaux. It is understood the prisoner will plead graftly and offer himself as a crown witness to assist in the conviction of Dr. Bayley, the alleged principal in the crime, and that Prideaux will throw himself on the leniency of the court.
