### Profits Tax Yields Very Large Sum

TOTAL OF \$65,000,000 RAISED
THIS WAY IN CANADA
OTTAWA, Feb. 13,—An official OTTAWA, Feb. 13.—An official statement from the department of finance gives the following information respecting the administ ation of the Business Pofits War Tax Act, and of the Income War Tax Act of 1917

Under the Business Profits War Tax Act assessments have been made aggregating \$65,000,000, of which about \$59,000,000 has been collected. The balance will probably be received within the next two months.

The returns to date from the Income War Tax Act of 1917, which applies only to incomes in excess of \$3,000 in the case of married persons, and \$2,000 in the case of unmarried persons, show that about 30,000 assessments have been made, of which 19,000 are paid. The total amount of assessments made by the department and approved to date aggregate \$5,500,000. About \$3,500,000 have been collected. The difference is represented mainly by assessment, made last month.

In connection with the income tax, it i to be pointed out that farmers and o orations subject to the Business Profits V at Tax act are not liable to income caxation revided that axation under the Business Profits Act is equally or greater. The result is that a lar portion of income traction, which suld be otherwise collected, is not assessable because of assessment under the Business Profits War Tax Act. and of orations subject to the Business Profits Var Tax Act are not liable to income axation rovided that taxation under the Business Profits Act is equally or greater. The result is that a lar portion of income taxation, which had be otherwise collected, is not assessable because of assessment under the Business Profits War Tax Act.

If the Business Profits War Tax Act would have been increased for the present year by \$8,000,000. The assessments still to be made under the Income War Tax Act for the current year are estimated at about \$4,000,000.

These figures indicate that the annual return from the income tax would be about \$18,000,000.

### To Relieve Catarrh, Catarrhal Deafness And Head Noises

Persons suffering from estarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, i. you know of, someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you nay have been the means of saving some poor sufferer perhaps from total deafness. EVIDENT NOW THAT PROPOSED PRINCES ISLANDS MEETING CANNOT TAKE PLACE
Paris Feb 13—A new note will soon be sent to the Bolshevik, inquiring whether they accept the stipulation made in the recent invitation to a joint conficence at the Princes Islands regarding abandonment of the policy of seizing hostages it was learned today. As the date originally set for the conference was February 15 it is evident that a postponement of at least a month may be necessary for receiving a ceply to the new note. The Ukranians, Letts, Esthonians and Lithuanians, Letts, Esthonians and Lithuanians, who accepted the iivitation yesterday, also asked that a change be made in the meeting place. The suggestion probably will be seriously considered by the associated powers.
