**Answers To Correspondence.**

As we have special facilities for obtaining correct information on all matter pertaining to the value of stocks, we shall be pleased at all times to give our subscribers the benefit of same.  
All correspondence must be accompanied with the name and address of the writer, as only enquiries from bona fide subscribers will be answered.

S. P., Ottawa—For our opinion regarding the Company you enquire about, consult our review issue of yesterday. It is not cheap and we would not recommend it.

Sorel.—The Company is a prospect; you must buy it on that basis. We have other mines we would buy in preference.

J. L., Montreal—We can only say our opinions as already expressed remain the same. The stock has declined, owing to profit-taking by parties who bought cheap stock. The dividend will be increased and the stock will be bought for investment around 200 this year.

M.A. City.—Yes. Buy more, and hold what you have. The stock will sell at the figure you mention next week. Read our review number of yesterday.

Winnipeg — Think the stock has stood the late general decline splendidly. It has been sold by holders more because the market would take it easily, than from choice. Hold it for 125 on the next boom.

**TO CORRESPONDENTS.**

While being willing to answer all reasonable enquiries, we must ask you to confine them to stocks not fully dealt with in our reviews, except under special conditions. We do not, under any circumstances, recommend special brokers. You will receive proper treatment from all members of the Stock Exchange. Stocks cannot always be bought at lowest price of the day nor sold at highest.
