# A LECTURE

—BY—

Henry Wentworth Monk

SUBJECT:

**“The Mystery . . . Finished.”**

---

Man proved to be as like God, our Creator, as the Acorn is like the Oak.

The whole universe being merely machinery for continually multiplying God.

Otherwise there would evidently be no sense whatever in the Scriptural statement “That the Spirit beareth witness with our spirit that we are children of God; and if children, then heirs, heirs of God, and joint heirs with Christ.”—Rom. viii, 16, 17.

The successive stages of this wonderful transformation of man into God, being plainly indicated, and proved to be perfectly in accordance with the well known facts of science, as well as with the words of the Bible.

Railroads plainly foretold in the Bible as the one grand physical preparation requisite to make possible the universal righteous government, or the Millenium predicted.—Isaiah xl, 4, 5.

The predicted railroads (and the telegraphs accompanying them) having already become sufficiently abundant to “gather all nations” into one “great congregation.” THE BLESSINGS of “the Kingdom of God,” which all Christendom has been continually praying for during the past eighteen centuries, (“Thy Kingdom come”) must certainly now come upon us SUDDENLY and UNEXPECTEDLY, as did the calamities “in the days of Noah and Lot.”

As this New Era of “mercy and truth, . . . righteousness and peace,” must now begin immediately, there appears to be no good reason whatever why not NEXT THURSDAY EVENING, 20th DECEMBER, in the GRAND OPERA HOUSE.

To witness the very beginning of such an Era, may possibly be attended with advantages which one might hereafter be sorry to have missed.
