Hiram Dean was arrested on the charge of stealing a watch from S. H. Atkinson and \$7.50 from Davy Farquhar. The three were all drunk together down at Farquhar's home last Sunday and they lay down to sleep. When Farquhar and Atkinson got up they found Dean gone and so were the other things. There had been others in during the interval, and there being no proof against Dean he was dismissed. Judge Johnston threatened to send the trio down for vagrancy.

NEW RECORD ESTABLISHED

Marvellous Run for Seats for Coming Central School Concert

Plan Sold in One Hour and a Half—All Past Records were Broken—Forced to Repeat

The plan for the Central school concert on Friday night opened with a record-breaking rush this morning and the Briscoe store was besieged with patrons anxious to secure seats. In an hour and a half after the plan was opened every seat was sold. This remarkably quick sale has established a new record. The Football Minstrel show plan was sold out before it went up to the Opera House, but this is the first time in the history of the House that the plan had been sold out within an hour and a half of the time it was opened. It took three days to sell out the Minstrel Show plan.

Principal J. W. Plewes and his clever assistants must indeed feel gratified at the marked exhibition the public have given of their desire to see the splendid concert which they have been at such arduous labor to prepare.

"The people began coming in about eight o'clock," remarked Roy Briscoe, who had charge of the plan, "and they kept coming in. By nine o'clock I had a list of names covering five pages of foolscap and I didn't get a chance to stop even then. It was a new experience for me I can assure you, but I think everybody was well pleased."

This is the third school concert given by Principal Plewes in this city and the people have testified as to what they think of Mr. Plewes' ability to give a good concert. They are expecting on sat the best and they know they won't be disappointed.

The concert will be repeated Monday night owing to scores being unable to secure seats for Friday, and already \$400 worth of tickets have been sold. The House will be filled again. Of that there is little doubt.

Manager Fred Briscoe, of the Opera House, is having the stairway at the rear of the Opera House entirely rebuilt to-day. The old stairway, while not dangerous, was out of repair and Manager Briscoe thought it best to have a new one built.

THE NEW ARMORY

Colonel J. B. Rankin has received a communication from the Militia Department. Information is asked as to the accommodation required in the new armory to be erected on the Park and where the Colonel desires to have the armory situated. The information is desired for the benefit of the Chief Government Architect. The new armory on the Park will be a splendid building and one of the best equipped in Ontario. It will be erected on Tecumseh Park and will add materially to the beauty of that fine resort. Already \$20,000 has been appropriated for this work.

CLEVER WORK

P. C. Dezella, with the assistance of Detective McGregor, has been investigating the robbery of the Joy Club, the shooting box of Col. Sam Holmes at Mitchell's Bay. The thieves stole 700 shells, a revolver, canned goods and bait. As a result of P. C. Dezella's investigations Jos. Matt was arrested yesterday and a warrant has been issued for Frank Cartier. Matt acknowledges going into the Joy Club and taking the stuff, but he says he was so drunk that he didn't know what he had taken. Matt was arrested yesterday and released on \$100 bail furnished by his father and Mr. Bram.

BAD ACCIDENT AT LONDON.

A Young Woman Crushed in an Elevator.

London, Ont., Nov. 4.—An accident occurred in the blacut, and candy factory of D. S. Perrin & Co., Jennie McKenna, a girl about 16 or 17 years of age, who was employed in the bon-bon department, went to the elevator shaft the fourth floor and was (it is supposed) looking down for the elevator, when the hoist descended from the floor above and struck her on the head. There was no one on the elevator it is supposed that she must herself have started it moving. There is a wooden bar a few inches thick across the opening to the shaft about three and a half feet from the floor. The bar goes up automatically as the elevator reaches the floor, and the girl was caught with the bar, under the neck, as the elevator came down on her head and shoulders. Some one on the upper floor noticed the working of the elevator and went to the shaft, where he saw the girl held fast, the elevator having been stopped. When extricated from her perilous position Miss McKenna was unconscious. Dr. James Wilson was called and the girl was removed to Victoria Hospital.
