

TRADE MARK  
"The only ammunition entirely made in Canada."

## Double the success of your shooting

Because of their dependable qualities, nearly twice as many Dominion Shells are used in Canada as all other makes combined.

### Shoot Dominion Shells

The primers are sensitive and sure fire; only the choicest powders from the world's most reliable mills are used; the shot is double chilled; the loading is done with care and precision and the inspection and testing are thorough in every detail—a combination that produces the perfect balance that brings results.

Complete and instantaneous combustion drives each shot with uniform velocity, in a close pattern that neither wings nor cripples, but strikes and stops your bird with the center of the load.

Try the "Canuck." The quick load for fast shooting.

Other popular shot shells: Imperial, Regal, Sovereign and Crown.
