

To Our Regular Subscribers!

WE OFFER A PLAN

To Help Your Neighbors—To Help Yourself—To Help The Farmer's Advocate and Home Magazine

IN THE WORK IT IS DOING FOR CANADIAN FARMERS

You can help your neighbor by sending us his name as a new subscriber to The Farmer's Advocate, enclosing \$1.50 to pay for his first year's subscription. Reading The Farmer's Advocate will enable him to save time and money and to make more money from his farm than he did before. His whole family will enjoy reading the paper, as every issue contains interesting and instructive material for father, mother and the younger members of the family.

You can help yourself, as for every new name you send in as described above we will credit you with four months' subscription FREE. For three new yearly subscriptions you would get a year's FREE SUBSCRIPTION.

You can help THE FARMER'S ADVOCATE in its work, as every additional reader means one more Canadian farmer who will be kept in close touch with all that is being done to improve farm conditions and methods.

Farmers do not get a fair return for their labor, and the money they have invested. And The Farmer's Advocate for many years was the only paper devoted to making conditions more favorable for the farmer, and now it is the foremost paper in working for needed reforms and steadily fighting to bring these into force.
