

## LAMB FENCE

What is the difference between "LAMB FENCE" and a Bass Drum? You can beat the Drum, but you cannot beat "Lamb Fence." Heavy, hard wire cross-bar. High carbon laterals.

**H. R. LAMB,**  
LONDON, ONT.

## BINDER TWINE

### Farmers' Co-operative Binder Twine Co.

(LIMITED),  
BRANTFORD, - ONTARIO,  
Have set their prices on Twine for the harvest of 1902.

This co-operative movement, consisting as it does of nearly eight thousand farmer stockholders, has for ten years been a marvel of success, for the reason that the farmers, with determined loyalty and patronage, have said it shall be so. The Canadian agriculturist who buys a single ball of binder twine until he is entirely exhausted acts suicidal to the interests of himself and his home, while by such acts he encourages the possibility of combine and monopoly, that the country is rampant with at the moment, and is little better than the animal represented in the picture of this advertisement.

#### A PROUD RECORD.

For ten years we have not sold a single pound of twine representing to ourselves a greater profit than three-quarters of a cent a pound on its actual cost of production; while in 1898 we delivered to our patrons 1,500 tons—the mill's entire output—at 7½c., while for the same grade our opponents secured 14c. We divided all earnings and profits with our myriads of shareholders instead of passing it into the pockets of American millionaires. If we have not got a farmer agent representing us in your locality, write us at once.

**JOSEPH STRATFORD, General Manager.**

#### GOSSIP.

The Standard-bred trotting stallion, Arka 25, 25, by J. I. Case, is offered for sale in an advertisement in this issue by O. A. Coates, Bothwell, Ont. His breeding and performance speak for his merit, and those requiring such a horse should look up the advertisement and write for particulars.

D. A. Graham & Son, of Pine Hill poultry yards, Thedford, Ont., advertise eggs for hatching of a number of popular breeds of poultry, also of ducks and geese. They have erected all new poultry yards and hogen of up-to-date design, two poultry buildings 16x40, also incubator and brooder buildings, and are better prepared to furnish customers than ever, and guarantee good fresh, fertile eggs.

## NEW FIELD ROOT. Giant Sugar Mangel.

GREATEST YIELDING ROOT GROWN.  
OF HIGHEST FEEDING VALUE FOR  
PRODUCING MILK,  
OR AS A FLESH FORMER.

Since the introduction of the Danish Sugar Beet, an extraordinary demand has been created for a field root containing a higher percentage of nutritive value as well as producing the large weight per acre usually attained from the Mammoth Mangel. This new root, now offered for the first time, and which we have named "Giant Sugar Mangel," is really a full blooded Sugar Beet, growing to an immense size and producing a heavier weight per acre than any Sugar Beet now before the public. The magnificent roots (well shown in the accompanying illustration), are of the Giant Intermediate type, absolutely clean and free from the coarse and prongy roots so frequently found among Sugar Beets and certain classes of Mangel Wurzel. We have never seen a more handsome growing crop, the perfect shaped roots standing at least three-fourths out of the ground, with a rich pink and white skin contrasting with the upright deep green foliage cannot help but attract attention. The flesh, which is so exceptionally firm, is by far the sweetest of all roots, and greatly relished by all classes of stock. They are extra fine when cooked for the table. "Giant Sugar Mangels" are the easiest of all roots to harvest. "Push them over with your foot." No trouble to top them as the leaves grow upright and well together. The roots weigh heavier and will keep longer than either Carrots, Turnips or Mangels. Taking everything into consideration no better root for stock feeding has ever been placed before the public.

Every progressive farmer and dairyman will act wisely by giving Rennie's "Giant Sugar Mangel" a thorough trial.

PRICE.—Pound 35c.; 3 lbs. \$1.00 postpaid.

### Famous Waverley White Oats. From Europe.

Gives astonishing returns grown in Canada. Positively the Heaviest Weight and Finest in Appearance of any Oat now before the public. Thin in the hull with bright amber colored straw standing upright in almost all kinds of weather. Our crops have satisfied us that it is wonderfully adapted to both soil and climate of this country. Give it a trial.

PRICE.—lb. 30c.; 3 lbs. 75c. postpaid. Peck 60c.; ½ bushel \$1.00; bushel \$1.60; 5 bushels \$7.50 by freight at purchasers expense. Cotton Bags each 15c. extra.
