

Fight Fire with Fire

FIGHT

NATURE'S DECAY WITH NATURE'S REMEDY! Follow the example of the plainmen and use the weapons which nature has placed in your hands! You cannot sweep back the tide with a BROOM, you wouldn't try, nor should you try to resist, to sweep back disease with a bottle of alcohol and sarsaparilla, or a package of senna and straw. If your house were burning, you would not fight the flames with a bottle of Eau de Cologne, and when YOUR INTERNAL HOUSE, the dwelling place of your life, your vitality, is burning and being destroyed by the ravages of wasting, insidious diseases, it is just as fool-

hardy to attempt to check the flames, to stop the destruction with a sweet-tasting, sweet-smelling pill, tablet, or compound made to sell and to sell only.

Nature has provided a cure for your ills, has combined the subtle elements of IRON, SULPHUR AND MAGNESIUM, elements which are to the fires of disease in the system as is the fireman's hose to the burning building, and combined them in a manner of her own which man's inventive and creative genius has been unable to duplicate or counterfeit. She placed it in the ground where it was found, for what purpose, if not to relieve and cure the ills of mankind.

You can test it, can judge for yourself, and it will not cost you a cent to do it. It is different from all others and can be offered in a different way, a way that "sellers of medicines" dare not duplicate. If you are sick and tired of quacks, sick of dosing yourself day after day, with each sunrise finding no change in your condition, if you are sick of being imposed upon, try this natural curing and healing ore. **IT WILL NOT FAIL YOU!** Read our special offer.

You are to be the Judge!

WE WILL SEND TO ALL

Subscribers or readers of The Farmer's Advocate a full sized \$1.00 package of VITÆ-ORE by mail, POSTPAID, sufficient for one month's treatment, to be paid for within one month's time after receipt, if the receiver can truthfully say that its use has done him or her more good than all the drugs and doses of quacks or good doctors or patent medicines he or she has ever used. Read this over again carefully, and understand that we ask our pay only when it has done you good, and not before. If not, no money is wanted! We take all the risk; you have nothing to lose. If it does not benefit you, you pay us nothing. We give you thirty days time to try the medicine, thirty days to see the results before you need pay us one cent, and you do not pay the one cent unless you do see the results. You are to be the judge! We know Vitæ-Ore and are willing to take the risk.

Vitæ-Ore is a natural, hard, adamantine, rock-like substance—mineral—ORE—mined from the ground like gold and silver in the neighborhood of a once powerful but now extinct mineral spring. It requires twenty years for oxidation by exposure to the air, when it slacks down like lime and is then of medicinal value. It contains free iron, free sulphur and free magnesium, three properties which are most essential for the retention of health in the human system, and one package—one ounce—of the ORE, when mixed with a quart of water, will equal in medicinal strength and curative value 500 gallons of the most powerful mineral water drunk fresh from the springs. It is a geological discovery, in which there is nothing added or taken from. It is the marvel of the century for curing such diseases as

Rheumatism, Bright's Disease, Blood Poisoning, Heart Trouble, Dropsy, Catarrh and Throat Affections, Liver, Kidney and Bladder Ailments, Stomach and Female Disorders, La Grippe, Malarial Fever, Nervous Prostration and General Debility.

as thousands testify, and as no one, answering this, writing for a package, will deny after using. VITÆ-ORE has cured more chronic, obstinate, pronounced incurable cases, than any other known medicine, and will reach such cases with a more rapid and powerful curative action than any medicine, combination of medicines, or doctor's prescription which it is possible to procure.

Vitæ-Ore will do the same for you as it has for hundreds of readers of The Farmer's Advocate, if you will give it a trial. Send for a \$1.00 package at our risk. You have nothing to lose but the stamp to answer this announcement. We want no one's money whom Vitæ-Ore cannot benefit. You are to be the judge! Can anything be more fair? What sensible person, no matter how prejudiced he or she may be, who desires a cure and is willing to pay for it, would hesitate to try Vitæ-Ore on this liberal offer? One package is usually sufficient to cure ordinary cases; two or three for chronic, obstinate cases. We mean just what we say in this announcement, and will do just as we agree. Write to-day for a package at our risk and expense, giving age and ailments, and mention The Farmer's Advocate, so we may know that you are entitled to this liberal offer.

ANALYSIS OF THE ORE.

In its original condition Vitæ-Ore is a black, metallic substance, sufficiently hard to cut glass. In this state it is almost absolutely insoluble in water, and for this reason of no medicinal value, but upon exposure to the sunlight and the oxygen of a damp atmosphere, varying in time from ten to twenty years, according to the state of oxidation a given specimen is advanced to, it slacks down just as lime does, or more appropriately, as iron rusts. This result is termed "Oxidization," and can be hastened by no practical process known to science. It is a rare example of the chemistry of nature, an art which man has been entirely unable to duplicate.

The following analysis shows the exact nature of this curious and mysterious formation.

	Per cent.
Insoluble Silicious Matter	69.64
Bisulphide of Iron	3.62
Sulphur	.97
Protosulphate of Iron (Ferrous Sulphate)	3.04
Persulphate of Iron (Ferric Sulphate)	13.67
Sulphate of Alumina	1.17
Sulphate of Magnesia	.20
Sulphate of Soda	.54
Moisture at 212 degrees Fah.	2.60
Water of Crystallization	4.55
	100.00

From the above you will see that Vitæ-Ore contains most important medical constituents, elements which are necessary for the retention of health in the human system and which, when lacking, must be supplied. It would be possible to in part duplicate these elements or ingredients in a manufactured article, but it is here that the subtle chemistry of nature, the natural blending of original substances, would be found lacking; the iron, sulphur, magnesia, etc., would all be artificial compounds combined by chemical action, and not in a natural, pure and free state as found in Vitæ-Ore, and the results from the use of such a compound in consequence would not and could not exert the natural reconstructing and upbuilding force which is a certain result when V.-O. is used.

WHAT PEOPLE WHO KNOW SAY OF IT:

Inflammatory Rheumatism! I was troubled with Inflammatory Rheumatism, which started in the leg, but finally extended to the foot, the latter becoming so swollen that I could not put on my boot or get about. Having noticed the Vitæ-Ore advertisement in a Montreal paper, I resolved to try a package. Before half the package was used the swelling was entirely gone and the Rheumatism has now entirely disappeared. Having been relieved so quickly of this most painful disease, I can honestly recommend Vitæ-Ore to all sufferers. Wm. Hodgson, Craighurst, Ont.

Catarrh. I have been troubled with Catarrh for forty years. I was advised by a friend who had used the remedy with good results to try Vitæ-Ore, which I did, and I find after taking one package that I have received great benefit. There is a great deal of Catarrh in this community and Vitæ-Ore is a God-send to us. H. Williams, Bronte, Ont.

Husband and Wife Both Benefited. My wife has used Vitæ-Ore for four weeks' time for a complication of troubles, and she is in better health at the present time than she has been for five years. I can also testify to its powers in my own case, having used it for Bright's Disease, and it seems almost incredible to believe the benefit I have received during this short time. J. V. Smith, Cottam, Ont.

General Debility and Rheumatism. I was in a very weakened and rundown condition, so that I was unable to do my work, and was still more incapacitated by attacks of Rheumatism, causing me very much pain and distress. After using one package of Vitæ-Ore the Rheumatism has disappeared. I feel much better in every way, am stronger and healthier, and can with confidence recommend Vitæ-Ore to all persons suffering as I was. Mrs. A. Noble, Linton, N. B.

Second to None. Vitæ-Ore stands second to none as a cure for Rheumatism and Kidney Complaint, and I say this from an actual knowledge of the great good it has accomplished in my own case, a good which all the other remedies I have used failed to bring about. It seems a shame to think that so many other people must go ahead trying and testing manufactured nostrums and continue to suffer when this great medicine lies ready for their hand if they only knew of it. I shall attempt to do all in my power to get those around me to know of it. Jas. Biddicombe, Cottam, Ont.

NOT A PENNY UNLESS BENEFITED.

This offer will challenge the attention and consideration, and afterwards the gratitude of every living person who desires better health, or who suffers pains, ills and diseases which have defied the medical world and grown worse with age. We care not for your skepticism, but ask only your investigation, and at our expense, regardless of what ills you have, by sending to us for a package. ADDRESS

THEO. NOEL, GEOLOGIST, F. A. DEPT., YONGE ST., TORONTO, ONT.
