The Quickest, Simplest Cough Cure.

Easily and Cheaply Made at Home. Saves You \$2.

This recipe makes 16 ounces of cough syrup—enough to last a family a long time. You couldn't buy as much or as good cough syrup for \$2.50.

Simple as it is, it gives almost instant relief and usually stops the most obstinate cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite, and has an excellent tonic effect. It is pleasant to take—children like it. An excellent remedy, too, for whooping cough, sore lungs, asthma, throat troubles, etc.

Mix 2 cups of granulated sugar with one cup of warm water, and stir for 2 minutes. Put 24 ounces of Pinex (fifty cents' worth) in a 16-oz. bottle and add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

Pinex is one of the oldest and best known remedial agents for the throat membranes. Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in guaiacol and all the other natural healing elements. Other preparations will not work in this formula.

The prompt results from this recipe have endeared it to thousands of housewives in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Toronto, Ontario.

Vernon Augustine and Princess May.

Princess May.

Dear Friend,—Thinking it might be of interest to the readers of Beaver Circle, I am sending you a picture of myself and pet colt. It is all May and I have of ourselves. I can make her believe she is sick, she will lay her head on my lap and shut her eyes, and when I tell her she is not a bit sick now, she is better, she will jump up again and want some sugar for her pay. I paid \$40 for her. She is my own; I bought and paid for her all myself, and so I am proud of her, she is so tame, and she will answer me every time I call her, wherever she is. I call her Princess May, and I will tell you why. Her mother's name is Queen.

Dressing-up Like "Goops."

She was born just at the time our present king and queen came to the throne, so she is really entitled to that name. Mamma says I look as if she was the only thing that ever happened. Now, I hope you will print her picture for me, so other little boys can admire Princess May also.

girl and boy knows all about holding for apples in a tub of water, about jack-o'-lanterns, and having somebody tell ghost stories in a dim light, while all the girls and boys sit round close. If you want to have something new, however, at your party, try cutting out "goops" like the above and pasting them on your invitations, you may draw the "goops" and fill in with black ink, one for each invitation, if you like. Ask everyone to dress like a "goop" and come to your house that way. Then you can imagine what fun there will be trying to find out who everybody is. After a while, of course, the masks are taken off, and the fun goes on as usual.

Thanksgiving.

The crops are in, the fields are bare,
The forests gleam with gold,
While glints of crimson, here and there,
The heart of man doth hold.

The ripened corn has filled the bin,
The cattle freely roam,
No bars, no gates, to keep them in,
The fruits are gathered home.

The yellow pumpkins primly stand,
Tho' naughty thoughts have they,
A jack-o'-lantern, impish hand,
With fairy sprites to play.

The nuts are dropping quickly down,
The busy squirrels, how gay,
The children nutting, out from town,
Spend many a happy day.

Our than's, oh Lord, to Thee we give,
For this abundant store,
All thro' the seasons help us live,
To praise the more and more.
