

Is Anything On Your Farm Stronger Than A Bull ?

YES! If your fences are "IDEAL" Woven Wire, made of large gauge No. 9 HARD STEEL wire, heavily galvanized and with the verticals and horizontals clamped together with the Ideal Lock—that CANNOT SLIP. Bull-strong; hog-tight; horse high—a REAL fence.

NO! If you have wire fences of the ordinary kind—fairly good for a few years, but with no reserve strength to stand hard usage—because poorer wire makes them, and stretching them taut takes the utmost of their little strength to start with.

All Large Gauge Number 9 Hard Steel Galvanized Wire

From top to bottom Ideal Fence is all the same—large gauge No. 9 hard steel wire, heavily galvanized and therefore rust-proof. Note lock and its uniform smooth curve—no sharp turns to weaken the strength of the lock and yet a most positive grip—in FIVE different places. This is the fence that has ample springiness, immense strength, and the ONE LOCK THAT'S GOOD. Drop us a card and get our catalog telling all about the many styles and merits of IDEAL FENCE. Sample lock comes with it. Write us today.

McGREGOR BANWELL FENCE COMPANY, LIMITED, WALKERVILLE, ONTARIO

Beautiful is the Job when Minerva Paint is used.

Smooth and even is the Minerva surface—free of bubbles, cracks and imperfections.

The color is positive and lasting. Minerva Paint enters every crevice and grain of the wood, insuring real protection against weather and decay.

It's the high quality that counts—the exacting selection of the finest and purest paint ingredients, the scientific grinding and mixing that makes Minerva Paint superior.

Is easy to apply, spreads evenly and dries quickly. Hides all blemishes.

MINERVA PURE PREPARED PAINT

Painting becomes a pleasure. For floors, inside or outside, Minerva Paint withstands the hard wear for years, and retains its unbroken surface.

If your dealer cannot supply you, write us:
