#### LATEST CABLE NEWS.

Dublin, Sept. 19, 1883.—Never since Dublin, Sept. 19, 1883.—Never since the famous repeal agitation of O'Connell have such great meetings been held in Ireland as at present. The meeting in Dublin on the 29th ult., far surpassed anything of the kind held in the palmiest days of the Land League. The meeting at Waterford was attended by more than 30,000 persons; and last Sunday at a meeting in Carrick-on-Shannon, in Leitrim, more than 50,000 persons were present. The enthusiasm and unanimity of the people is almost unexampled in the history of Ireland. At the Carrick-on-Shannon meeting, Mr. Thomas Power O'Connor, M. P. for Galway, delivered a stirring speech in favor of home rule for Ireland. The meeting adopted resolutions declaring that the Irish National League will never cease its efforts until a native declaring that the Irish National League will never cease its efforts until a native Irish Parliament is established. A large meeting of the league was also held at Mallow, at which Mr. William O'Brien, M. P., editor of the United Ireland, made an address. He urged his hearers to persevere in their determination to win the independence of Ireland from English domination by peaceful means, if possible, but to win it at all hezards.

The South African steamer Athenian.

Aus., Aug. 9, and who were not permitted to land, have been shipped to Europe. but to win it at all hezards.

The South African steamer Athenian, with O'Donnell on board, arrived at Funchal, Sept. 13. O'Donnell was in charge of two colonial detectives. He said he was utterly indifferent as to the result of his trial, and he added that he is perfectly sure that he will never be hanged. When sure that he will never be hanged. When told of the manifestations of sympathy told of the manifestations of sympathy for him and general satisfaction exhibited at Carey's death, he laughed and replied that he had no doubt of it. He expressed himself as being more than grateful to the Americans for the manner in which they upheld him and for the light in which they looked upon his act in ridding the earth of such a man as James Carey was. On hearing news of Marwood's death O'Donnell smiled, and said that had Marwood lived he would never have had the pleasure of exhibiting his skill on him. Marwood lived he would never have had the pleasure of exhibiting his skill on him. Every possible step was taken by the officials of Madeira to prevent a surprise. Soldiers patrolled the shore and all persons communicating with the ship were closely questioned. Leaving Funchal the steamer sailed for England and arrived off Plymouth at noon Sept. 17. But the Plymouth at noon, Sept. 17. But the authorities at the last moment decided to land him at Southampton instead. It is not known whether or not this course was taken because of information received by the police relative to the movements of sympathizers with the prisoner. Upon being landed at Southampton O'Donnell was taken in charge by three detectives who brought him to London under the escort of a large body of police. Great crowds assembled at the railway stations, but no attempt the railway stations, but no attempt was made at a reside. On leaving the vessel he addressed the inspector, saying with a laugh: "Have y u got Number One this time?" The inspector replied in a playful manner, putting up one finger, "Number One is a tall, straight figure; if you had been bigger round I might have taken you for Number Two." A long conference had been held on Sunday by police inspectors at Scotland Yard, at which was considered the subject of securing the safety of O'Donnell and the witnesses of the Caray "grammy." witnesses of the Curey "removal" upon their arrival in London. In reply to questions, O'Donnell stated that he had a pleasant voyage; that he had not been placed in irons or hand cuffed; that his placed in irons or hand-cuffed; that his custodians treated him with remarkable kindness, allowing him to go upon deck morning and afternoons, and that his meals were served to him in his own cabin. O'Donnell has an Irish cast of counten-O'Donnell as an Irish cast of counter-ance and piercing black eyes. He shook hands heartily with the detectives who received him from the Cape policemen. It is reported that O'Donnell says that he does not so much mind being tried for the does not so much mind being tried for the slaying of Carey, but that he is afraid that he will be recognized by the police as a participant in other affairs. The detectives who have taken charge of him are the same

The extreme Radicals are preparing to contest all the great boroughs in England at the next election, even in opposition to the Liberal candidates of the old school. The programme issued by Mr. Parkhurst, the ultra-Radical candidate for Manches ter, is a type of the rest. It comprises nearly all the points of that once celebra-ted charter—the abolition of the House of Lords, adult manhood suffrage, the payment of members of Parliament, the disestablishment of the church, the abolition of parliamentary oaths, secular, free and compulscry education, and local self-government for Ireland. At the Leeds conference an effort will be made to persuade the Radical delegates to subordinate this programme to the immediate interest of Liberalism, while indorsing all the points above stated as the ultimate platform of the party. This is Mr. Chamberlain's plan. Mr. Davitt's recent utterances are re-

way car in which he was conveyed to Lon-

don, and the carriages preceding and fol-lowing it, were filled with policemen.

garded with attention. The report of his serious illness is unfounded. There is no uncertain sound about what he says when he tells his hearers that landlordism is to be extinguished by boycotting. Captain Boycott relinquished an obnoxious post, and he is to-day the most popular man in Ireland after the Irish national leaders themselves. The landlords will have to abandon their position, and the popularity may or may not come afterward. The speech has provoked much comment from the Tory press. They demanded the revocation of Mr. Davitt's ticket of leave on the ground that his speeches contain rank sedition. Lady Florence Dixie has again given

vent in the London papers to her opinion of Irish affairs. Mr. Davitt is the victim this time. She attacks his recent speech at the meeting of the National League at Cappamore in the most violent manner, and says that the sentiments to which he gave utterance on that occasion are a direct incitement to revolt and rebellion.

James McDermott, who left America recently for England, and who has been examined three times before a stipendiary justice on a charge of conspiracy to mur-der public officials in connection with the

of \$20,000 from Avondale, and free to become what he has always aspired to be, a good landlord.

Mr: Healy, who ought to know, says Ireland is looking up. She is certainly going ahead, for the first long electric tramway in the world was opened on the 25th inst., to run from the railway terminus at Portrush to the Giants' Causeman. There is accircus invesses in cattle way. There is a serious increase in cattle disease.

The Parnellites are stumping Ireland

vigorously, with a view of returning such a preponderance of Home Rulers as shall enable Mr. Parnell to hold the balance between the two parties, and dictate his wn terms. own terms.

#### THE NEW CRURCH IN PARIS

The following is a description of the magnificent church recently consecrated to the service of Almighty God, in the

magnificent church recently consecrated to the service of Almighty God, in the town of Paris, Ont.:

The Catholic Church was the pioneer church of Paris and far surpasses all the ecclesiastical structures in the town. It is in truth the architectural glory of the place. It is located on the corner of Washington and Main streets, and was first used for divine service in the year 1857. The pastor is Very Rev. T. J. Dowling, V. G., who is at present administrator of the diocese, an able preacher, a gentleman of paternal kindness and sound judgment, beloved by his flock, and, it may truly be said, by all of every denomination in Paris. The church is a fine specimen of decorated Gothic. The tower is lofty, well-proportioned, with a brautiful spire, surmounted by a gilded cross. The building is constructed of a very rich field stone, to which time is likely to add fresh beauty and depth of color. The coping and caps for buttresses are of the best cut stone from Ohio. The interior is very striking. The spirit of true Gothic architecture is carried out in the minutest detail. Everything is real, there being no trashy ornaments. On each side are transepts, separated from the body of the nave by five massive pillars of cut stone, surmounted by arches, the minutest detail. Everything is real, there being no trashy ornaments. On each side are transepts, separated from the body of the nave by five massive pillars of cut stone, surmounted by arches, which give the effect of distance to this beautifully proportioned church and sanctuary. The roof of the nave is open work; on each side the light falls through work ; on each side the light falls through the stained glass windows. The cler-

stery
"Dim and deep
"While round the awful
Such airs as soothe a hermit's sleep." The church is heated by hot air furnace

n the basement, and is at present lighted by oil lamps. The nave and transepts are heated with coal and wood. The windows are all of stained glass, and, for the most part, gifts. The mullion and traceries, which are modified, are chastened examples of the decorative style, and all of cut stone. The frescoing is a fine specimen of workmanship. Over each of the massive pillars are placed a statue of the apostles, and a magnificent statue of St. Patrick is placed in the arch over the gallery, while over the main arch of the chancel is a beautiful oil painting of Our Lord, surrounded by adoring angels and cherubs. This work is a master-piece, and painted on the wall, done by Mr. H. Mcpainted on the wall, done by Mr. H. Mc-Millan, of Dundas. The tower of the church is fifteen feet square, the spire one hundred and ten feet high, the nave is ninety by forty-five feet square, chancel and sanctuary twenty-four by twenty. Beyond this, communicating with the pastor's house, is a vestry eighteen by fifteen. The roof is slate. The alter is men who were engaged in ferreting out the fifteen. The roof is slate. The altar is marble and granite, all ornamented with best gold leaf. It has four niches for the four evangelists, beautiful specimens of art. On the north side is an oil painting, the work of a French artist, representing the baptism of Christ. There are two side altars, the Blessed Virgin's on the side altars, the Blessed Virgin's on the north side, whose image represents a face of beauty and benignity. On the south side St. Joseph's statue is very beautiful. The transept walls are decorated by the stations of the cross. The baptismal font is of white marble, in imitation of the ancient font at Oxford. The building cost \$20,000, almost entirely raised by Father Dowling. It was dedicated to the Sacred Heart in February, 1881, by the late venerable Bishop Crinnon, who then appointed Father Dowling Vicar-General of the Diocese. The frescoing was done by the Walker Bros., of Dundas. It reflects very great credit on them.

# BRANTFORD LETTER.

Our annual picnic on the 20th was quite a success, though a more unfortunate and disagreeable day for outdoor amusements could not well be imagined. Early in the morning the rain fell heavily and there was not an hour up to seven at night that did not bring shower and drizzle. It looked, however, as if every shower would be the last and people began to come to the grounds from one o'clock, and kept on coming until several hundred were present. The lacrosse match between the Paris and Brantford boys was well contested and very much enjoyed Paris won by three games to one. In the football match between married and single men the bachelors won after a hard struggle. The baseball match did not come off on account of the rain, and the come off on account of the rain, and the only foot-race that could be run was one among the boys. One of the refreshment tables was under the charge of the young ladies of the Sodality, and the obliging waiters gave good satisfaction to their patrons and realized handsomely. The married ladies, in another quarter of the large building held their "fet home." large building, held their "at home," and very many accepted their invitation, and looked better and felt better after the der public omiciais in connection with the dynamite party, was again brought before the court Sept. 18, and was discharged, the evidence against him being insufficient.

The Liberals have decided to not contest the Manchester district. This will leave one of the late Father McKinnon, and the fight between Mr. Houldsworth, the one or two others, and little girls with

Tory candidate, and Mr. Parkhurst, the Home Rule nominee. The latter belongs to the Radical Bradlaugh school, and it is believed that he will be supported by the Irish voters.

The mortgage on Mr. Parnell's estates in Wicklow has been cancelled by his drawing a check for \$35,000 on the treasurer of the Parnell national tribute fund. This leaves Mr. Parnell with an income of \$20,000 from Avondale, and free to become what he has always aspired to be, a good landlord.

grab-bags and bouquets were always within call. A brass and a string band were on the grounds. Everything passed off most pleasantly, and it is thought there will be upwards of \$300 realized.

On Saturday last the remains of Mrs. Second, of Burford Township, (widow of the late J. C. Second, Esq., J. P.) were interred in the cemetery here. Very Rev. Father Dowling, of Paris, performed the funeral ceremonies, assisted by the Revds. P. and J. F. Lennon of Brantferd. The large funeral procession was made up P, and J. F. Lennon of Brantierd. The large funeral procession was made up mostly of Protestants from Burford Town-ship, and before beginning the services Father Dowling said he wished to speak a few words of the deceased, although few words of the decease, in our funeral sermons were unusual in our church. He said that for many years she had stood alone in her neighborhood to church. He said that for many years she had stood alone in her neighborhood to keep the light of faith burning; that many of her neighbors, who always associated Catholicity with ignorance and superstition, because it so happened that some of our people were ignorant, had through her good influence come to respect a religion they did not understand. Her great delight was to instruct those about her house was a school and a church delight was to instruct those about her, and her house was a school and a church in her neighborhood. Through her prayers and good example she obtained the conversion of her husband some years ago. He spoke feelingly of her many noble traits of character, and told how she had been a mother to him when he came to the parish a young priest nineteen years. been a mother to him when he came to the parish a young priest nineteen years ago. Father Dowling also officiated at the grave. About thirteen months ago her husband was buried here. Three children survive, one son and two daughters. The Rev. Father Doherty, of Arthur, spent a couple of days in the city last

olutions, Messrs. Dulan, James, and Dal-ton; Committee on Constitutional amend-ments, Messrs. Behan, Dulan and Ken-nedy. The president, Mr. John M. O'Mara, of London, delivered the following address:

To the Executive and Delegates of the Eleventh
Convention of the I. C. B. U. of Can-

GENTLEMEN :-Allow me to extend to

you a cordial and sincere welcome to the Eleventh Annual Convention of the Irish Catholic Benevolent Union, and I trust that your deliberations will be marked by earnest, careful, and tranquil debate.

It is customary upon occasions of this kind to make a short address, and, in my opinion, it is all the better for being short, because no doubt metters of great in

opinion, it is all the better for being short, because, no doubt, matters of great importance will be submitted to you. I will not take up your time, therefore, but will enter only briefly upon a review of the workings of the Union since last Convention. I regret to say that since that time we have not added any new branches to the Union, but those already belonging have increased numerically financially. have increased, numerically, financially, and permanently, notwithstanding the apparent opposition (in some cases) of Catholic Societies outside of the Union. In charity, let us hope that this evident

contrariness of our opponents is due to their earnestness in their own behalf. To enter into the different matters that

During the past year I have endeavored During the past year I have endeavored at considerable time and trouble to myself, to augment the membership of the Union, and I might here state that my efforts have been nobly seconded by the Secretary-Treasurer of the Union, Mr. J. J. Behan, that gentleman being ever assiduous in the performance of his duties; but I regret to say that our efforts were of no avail. We found ourselves supplanted by other benevolent organizations planted by other benevolent organization of a more extended financial basis. T this is due, in a great measure, the reluctance of other societies becoming incorporated with the I. C. B. U.; but as the societies ties already belonging to the Union have grown larger and more influential, the outlook of the coming year is very en-couraging. Much of course depends on the energy and discretion of the Executive. I would remind you of electing to that office only persons who will promote the interests of the Union, and who will endeavor by perseverance and good will to bring about the accomplishment of the

great and munificent purposes for which the I. C. B. U. was organized and intended. And now, gentlemen, I will not trespass on your time, but hope that God will bless our Convention and trust that His divine guidance may be extended to us. this assurance I feel confident that the result of this Convention will be of material and lasting benefit to the Irish Cath-olic Benevolent Union of Canada.

I now declare the Convention open. Convention adjourned at a give the delegates an opportunity of visit-ing the Exhibition.

This evening the officers of the Union

will be entertained at the residence of Mr. J. M. Kennedy, Vice-president-Evening Canadian.

Mrs. A. Nelson, Brantford, writes : Mrs. A. Nelson, Brantford, writes: "I was a sufferer from Chronic Dyspepsia for eleven years. Always after eating, an intense burning sensation in the stomach, at times very distressing, caused a drooping and languid feeliag, which would last for several hours after eating. I was recommended by Mr. Popplewell, Chemist, of our city, to try Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, and I am thankful to say that I have not been better for years; that burning sensabeen better for years; that burning sensa-tion and languid feeling has all gone, and food does not lie heavy on my stomach. Others of my family have used it with best results." Sold by Harkness and Co., Druggists, Dundas St.,

## C. M. B. A NOTES.

S. R. Brown, Grand Sec. C. M. B. A.— At 10,30 on Sunday morning, Sept. 15th inst., Paris Branch, No. 17, C. M. B. A, presented to his Grace the Archbishop of presented to his Grace the Archbishop of Toronto, on the occasion of his being present at the dedication and re-opening of the church of the Sacred Heart, the following address which was read by the Recording Secretary, Mr. John Sheppard:

To His Grace the Archbishop of Toronto.
May it please Your Grace:—It is with yeary great pleasure that the representa-

very great pleasure that the representa-tives of Paris Branch, No. 17, of the Catholic Mutual Benefit Association, present themselves before you for the purpose of extending Your Grace a most warm and cordial welcome to our parish. We are glad of the opportunity afforded us by our revered pastor on the occasion of your officiating at the dedication of our your officiating at the dedication of our church to thank you for the kindly interest you have ever taken in the welfare of our association, in Toronto and other parts of your Archdiocese. It is a great thonor for our association to have merited the approval of so exalted a dignitary of the church, for which we tender you our sincere thanks. In your person we to-day recognize and greet the supreme day recognize and greet the supreme spiritual adviser of our association in this piritual adviser of our association in this province, and we sincerely hope that our feeble efforts towards its advancement in this parish may meet with your entire approval. Though we are happy to be able to inform you that our Branch is able to inform you that our branch flourishing to a very remarkable extent, yet we feel confident that the presence and encouragement of so distinguished a prelate as yourself will give new impetus to our progress and unite us still more closely in the bonds of religion and brother-ly love. In union with all the branches ly love. In union with all the branches of our association, we rejoice at your complete recovery from your late illness, and beg to assure Your Grace in conclusion that among the many who pray earnestly that your life may be prolonged for the good of the church, none do so more heartily than your spiritual children of Paris Branch, No 17, of the Catholic Paris Branch, No 17, of the O Mutual Benefit Association. Signed on behalf of the Branch,

THOS. O'NEAIL, President. JOHN SHEPPARD, Rec. Sec. In his Grace's reply to the above address, which was coupled with that of the one from the congregation and one from the young ladies of the Sodality, his Grace spoke in high terms of the C. M. B. A. and advised all who could to enroll in this noble society.

## OBITUARY.

We regret to announce the demise of a most estimable young lady of Windsor— Lizzie, youngest daughter of John and Margaret Burns, aged 18 years, which oc-curred on the 19th instant. The funeral curred on the 19th instant. The funeral took place from St. Alphonsus Church on the 21st. High Mass was sung by Rev. Father Scanlon, assisted by Rev. Dean Wagner. The remains were interred in Mount Elliot cemetery, Detroit, followed by a large concourse of friends. The pall bearers were Messrs. Hickey, Flynn, Wickson, Hall Irvine and Dero. This amin bearers were Messrs, Hickey, Flynn, Wickham, Hall, Irvine and Doran. This amiable young lady had the consolation of receiving all the rites of our holy faith before she departed this life. She was highly esteemed by all her acquaintances for her many lady-like qualities, was a sincere and fervent Catholic, and we doubt not is now enjoying that bliss which is promised to those who are faithful chilpromised to those who are dren of the spouse of Christ. who are faithful chil-

# THE HIGHEST AUTHORITY.

Upon a Subject of Vital Interest, Affecting the Welfare of all.

The following remarkable letter from one of the leading and best known scientific writers of the present day is specially significant, and should be of unusual value to all readers who desire to keep pace with the march of modern discoveries and

"A general demand for reformation i one of the most distinctive characteristics of the nineteenth century. The people claim the right to solve for themselves claim the right to solve for themserves the great questions of the day and demand that the general good of human-ity shall be respected. As the result of this general awakening, we see, on every hand, unmistakable evidences of reformanand, unmistakable evidences of reforma-tory action. People who, a few years ago, endured suffering the most intense in the name of duty, now realize the utter foolishness of such a course. Men who were under the such a course. Men who were under the bondage of bigoted advisers allowed their health to depart; suffered their constitutions to become undermined and finally died as martyrs to a false system of treatment of the course of th died as martyrs to a false system of treatment. There are millions of people filling untimely graves who might have lived to a green old age had their original troubles been taken in time or properly treated. There are thousands of people to-day, thoughtlessly enduring the first symptoms of some serious malady and without the slightest realization of the danger that is before them. They have occasional headaches; a lack of appetite one day and a ravenous one the next, or occasional headaches; a lack of appetite one day and a ravenous one the next, or an unaccountable feeling of weariness, sometimes accompanied by nausea and attribute all these troubles to the old idea of 'a slight cold' or malaria. It is high time that people awoke to a knowledge of the seriousness of these matters and emancipated themselves from the professional bigotry which controls them. When this is done and when all classes of physicians become liberal enough to exclude all dogmas, save that it is their duty to cure disease as quickly, and as safely as possible; to maintain no other position as possible; to maintain no other position than that of truth, honestly ascertained, and to endorse and recommend any rem and to endorse and recommend any rem-edy that has been found useful, no matter what its origin, there will be no more quar-reling among the doctors, while there will be great rejoicing throughout the world."

"I am well aware of the censure that will be meted out to me for writing this letter, but I feel that I cannot be true to my honest convictions unless I extend a helping hand and endorse all that I know to be good. The extended publications for the past few years, and graphic descrip-tions of different diseases of the kidneys and liver have awakened the medical pro-fession to the fact that these diseases are greatly increasing. The treatment of the doctors has been largely experimental and they were casting about for a remedy to cure them." many of their patients have died while

"It is now over two years since my attention was first called to the use of a most wonderful preparation in the treat-ment of Bright's disease of the kidneys. Patients had frequently asked me about the remedy and I had heard of remarkable curse effected by it, but like many others I hesitated to recommend its use. A personal friend of mine had been in poor health for some time and his applica-tion for insurance on his life had been retion for insurance on his life had been rejected on account of Bright's disease. Chemical and microscopical examinations of his urine revealed the presence of large quantities of albumen and granular tube casts, which confirmed the correctness of the diagnosis. After trying all the usual remedies, I directed him to use this preparation and was greatly surprised to paration and was greatly surprised to observe a decided improvement within a month, and within four months, no tube The peals of Mendelssohn's Wedding March filled St. Patrick's church this morning in honor of one of those happy events which from time to time occasions so pleasant a flutter in society, and always gives us pleasant to chronicle. The contracting couple were Miss Kata Depublish.

"After this I prescribed this medicine in full doses in both acute and chronic nephritis, [Bright's disease] and with the most satisfactory results. My observations were neither small in number nor hastily made. They extended over several months and embraced a large number of cases which A very large number of friends and acquaintances of the young couple were in have proved so satisfactory to my mind, attendance at the church, and a choir of that I would earnestly urge upon my professional brethren the importance of giving a full and patient trial to Warner's Safe Cure. In a large class of ailments where the blood is obviously in an unhealthy state, especially where glandular engorgements and inflammatory eruptions exist, indeed in many of those forms of chronic indisposition in which there is no avidence of overally nightly the ways. evidence of organic mischief, but where the general health is depleted, the face sallow, the urine colored, constituting the condition in which the patient is said to be 'bilious,' the advantage gained by the use of this remedy is remarkable. In Bright's disease it seems to act as a solvent of albumen; to soothe and heal the inflamed

the merits of this remedy thus frankly.

Respectfully yours,
R. A. GUNN, M. D. Dean and Professor of Surgery, United States Medical College of New York; editor of Medical Tribune; Author of Gunn's New and Improved Hand-Book of Hygiene and Domestic Medicine, etc.,

> A Grand Promenade Concert will be held in the Drill Shed, London, on Tuesday evening, October 2nd, in aid of the organ fund of the new St. Peter's Cathedral. The full Band of the 7th Battalion has been engaged. Admission 25 cents. Concert will commence at 7.30.

The tenacity with which people abide by their early faith in Ayer's Sarsaparilla can only be explained by the fact that it is the best blood medicine ever used, and is not approached in excellence by any new can-didate for public favor.

Most Excending are the twinges which rack the muscles and joints of the rheumatic. Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, by promoting increased action of the kidneys, by which the blood is more effectually depurated, removes through the natural channels certain acrid elements in the circulation which produce rheumatism and culation which produce rheumatism and gout. The medicine is also a fine laxative antibilious medicine and general correct-ive. Sold by Harkness & Co., Druggists, Dundas St.

Mr. C. P. Brown, Crown Land Agent, Sault Ste. Marie, writes: "Two or three of my friends and myself were recom-mended to try Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophos-bits of Lime and Sods, in preference phites of Lime and Sods, in preference to Compound Syrup of Hypophosphites. We prefer your Emulsion, and think it better for the system than the Syrup,"

When symptoms of malaria appear in any form take Ayer's Ague Cure at once, to prevent the development of the disease and continue until health is restored, as it surely will be by the use of this remedy. A cure is warranted in every instance.

In this city, on the 21st Sept., John Joseph, eldest son of the late John McLaughlin, of the Post Office department, aged four years and four months.

SAFE, SURE, RELIABLE & EFFECTIVE. Elegantly Sugar-Coated.

These Pills are a complete substitute for mercury or other injurious substances, common to this class of preparations. They are prepared with the most rigid scrutiny, care and exactness, from the most select and highly, concentrated extracts, so compounded as to reach the endless disesses which originate in derangements of the digestive organs, the bowels, liver and stomach. Being composed of entirely refined vegetable extracts, they can be taken at all seasons without restriction as to diet or ciothing. They are the result of many years of practical experience, and operate effectively, cleansing out the disordered humors, and thoroughly purifying and enriching the blood.

Single Box 25 cents, or 5 Boxes for \$1.00

25 Ask your Drugsist or Storekeeper for DR. JENNER'S PILLS, and take no other that may be represented to be "just as good."

Give them a trial; they are fully warranted.

Prepared only at the Chemical Laborator-
