

SAFETY FIRST

The best way to educate your employes to the safety habit is by signs.

The "SAFETY FIRST" sign will be before them many times each day and warn them of the constant danger they are subject to in the course of their duties.

Enamelled iron signs, on account of the brilliancy of their colors, attract immediate attention. They never fade and are as good in ten years' time as the day they are put up.

We make to order in any colors, with any lettering or design.

We will be pleased to quote you prices and submit sketches on request.
