Dr. Beattie Nesbitt went down to defeat in the Toronto mayoralty election, Mr. Joseph Oliver being elected by a majority of over 8,000, having polled 4,000 votes more than his nearest opponent, Geary, Dr. Nesbitt standing third on the list. He received a well merited rebuff at the hands of his fellow citizens for his attempt to play boss and dictator in the Conservative party.

Prevent Taking Cold—Often you come home, cold and shivering—feet are wet, throat is raw, chest a little sore. A bad cold is just beginning. Put on a Nedville Porous Plaster on your chest, rub your throat with Nerviline, and take a stiff dose of Nerviline in hot water. This prevents a chill, and checks the cold instantly. No remedies so useful in the home, so sure to prevent serious illness as Nerviline and Nerviline Plasters. Sold by all dealers, 25c each, but be sure you get the genuine, and refuse all substitutes.

Last Christmas was "dry" in Chattanooga, Tenn. Voluntarily, and without the compulsion of any law, the hotelkeepers of that city met and decided to close their bars on Christmas day and refuse to sell a drink. Not that they were of opinion, that booze is out of place in the United States of America on the great holiday; but because they were aware that the sale of liquor on that day would probably lead to trouble, the black man of the neighborhood having but little control over his appetite.

A curious but important case was recently tried in Meaford. A local real estate agent sued an estate for his commission, basing his claims on the fact that the parties had not given 60 days' notice in writing of withdrawal, as required by agreement. The property had been put in other hands and sold. The Judge decided in favor of defendants, claiming that notwithstanding the written agreement, the man who sold the property was alone entitled to the commission.

Notices of the 8th annual meeting of the Walkerton Binder Twine Co Ltd. are being sent out this week, the meeting to be held on the 23rd day of January. Notice is also given that a special resolution will be proposed under the provisions of the Joint Stock Companies Act, and if approved of will be carried, requiring the Binder Twine Co. to be wound up under the provisions of the act. The Binder Twine factory is not doing much good lying idle, but this is probably the wrong time to wind it up.—Walkerton Telescope.

By the use of an ordinary pocket-knife Dr. L. L. Syman of Springfield, Ohio, slit the windpipe of Lucille Hudson, to save her life, as the child, who was only four years old, was choking to death from diphtheria. The windpipe was opened and a tube inserted, and after an hour's work the little one began to breathe regularly and dropped into a sleep. After the tube had been put in Dr. Syman blew in it while another doctor contracted the child's chest until she began breathing naturally. When the doctors arrived she had become black in the face and appeared in a dying condition. The child is likely to recover.

SATISFIED.

A gentleman recently gave employment in his garden to a man who proved utterly unfitted for the work, as well as very lazy.

One day the employer, his patience exhausted, called this man, Sam, into his room and told him to look for another job.

"Will you give me a reference?" asked Sam, piteously.

Although he knew that he could not conscientiously comply with this request, the gentleman felt he could not refuse the appeal. So he sat down and composed with much thought the following:

"This man, Sam H—, has worked for me one week, and I am satisfied."

When the Stomach Heart or Kidney nerves get weak, then these organs always fail. Don't drug the Stomach, nor stimulate the Heart or Kidneys. That is simply a makeshift. Get a prescription known to Druggists everywhere as Dr. Shoop's Restorative. The Restorative is prepared expressly for these weak inside nerves. Strengthen these nerves, build them up with Dr. Shoop's Restorative—tablets or liquid—and see how quickly help will come. Free sample test on request by Dr. Shoop, Racine, Wis. Your health is surely worth this simple test.—J. COATES.

On December 17th, a portion of the American fleet left Hampton Roads, Virginia, on its long tour to the Pacific coast. This fleet consists of sixteen battleships commanded by Admiral Bob Evans. Perhaps very few ordinary people could give any reason for the cruise and the vast expenditure of money required for it. It is well, however, to know that the fleet is not sent out for warlike purposes, and its heavy armament is not likely to deal destruction to cities, or death to individuals. Its mission is probably a display of strength, and a silent intimation to Japan, as to what Uncle Sam could do if he got mad, and really wanted to make a noise on the Pacific coast. While it may appear to be a great waste of money, the ships may as well take a holiday cruise, and burn up a few thousand tons of coal, as rusting out in the Atlantic, where they really have nothing to do. Even a horse needs exercise, and a fleet is an expensive ornament. If you don't let people see you have a big ornament, what good is it, anyhow.

The town of Wingham owns and operates its own electric light plant, and the experience of the past year would indicate that financially the investment is a paying one for the town. After publishing the assets and liabilities The Times says:—"This makes a good showing when the plant yields a profit of \$2,000 after paying the debenture, providing for purchase of new generator and paying for repairs to engine." The plant has always paid its own way and not a dollar of the general taxes has been used."

GIRLS OF TO-DAY ARE WEAKINGS

FEW POSSESS THE VITALITY AND GIRLISH BEAUTY OF THE OLDER TIMES.

Never before was physical health and vigor so highly esteemed and so eagerly sought for as to-day.

No man finds happiness in a sickly wife, and the woman who wishes to enjoy the pleasures of life should spare no effort to maintain perfect health.

Is your daughter growing up strong and ruddy? Has she strength to drink in greedily all the pleasures that youth so zealously seeks—or is she compelled to use the street car instead of enjoying the delightful exercise of walking—does she after the ball arise tefrushed and vigorous, or is she exhausted, indifferent and perhaps irritable?

When strength and vigor can be so easily maintained by Ferrozone, when the glow of health is so quickly brought to the cheeks and elasticity to the step, it is plainly a mother's duty to see that Ferrozone is on hand to assist her daughter back to health.

Upon the wake of Ferrozone quickly follows a stream of rich, nourishing blood which imparts that power and surplus energy so earnestly desired by those in ill-health.

Stop and think what this means for your daughter—certainly a great deal, and it can be accomplished by Ferrozone. Every growing girl and young woman derives enormous benefit in many ways from this nutritive, vitalizing tonic.

It is especially suited for young women and is a guarantee of health and regularity as long as it is used.

Ferrozone is free from alcohol and perfectly safe to use. Prepared in the form of a chocolate-coated tablet and sold in 50c. boxes or six \$2.50 at all dealers.

A Michigan paper says that a load of sugar beets was delivered at Thoron Creek station by Michael Hoffman, the load weighing 15,610 lbs. The actual weight of the beets, minus the waggon, was 13,670 pounds, or a little more than 6½ tons.

A Grand Trunk train was derailed near Barrie. The cars rolled over two or three times and landed right side up at the foot of the embankment. The passengers escaped with a few bruises. The cars were burned.
