## HEAVY HEADACHE FOR FOUR YEARS

But Dodd's Dyspepsia Tablets Cured It—They Are Known By Their Works All Over Canada.

"By their works ye shall know them," and if you know Dodd's Dyspepsia Tablets by their works you must admit they are the greatest comfort producers of the present age. Here is some of their work. Mrs. A. Waddell, of 34 Simcoe street, Hamilton, says:

"I was troubled with heavy headache for four years caused by Dyspepsia. I doctored with the best doctors, but they failed to help me. I got one box of Dodd's Dyspepsia Tablets and after taking part of them I found I was cured. I can now eat in the morning; before I could not eat at all."

Thousands of other Canadians relate similar experiences. In fact everybody who has used Dodd's Dyspepsia Tablets tells the same story. Indigestion and Dyspepsia cannot live in the same body with them.

## MORE DEADLY THAN FAMINE.

Neglected catarrh sooner or later causes consumption, which destroys more human beings than famine and war combined. The way "Catarrh-zone" cures catarrh is very simple; it first kills the germs that cause the irritation; then by soothing away the congestion and inflammation it cures the discharge, hawking and drooping in the throat. "I suffered so continually from nasal catarrh," writes Ernest R. Dakin, of Rosemont, "that I sorely knew what it was to be free from headache and pain over the eyes. Catarrh-zone relieved me at once and made a thorough cure." No other remedy cures like Catarrh-zone—try it for your next cold.

## HELL OF FLAMING FIRE

Dr. Torrey's Vivid Picture of the Place of the Rejected.

People Grow Worse In Hell, Declares the Evangelist in Toronto's Massey Hall—A Place Without Hope—Only One Way of Escape From the Terrible Torment—"Take Christ! Take Him at Once!"

Toronto, Jan. 18.—Dr. Torrey preached the Gospel of an unmitigated and eternal hell of flaming fire for those who reject Christ during this life, to an audience that packed Massey Hall last night.

"Anyone who dares to hold out one ray of hope to the men who die impenitent dares to do what the Word of God does not do," he said. "The future destiny of the wicked is hopeless. There is not one ray of hope for those who die without Christ."

To accept Christ is to believe in Him in the heart, and to make a public profession, as in Dr. Torrey's formula, "I accept Jesus as my Saviour, my Lord and my King."

There was an absolute certainty of hell, because Jesus said so; it was described in Scripture, and our experience, our observation and common sense affirmed it, declared Dr. Torrey. It was a place of intense bodily suffering, torturing memories and remorse.

## People Grow Worse In Hell.

"In that dark world it will not take long for man or woman to sink to the level of the lowest," he declared. "Hell is without hope. Forever and ever is the ceaseless wall from that restless sea of fire. Would to God those who think otherwise could succeed in proving it! If they could only bring one text which, taken in connection with its context, would do so, I'd be the gladdest man alive. I am familiar with every passage used for this purpose," said Dr. Torrey, "and they won't bear the interpretation put upon them."

## Only One Way of Escape.

"There is only one way to escape hell: By accepting Christ as your Lord and Master, and by living each day to please Him," Dr. Torrey then appealed to penitents to stand up. Like an express train he heard the far distant rumble and thunder of the wrath of God as it came rushing on.

## Get off the track! Take Christ! Take Him to-night!

## NOTED WOMAN DEAD.

Her Son Committed to Prison to Await Investigation Into Cause.

Philadelphia, Pa., Jan. 18.—John McMorrow, son of Anita McMorrow, known as the "Coke" girl, who was yesterday committed to prison to await the coroners inquest into the death of his mother. Mrs. McMorrow died suddenly Tuesday, and the police say that a short time previous to her death she quarrelled with her son. McMorrow declared he was in no manner responsible for his mother's death.

Mrs. Anita DeB McMorrow was 75 years old, and was once famous because of her claim to ownership of vast estates in Spain and Cuba of the value of \$2,000,000. At one of her functions in 1876 was President Grant, Don Pedro of Brazil, and Senor Barea, Spanish Minister to the United States. Senor Barea was a frequent visitor after that, and one night the countess induced him to let her have for a day the \$20,000 that had been sent him for legal expenses. She did not repay the sum, and with disgrace sent herself in the Fifth Avenue Hotel, New York.

## GERMANY NOT INTERESTED.

Disclaims Interference in France's Controversy With Venezuela.  
Berlin, Jan. 18.—The Foreign Office calls to the attention of the Associated Press to a London despatch which asserts upon an ostensibly excellent Paris authority that President Castro's attitude toward France is due to German intrigues. The Foreign Office says this is absolutely false. Germany has not interfered by a single word in France's controversy with Venezuela.

## Rossini and Meyerbeer.

Rossini, walking one day on the boulevard with the musician Braga, was greeted by Meyerbeer, who anxiously inquired after the health of his dear Rossini. "Bad, very bad," answered the latter. "A headache, a side ache and a leg I can scarcely move." After a few moments' conversation Meyerbeer passed on, and Braga asked the great composer how it was he had suddenly become so unwell. Smilingly Rossini reassured his friend: "Oh, I couldn't be better. I only wanted to please Meyerbeer. He would be so glad to see me smash up."

## CONTRACTED CHRONIC DIARRHOEA WHILE IN THE PHILIPPINES.

I suffered severely from this terrible disease for over three years and tried the prescriptions of numerous physicians, but found nothing that did me any good until I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, two small bottles of which entirely cured me and I have since had no return of the disease."—Herman Stein, 212 N. ## A sensible answer is sometimes out of the question.

Between the ages of fifteen and forty-five the time when womanhood begins and motherhood ends, it is estimated that the aggregate term of woman's suffering is ten years. Ten years out of thirty! One-third of the best part of a woman's life sacrificed! Think of the enormous loss of time! But time is not all that is lost. Those years of suffering steal the bloom from the cheeks, the brightness from the eyes, the fairness from the form. They write their record in many a crease and wrinkle. What a boon then to woman, is Dr. Pierce's Favorite Prescription. It promotes perfect regularity, dries up debilitating drains, lessens absorption, cures female weakness and establishes the delicate womanly organs in vigorous and permanent health. No other medicine can do for woman what is done by Dr. Pierce's Favorite Prescription.

## WESTERN DAIRYMEN.

Some Cheese Factory Patrons Skim Milk or Water It.

Ingersoll, Jan. 18.—The early part of yesterday morning's proceedings in connection with the Western Dairymen's Convention was occupied with some interesting cheese scoring contests.

At the subsequent meeting, Chief Instructor George M. Barr presented his report on the work of instruction at cheese factories last year, and in this he complained of the objection on the part of cheese makers to instructors visiting the patrons. Such visits, however, he deemed as very desirable. He also expressed regret that larger numbers of patrons had either added water or taken off cream than in any previous year.

George A. Putnam, superintendent of Farmers' Institutes, took the farmers to task for not availing themselves of the advantages offered by the Government to obtain instructions.

Professors H. H. Dean and J. A. Rudick spoke on the subject of Canadian cheese in the British market, describing the classes of goods which were required in the old country.

## First Use of Potatoes in Ireland.

In the garden adjoining his house at Youghal, Raleigh planted the first potatoes ever grown in Ireland. The vegetable was brought to him from the little colony which he endeavored to establish in Virginia. The colonists started in April, 1587, and Thomas Harriot, one of their number, wrote a description of the country in 1587. He describes a root which must have been the potato:

"Openank are a kind of roots of round form, some of the bigness of walnuts, some farre greater, which are found in moist & marshy grounds growing many together one by another in ropes, as though they were fastened with a string. Being boiled they are very good meat."

The Spaniards first brought potatoes to Europe, but Raleigh was undoubtedly the first to introduce the plant into Ireland.

## TERRIBLE PAINS ACROSS BACK

SUFFERED EIGHT MONTHS WITH KIDNEY TROUBLE. WOULD HAVE TO STAY IN BED FOR THREE DAYS AT A TIME

## Doan's Kidney Pills CURED HIM

Mr. Thomas Fitzgerald, Hazeldean, Ont., writes us as follows: "I was a great sufferer from kidney trouble for eight months. I had terrible pains across the small of my back. I would have to stay in bed for three days at a time and could not do any work. I tried several remedies but of no avail, and also plasters but they were of no use."

One day a neighbor of mine advised me to try Doan's Kidney Pills. I was so much discouraged I told him I was tired of trying remedies, but he urged me to try one box so I purchased one, and before I was through using it, I found a change for the better so I got five boxes more, and I have had no trouble with my kidneys since. I would not be without Doan's Pills in my house."

It is really not difficult to cure kidney trouble in its first stages. All you have to do is to give Doan's Kidney Pills a trial. They are a never-failing cure for all forms of kidney trouble. They quickly relieve the congested, overworked kidneys, and gradually bring them back to health.

Doan's Kidney Pills 50 cents per box at three boxes for \$1.25, all dealers or Thos. Doan Kidney Pill Co., Toronto, Ont.
