The Sewerage Question Discussed.

DEAR SIR.—Just at present there seems to be a disposition on the part of many people to discuss ways and means for taking care of our sewage and waste.

Many people object to the idea of the town going to so much expense, but very few feel like denying the absolute necessity for some step in this direction.

As matters stand the whole town is honey-combed with cesspools—most of them through faulty construction and from entire absence of any system or rule.

Now for a system of sewerage the cost is estimated to be between \$250,000 and \$500,000.

In the one case the cost still continues, paying out money for expense account, in the other it is an outlay for capital account.

Sudden Death of Mr F. H. Murphy.

This community was startled on Wednesday last by the news of the sudden death of Mr F. H. Murphy, a well known resident.

Whiston & Fraser's Commercial College stands among the leading business schools in the Dominion, and is ever increasing its efficiency.

Beauties and Luxuries of Town Incorporation.

WITH A CHALLENGE FOR CONTRADICTION.

DEAR SIR.—I wish to show some of the beauties of our town incorporation, and for the statements which I shall make, I challenge contradiction.

The annual report of the Department of Railways and Canals which was brought down by the Honourable Mr Blair, on Monday, shows that the mileage of railways in operation in Canada, on the 30th of June, 1896, was 16,470, an increase of 1,707 miles during the year.

PRIVATE DWELLINGS.—Families consisting of five or less individuals, including servants, (per annum) Single Tap, \$5.00; each additional Faucet, \$2.00; Bath Tubs, each \$6.00; Water Closet, \$3.00.

PRIVATE BOARDING HOUSE.—Per annum \$8.00; Bath Tubs, each \$6.00; Water Closets, each \$6.00.

Now there are in this town wealthy families who because they can afford to live in private dwellings pay only \$13.00 a year, and at the same time there are poor widows keeping private boarding houses and paying out a scanty and self-denying living.

Then there is another wrong. There are many here who are glad to have land enough only for their buildings; there are others with large gardens and lawns and they are taxed the enormous sum of \$2.50 a year to use with a hose all the water they want.

NEW OPENING! NEW GOODS! I have just opened a Full Line of Gents' Furnishings!

A. A. ZINK, E. P. White & Co's Store, Corner of Main St., and Highland Ave., Wolfville, N. S.

Blanchards
