

Gleaned by the Way.

It is easier to take things as they come than to give them up as they go.

It's just about as hard to pick good advice, said Uncle Eben, as it is to do your own thinkin' inde first place.

She Gained 36 Lbs. Mrs. George Bradshaw, Hartford, Ont., writes: I was troubled for many years with weak, watery blood and dropsy.

Fig—Don't you wish you could live your life over again? Fig—Well, I should say not! I've got a twenty-year endowment policy maturing this month.

Fair Purchaser—Your eggs are all very small to-day, Mr. Jones. Mr. Jones—Yes'm, they are. But I am sure I don't know the reason.

Fair Purchaser—Oh, I expect you took them out of the nest too soon.

Children Cry FOR FLETCHER'S CASTORIA The recommendation of the Maine Game Commission for more severe treatment of careless hunters recalls the way an Indian in Washington county once sized up Maine's game laws.

It was the suburban young man's second year and he was still hopeful. 'We could do more,' he told his wife, 'if the soil was better. Why, those strawberry plants that we set out last week are already turning into cucumber vines.'

Sick headache results from a disordered condition of the stomach, and can be cured by the use of Chamberlain's Stomach and Liver Tablets.

Towne—There seems to be nothing he enjoys so much as the sound of his own voice.

Brown—That's so, and there's nothing annoys him so much as the thought that he can't hear himself when he talks in his sleep.

Uric Acid Suffering. Uric acid is an accumulation of poison which finds lodgment in the system when the kidneys fail to remove it from the blood.

'How did you get that spring overcoat?' 'Had a tip on a horse race.'

'I never knew one of those sure tips to pan out.'

'Neither did I, so I didn't slip it. Put the money in this overcoat instead.'

Children Cry FOR FLETCHER'S CASTORIA Insurance Adjuster (looking at the remains of the parlor furniture)—Is this all you managed to save out of the fire?

Anxious Old Lady—I say, my good man, is this boat going up or down?

Deckhand—Well, she's a leaky old tub, so I shouldn't wonder if she was going down. But then again, her bilge ain't none too good, so she might go up.

'You see,' said the little man with the dyed beard, as he munched an apple purchased from the train boy.

'I am a vegetarian.'

'You mean you try to be one,' answered the stranger on the seat beside him, pleasantly.

Little Willie's Excuse

A kindergarten teacher tells us a good joke on herself, according to the Columbus Dispatch. She had been very strict in requiring written excuses from the mothers, in cases of absence.

The morning of the big snow storm only a few of the babies made their appearance. The next day they all came with written excuses except one not named Willie.

When asked for his, he said: 'I did ferdit it.'

He was cautioned to bring it the next day.

The next morning he arrived all rosy with the cold and handed the teacher his excuse. It read: 'Dear Miss C—Little Willie's legs are 14 inches long. The snow was two feet deep. Very truly yours, Mrs. J.'

A certain Judge, by reason of his bad temper, found considerable difficulty in controlling individuals in the court room.

It is impossible to allow this persistent contempt of court, exclaimed his honor, 'and I shall be much to go to the extreme length of taking the one step that will stop it.'

Finally one of the leading counsel arose and without the suspicion of a smile asked, 'If it please your honor, on what date will your resignation take place?'

The advertiser who allots a reasonable amount of appropriation for county newspaper advertising is on a sure road to bigger sales and more profits.

Now in the time to get rid of your rheumatism. You will find Chamberlain's Liniment wonderfully effective.

A river flowing up stream was the strange phenomenon witnessed in Upper Dahomey by a French geographer during fifteen days of May, 1910.

The slope of the bed is slight, the river is dry several months in the year, and the rainy season begins in the down stream country, so that the water runs both ways until the channel is filled.

\$3,600 in Cash Prizes for Farmers

ARE you one of the thousands of Canadian farmers who have used or intend using Canada Cement? If you contemplate building anything whatsoever of concrete, make up your mind right now to build it with a view to winning one of the prizes we are offering.

Canada Cement is handled by dealers in almost every town in Canada. Should there not happen to be a dealer in your locality, let us know and we will try to appoint one.

Contest will close on November 15th, 1911, and all photos and descriptions must be in our office by that date.

PRIZE "A"—\$100.00 to be given to the farmer in each Province who will use during 1911 the greatest number of bags of "CANADA" Cement for actual work done on his place.

PRIZE "B"—\$100.00 to be given to the farmer in each Province who uses "CANADA" Cement on his farm in 1911 for the greatest number of purposes.

PRIZE "C"—\$100.00 to be given to the farmer in each Province who furnishes the best and most complete description of how any particular piece of work shown by photograph sent in, was done.

In this contest no farmer should refrain from competing, because of any feeling that he may have little chance against his neighbor who he thinks might use more cement than he does.

For it will be noted that Prizes "C" and "D" have no bearing whatever on quantity of cement used.

What the Farmer Can Do With Concrete. This book tells how to construct wall-high anything on the farm, from hitching post to silo.
