Treat the taggers courteously and give liberally.

## The Hunter's Oath.

So many different ideas have gained circulation as to the oath which persons taking out hunters' licenses in New Brunswick must make this year that the Department of Lands and Mines issued a statement this morning which set forth that the only oath which has to be taken on the purchase of a hunter's license is to the effect that the holder of the license will observe the law. Applicants for licenses are no longer required to make oath that they will inform on others breaking the game laws.

## Young Couple Wed.

A quiet wedding was solemnized at the Methodist Parsonage, South Devon, on Wednesday afternoon, when Miss Chrissie Elvina Hinchey, daughter of Mr. and Mrs. Herbert Hinchey, of Belfast, became the bride of John Roy McNabb, of Springhill. After the ceremony Mr. and Mrs. McNabb left on a short wedding trip and on their return will reside at Springhill.

## A MARKET READY FOR ENTIRE APPLE CROP, IT IS SAID

Between 50 and 75 Carloads Bought Up in the St. John Valley Recently.

## NO REASON TO ALLOW THEM TO ROT ON GROUND

Prices Equally as Good if Not Better Than Last Year, Says Horticulturist.

Between 50 and 75 carloads of apples have been purchased by buyers in the St. John Valley district during the past three or four weeks and there is a market for the entire apple crop in New Brunswick this year.

That was the information which A. G. Turney, provincial horticulturist, gave out this morning when his attention was drawn to generally circulated stories to the effect that apples were being allowed to rot on the ground in the orchards or were being fed to the hogs because of lack of help and facilities for shipment.

Mr. Turney declared that every grower who graded and packed his apples properly was finding a ready market for his crop at prices which were equally as good, if not better than those of the past two seasons. There were people engaged in orcharding, as in other business, who left themselves unprepared, but all who were ready to market their crop were finding good prices. Growers selling on consignment were getting \$4.50 for No. 1 apples while \$3 per barrel was being paid for all fall grades packed.

Recent reports as to the potato crop indicate that in some districts, as a result of the excessive rains of the past few weeks, rot is setting in and affecting the output considerably in some localities.

## THE PRESBYTERIAN SYNOD MEETING

Notable Men Amongst the 400 Delegates Who Will Be in Fredericton.

For the first time in its history the Presbyterian Synod of the Maritime Provinces will convene in this city on October 7th, the business meetings to be held in the Fraser Memorial Hall of St. Paul's church.

Nearly four hundred delegates, including clergymen and elders, have signified their intention of being present, and all will be billeted with members of St. Paul's congregation. Various committees of the congregation have been busy, with Rev. J. S. Sutherland at their head, in making arrangements for the meeting, the work involving considerable responsibility. Some notable men will attend the Synod, including Rev. Dr. Pringle, moderator of the Presbyterian General Assembly of Canada, Rev. Clarence MacKinnon, president of Pine Hill Theological College, Halifax, Rev. Thos. Stewart, clerk of the Synod, Rev. James Rose, of Halifax, superintendent of mission fields, and among many prominent laymen will be Horace Fleming, manager of the Bank of Nova Scotia, Halifax, and Rufus Dickie, a well known lumber operator, of Stewiacke, N. S., and others.

The gathering of such an important ecclesiastical body in Fredericton for the first time marks an epoch in the city's history, and cannot fail to have a most beneficial effect in many ways. Not only will the visitors be extended to them every possible hospitality, and they cannot fail to be impressed with the beauty, both natural and acquired, of the capital of New Brunswick. Presbyterians, particularly, are looking forward with great interest to the Synod meeting.

## COLD WEATHER AT HAND.

Early Migration of Wild Geese to South Impresses Local Weather Observers.

Local observers of weather conditions are confident today that cold weather is about to set in and that there will be an early fall season. Yesterday afternoon the wild geese started flying over Fredericton on their way south, one flock alighting in the St. John river in front of the str. Purdy's wharf to break their journey. The proverbial oldest inhabitant was being hunted up today to see if he could remember an occasion when the wild geese had started their southern movement at an earlier date. Predictions of an early winter wear being generally made today.

## Sent Back to Jail.

A colored woman, who only a few days ago was released after serving a sentence at the county jail, appeared before Magistrate Limerick again this morning for vagrancy and was given three months at the jail.

Hon. J. F. Tweeddale, Minister of Agriculture, left Chatham yesterday for St. John.

## DECLARE WOMEN MUST REGISTER IF THEY WANT VOTE

A Temperance Federation Scheme to Have Their Agents Furnish Lists.

## MUST OBSERVE LAW, REVISORS DECIDE

Women Who Don't Register Before October 5th to Go Without Vote.

Women of Fredericton who wish to exercise their franchise in provincial elections must register at City Hall before October 5th, in accordance with the law, or their names will not be included in the voters' lists which are to be made up on that date.

Such was the announcement made by Chairman Allen J. Wheeler of the Board of Revisors for this city this morning, following the meeting of the board which was held yesterday at City Hall. Here are estimated to be between 1,500 and 2,000 women of 21 years and upwards, British subjects, in this city, and all are entitled to vote if they register their names with the Board of Revisors, but only in that way can they obtain the right to vote.

The New Brunswick Temperance Federation, through the Ministerial Association of Fredericton, in their preparations for the referendum on prohibition, sought to make an arrangement whereby pastors of churches would furnish the revisors with certified lists of the women of their congregations, and upon receipt of these lists the revisors would place all the names contained therein on the voters' lists. It was admitted that this means was sought as a method of getting ready for the referendum, but the Board of Revisors have ruled that under the strict interpretation of the law all persons desiring to have their names added to the voters' lists must register before October 5th.

This morning an arrangement was being made whereby the mayor's office at City Hall will be made available for the use of the revisors next week and a formal announcement, it was said, would be published advising the hours when registration would take place. In addition to the women it is believed there are several hundred returned soldiers to register, and local G. W. V. A. officials will probably take up matters affecting them with the revisors between now and the first of the week.

Receiving Congratulations. Mr. and Mrs. Albert Kitchen are receiving congratulations on the arrival at their home yesterday of a baby boy.

## UNVEIL TABLET AT THE HIGH SCHOOL TO WAR HEROES

Bronze Memorial Tablet is Being Presented by the Class of 1899.

## JUDGE LIMERICK IS MAKING PRESENTATION

An Interesting Ceremony at the Assembly Hall This Afternoon.

At the Assembly Hall at the High School building this afternoon a memorial tablet to all the Fredericton High School students or graduates who gave their lives in the great war is being presented by the Class of 1899 and unveiled.

The tablet, which is of bronze, bears the following inscription: "In memory of Fredericton High School students who fell in the great war, 1914-1918. Erected by the class of 1899 in 1919."

Police Magistrate Walter Limerick, who was a member of the Class of 1899, will present the tablet; Dr. Foster, Principal of the High School, will preside, and Prof. Hagerman of the Normal School staff, who was a teacher at the High School in that year, will also make an address; Miss Edna Baird will sing a solo, and appropriate choruses will be sung under the direction of Prof. Frank Harrison.

By Motor Cycle from New York. Alexander Weeks, of New York, arrived in the city last night, having made the trip by motor cycle in four days. He registered at the Barker House and left this morning for Chatham.
