BIG GROWTH IN TWO WARDS.

Increase of 1,100 Indicates Large Advance iu Population.

No Time Lost in Beginning Herkimer Street Work.

Brantford Railway Will Have Five Foot Strip on Main Street.

It was announced to-day that the as sessment rolls would be closed this afternoon and returned to City Clerk Kent before to-night. The figures will be made public to-morrow, and while no official information was given out to-day, it is estimated that the ipcrease in population will show better than 4,000. two wards, which have never been noted for fast growth, there has been noted for fast growth, there has been an increase of over 1,100, the best in many years. The assessors say that a large portion of the new population is foreign, as many as sixty foreigners being found in someof the houses visited. It is believed that an effort will be made at once to have another assessor appointed, as the great rush of work this year kept the department working overtime for two months and prevented some of the employees from taking their holidays. There assessors have been doing the work for the last ten years, with the aid of clerks. aid of clerks.

There was a general expression of satisfaction among City Hall officials today at the settling of the five-foot devil strip, as the width for special work, by the Council last night. It disposes of a very troublesome question, they say, and will be a good thing for the city. No time will be lost in beginning the Herkimer street work, and Chairman Sweeney said this morning he expected a start would be made this afternoon. The reason Herkimer and James streets and York street were exempted in the a start would be made this afternoon. The reason Herkimer and James streets and York street were exempted in the report adopted last night was because these streets are too narrow for the five-foot strip. The company will order its special work at once. The agreement provides only for special work, and the company will be obliged to get the city's permission for widening the devil strip at any other point on its system. The report also removes the trouble over the width of the devil strip for the Brantford railway on Main street. This work will be rushed and completed to the Terminal Station. Chairman Sweeney says the street from Hughson to Catharine will be paved the first thing next year. The only chance of asphalt being used on Herkimer street, he says, is for the property owners to sign an agreement to pay \$1 a foot under local improvement. It is very unlikely that this will be done.

Chairman Sweeney, of the Board of Works, says that if local improvement is not adopted for road work that com-mittee should be allotted \$100,000 each year, of which \$50,000 should be devoted year, of which \$50,000 should be devoted to permanent road work. He is quite pleased with the work done this year in getting permanent pavements on King street east, Main street west, other streets, and the work that has been done in the outer districts. He would like to see John street from King to Main and Hughson from Main to King William paved this year.

Although the building permits for September show a decrease of \$67,055 over the corresponding month last year, there is still an enormous increase in the total value of this year's permits over last. The figures for the month were: September, 1906, \$ 9, and for September, 1907, \$8

The Hamilton Street Railway Company and the Grand Trunk have patched up their differences over the switch at Barton street sufficiently to permit the work to go on. The Grand Trunk will begin at once laying the switch across Barton street and to the city's yard and the Dominion Railway Board will decide the terms.

Chief TenEyek won the gold watch donated by the Hamilton Veteran Fire-men's Association in connection with the recent entertainment, for the most popu-lar fireman. The drawing took place at a meeting of the Vets. last night, and the Chief made a runaway race of it.

the Chief made a runaway race of it.

The proposal of Alderman Peebles to have the Hamilton, Waterloo & Guelph Railway by-law submitted to the people at the municipal elections would necessitate a delay of three months in the promoters going any further with the preliminary work, and perhaps result in another big setback. Some of the alderimen say it would practically kill the project again, perhaps for a number of years, and predict that the motion will be defeated on a vote of 16-5. Printed copies of the revised by-law have been sent out and as the by-law is practically the old one with slight changes, and has been gone into thoroughly by the Parks Board and Finance Committee, should not take long to deal with. It is said, however, that a number of amendments will be suggested.

The Fire and Water Sub-Committee Investigating the claim of Mrs. Devlin, who said her husband died as a result of injuries received while working for the Waterworks Department, reports that it finds there is no evidence to show that the city was negligent. Mr. Devlin worked for nearly a year after being injured.

CULTURED PEOPLE ATTRACTED

Prominent Clergyman and Leading Musician Quick to Appreciate Values in G. W. Carey's Big Piano Sale.

Despite the disagreeable weather or Saturday many found their way to 90 King street west to inspect the advertised by G. W. Carey in his great ten days' piano sale.

Among the early purchasers were two prominent personages in Hamilton Rev. P. W. Philpott, of the Christian Workers' Church, and the talented teacher of the Hamilton Conservatory of Music, Miss Nellie Hamm, F. T. C. M., Mus. Bac., and organist in Wesley

Church.

Every new piano in the store is offered at sacrifice prices, and in addition to these all the rental pianos returned from the summer resorts and summer hotols. While the sale lasts everything goes at slaughter prices. They only need to be seen to be appreciated. As an example of the bargains offered, a beautiful \$500 piano sits on the floor ticketed \$297, some \$325 pianos at \$187, in the window stands a \$275 piano at \$143. Every piano is tagged and marked in plain figures. You will find such reliable makes as the Mason & Risch, Henry Herbert, You will find such reliable makes as the Mason & Risch, Henry Herbert, Krydner, Dominion, Palmer, Uxbridge, Ennis and also a few of Canada's great piano, the New Scale Williams, at prices that will appeal to everybody.
