Toronto, Nov. 1.—Considerable comment and surprise has been occasioned at the action of the executive of the Dominino Trades Congress in connection with the office until recently filled by Mr. W. R. L. Trotter, as Canadian representative in England of the congress as to emigration matters.

Notwithstanding that the congress at its recent meeting in Quebec reaffirmed its continued confidence in Mr. Trotter, and appreciation of his services while in England, it now appears that for some reason or other Mr. Trotter has practically been "called off the job."

The speaker cited many instances from the Old and New Testaments showing how God Testaments showing how God used small means for great purposes, and he exhorted his hearers to keep them-selves in such a condition that God could use them. The leaders were given unds for election-eering purposes and all were told to use every effort to bring out the full Democrat vote.

Leaders of the party said to-day that Judge Gaynor would be elected without any doubt.

Herbert Parsons, who has had charge of the Republican campaign, asserted that Bannard would be elected by about 70,000 votes over Gaynor and by 120,000 over Hearst. He predicted an overwhelming plurality for the rest of the Republican-fusion ticket. The Hearst forces declare that the Gaynor campaign has completely collapsed and that Mr. Hearst will be elected by a tremendous vote.

The interest in the pre-election figures is on how much the total Republican vote of 228,000 last year will show a falling off and whether the Democratic vote of 168,000 last year will be increased. That it will show an increase was generally admitted to-day by close political observers, who point out that a majority of the 23,000 vote who were in the Independence League last year would naturally go into the Democrat column.
