

VARIETIES.

Gold.—"Gold well gotten is bright and fair; but there is gold which rusts and cankers. The stores of the man who walks according to the will of God are under a special blessing; but the stores which have been unjustly gathered are accursed. "Yonr gold and your silver is cankered, and the rust of them shall be a witness against you, and shall eat up your flesh as fire." Far better have no gold at all, than gold with that curse upon it. Far better let cold pinch this frame, or hunger gnaw it, than the rust of ill-gotten gold should eat it up as fire."

Beautiful.—There is a deep and beautiful meaning in the saying of the wife of Jagellon, Duke of Lithuania. Some peasants coming to her in tears, complained that the servants of the King, her husband, had carried off their cattle. She went to her husband, and obtained instant redress. "Their cattle have been restored to them," said the Queen, "but who shall give them back their tears?"

Bonaparte on Novel Reading.—No works were read but those of real value. By common consent all novels were banished from the circle, as Napoleon fervently abominated everything of the kind. If he happened to find a novel in the hands of any of the attendants of the palace, he unhesitatingly tossed it into the fire, and soundly lectured the reader upon her waste of time. (If Josephine had been a novel reader she never could have acquired that mental energy which enabled her to fill with dignity and with honor every position she was called to occupy.—Abbot's History of Josephine.

Wesley's Argument.—I beg leave to propose a short, clear, and strong argument to prove the Divine inspiration of the Holy Scriptures. The Bible must be the invention either of good men or angels, bad men or devils, or of God. It could not be the invention of good men or angels, for they neither would nor could make a book, and tell lies all the time they were writing it, saying, "Thus said the Lord," when it was their own invention. It could not be the invention of bad men, or devils, for they would not make a book which commands all duty, forbids all sin, and condemns their souls to hell and to all eternity. I therefore draw this conclusion, that the Bible must have been given by Divine inspiration.

"Mike, why don't you fire at those ducks?—don't you see you've got the whole flock before your gun?" "I know I had, but you see, when I gets a good aim at one, two or three others will swim right 'twixt it and me."

"Why are country girls' cheeks like well printed cotton? Because they are warranted to wash and keep their color."

We overheard a queer thing from a little fellow about six years of age, a short time ago. The subject of "wedding cake" had been introduced in the course of conversation, in which the father was taking a part.

"Father," said the little fellow, after having apparently reflected intently on something, "I shan't send you any of my wedding cake when I get married." "Why so?" was the inquiry. "Because," answered the little-fellow "didn't send me any of yours."—Knickerbocker.

A magistrate pursued a thief, who took refuge on a stump in a swamp. The justice reported the thief as follows: "Sightable—conversable—non est come-at-able—in swampy—up stumpum—railo!"

An Father Morris was walking through a parish famous for its profanity, he was stopped by a whole flock of the youthful reprobes of the place. Father Morris was Father Morria! the devil's dead!" "Is he?" said the old man, benignly laying his hand on the head of the nearest urchin, "You poor fatherless children!"

"Mister, how do you sell your beef this morning?" "Fourteen cents a pound." "Fourteen cents, eh?—have you got a heart?" "No, just sold it." "Well, I know'd you couldn't have a heart, and ax fourteen cents for beef."

A fellow went to Saratoga for his health,—to pick up a little, and picked up enough to send him to the State Prison for three years. This is recruiting, with a vengeance.

An omnibus upset in Broadway last Monday. One man was struck with an idea, but was not seriously injured; and a young lady was carried away by her own feelings, but was brought back on a wheelbarrow.

"Clara, my dear, what a beautiful sky; how I admire it." "Yes, Charlie; I sometimes wish I was a s-k-y."

Mrs. Partington says she never cared much about grand spectacles or other sights but there are two things she would like to have seen—the inoculation of Frank Pierce and the corporation of Queen Victoria.

A buck, while being measured for a pair of boots, observed: "Makes them cover the calf." "Heaven's!" exclaimed the astonished shoemaker surveying his customer from head to foot. "I have not leather enough!"

The pride which dices on vanity will, upon contempt.

CATHERINE BAKER, Executrix. DEAR SIR—I am enabled to furnish you with a most extraordinary cure effected by your invaluable Ointment and Pills which has astonished every person acquainted with the sufferer. About 10 years ago, Mr. W. Cummins, of Salsbury Street, in this town, was thrown from his horse, whereby he received very serious injuries; he had the best medical advice at the time, and was afterwards an inmate of different infirmaries, yet he grew worse, and at length a malignant running ulcer settled in his hip, which so completely crippled him, that he could not move without crutches for nearly 10 years; recently he began to use your Ointment and Pills, which have now healed the wound, strengthened his limb, and enabled him to dispense with his crutches, so that he can walk with the greatest ease, and with renewed health and vigor. Copy of a Letter from Mr. Hird, Draper, of Keeney, St. John, dated March 1st, 1852. To Professor HOLLOWAY.

DEAR SIR—Some time since, one of my children was afflicted with dreadful eruptions over the body and limbs. I obtained the advice of several eminent Surgeons and Physicians, all of whom the case was considered hopeless. At length I tried your Ointment and Pills, and without exaggeration, the effect was miraculous, for by persevering in their use, all the eruptions quickly disappeared, and the child was cured. (Signed) J. THOMPSON.

I previously lost a child from a similar complaint, and I firmly believe, had I in her case adopted your medicines, she would have been saved also. I shall be happy to testify the truth of this to any enquirer. (Signed) J. HIRD, Draper.

ANOTHER SURPRISING CURE OF ULCERATED BAD LEGS, DEBILITY, AND GENERAL ILL HEALTH.

Copy of a Letter from Mr. J. M. Clennell, of Newcastle-on-Tyne, dated September 29th, 1852. To Professor HOLLOWAY.

DEAR SIR—I am authorized by Mrs. Gibbon, of 31, Bailey Street, in this town, to inform you, that for a considerable period she had been suffering from a most distressing and dangerous complaint, which she had been treated by the most eminent Physicians, and she states that in a wonderful short time, they effected a perfect cure of her legs, and restored her constitution to health and strength; and that she is now enabled to do all her usual work, and in comfort. Several other persons in this neighbourhood have also received extraordinary benefit from the use of your invaluable medicines.

I remain dear Sir, your faithfully (Signed) JOHN MORTON CLENNELL. CERTAIN REMEDY FOR SCORBUIC HUMORS—AND AN ASTONISHING CURE OF AN OLD LADY SEVENTY YEARS OF AGE OF A BAD LEG

Copy of a Letter from Messrs. Walker and Co., To Professor HOLLOWAY.

DEAR SIR—Among the numerous cures effected by the use of your valuable medicines in this neighbourhood, we may mention that of an old lady living in the Village of Preston, about five miles from this City. She had ulcerated wounds in her leg for many years, and latterly they increased to such an alarming extent as to defy all the usual remedies; her health rapidly giving way under the suffering she endured. In this distressing condition she had recourse to your Ointment and Pills, and by the assistance of her friends, was enabled to persevere in their use, until she received a perfect cure. We have ourselves been greatly astonished at the effect upon so old a person, she being above 70 years of age. We shall be happy to satisfy any enquiries as to the authenticity of this really wonderful case, either personally or by letter.

A private in the Bath Police Force, also, has been benefited cured of an old scorbutic affection in the face, after all other means had failed. He states that it is entirely by the use of your Ointment, and speaks loudly in its praise. We remain, Dear Sir, Your's faithfully, WALKER & Co.

The Pills should be used conjointly with the Ointment in most of the following cases— Bad Legs, Ching-foot, Piles, Bad Breasts, Chills, Gout, Burns, Chapped hands, Glandular Swellings, Corns (Soft), Leishage, Bites of Mosquitoes, Cancers, Pains, Itches and Swellings, Contracted and Stiff Joints, Rheumatisms, Cooch-bay, Elephantiasis, Sore Throats, Skin-diseases, Sore Nipples, Scald-head, Tetter, Wounds, Yaws, Scurvy, Ulcers.

Sold at the establishment of Professor HOLLOWAY, 24, Strand, (near Temple Bar,) London, and by all respectable Druggists and Dealers in Medicines throughout the Civilized World, in Pots, at 2s. 6d. per Pot. There is a considerable saving by taking the larger size.

N. B.—Directions for the guidance of patients in every disorder are affixed to each Pot. GEORGE T. HAZARD, Agent.

AYER'S PILLS.

FOR ALL THE PURPOSES OF A FAMILY PHYSIC.

There has long existed a public demand for an effective purgative pill which could be relied on as safe and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills—one which should have none of the objections, but all the advantages of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient lither that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Dyspepsia, Indigestion, Langour and Loss of Appetite, Lislelessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, these are the consequences of diseased action in the liver. As an aperient, they afford prompt and sure relief in Constiveness, Piles, Colic, Dysentery, Cholera, Cholera Infantum and Scoury, Colic with soreness of the bowels, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.
