BLISSFIELD

Blissfield, Oct. 22—What might have resulted in a serious accident occurred here Sunday evening, when a horse driven by Mr. J. If You Want Evidence

That Hemorrhoids, or Piles, can be Completely Cured Read These Letters.—Both are Sworn Statements.

Toronto, Ont., Oct. 25—Next to personal experience the sworn statements of reliable people is the strongest evidence obtainable. If you have any doubt that Dr. Chase's Ointment will positively and completely cure piles, these letters should convince you. Mr. Samuel Parker, fruit grower, Grimsby, Ont., has made the following declaration before M. W. W. Kidd, Notary Public of the same place: I do solemnly declare that I was troubled with bleeding piles and was advised to go to the hospital to have an operation performed. My wife said 'No, get a box of Dr. Chase's Ointment.' I did so and have used it according to directions while living in Manitoba and obtained a complete cure, for I have never been troubled with piles since. I am now seventy years of age and want to recommend Dr. Chase's Ointment to all sufferers from piles. My wife has used it for itching skin and obtained complete cure. Mr. Donald M. Campbell, Campbell's Mountain, N. S., writes: 'I have used Dr. Chase's Ointment with great success for hemorrhoids or piles of fifteen years' standing. After trying all kinds of so-called pile cures, three boxes of Dr. Chase's Ointment gave me a complete cure. I have also used Dr. Chase's Kidney-Liver Pills, and there are no others so good. You may use this letter, if you wish, for the benefit of others who may suffer as I did.' Sworn before me, Murdoch Gordon Campbell, J. P., in the County and for Inverness County. If you would like to try Dr. Chase's Ointment at our expense, send a two cent stamp to pay postage and we shall mail you a sample box free. Full size box 60 cents, at all dealers, or Edmanson, Bates & Co., Limited, Toronto.

Letters From The Front

(Continued from page 3) A splendid game of tennis yesterday, with the guns booming away in the distance. Concerts abound; cinemas by the thousand; and refreshments by the ton! There is no telling you of the great, good work in France. Of course, they can do it, being backed financially by all the churches in England and by the whole nation, for that matter. So the Rev. J. G. S. is gone. It is really too bad. He was at Oxford, I heard, taking his M. A. degree. He was great! Art and I revel in the beautiful scenery here. The Autumn tints are exquisite; bright and varied. This is a huge camp and speedily situated on a hill. Just how long I shall remain here I do not know. You never know when you are marked to piece to the sea again. Months ago Art and I were at— I suppose you have read much about that town in the papers. It is a splendid looking city, once with 40,000 inhabitants, but empty now, of course. The Germans have held it for some time, and intend to hold on to it until they are pushed out! When I left it, the place had only been shelled a very little, so far as I could see from the position I was in; but, since then, I hear that the Germans have smashed every house up. There is not one roof remaining. That is what they have done all along the line, since 1914. It makes

10 CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—A 10-cent box from your druggist will keep you feeling good for months.

us hope for an opportunity to smash up some dozens of their towns by our artillery before peace comes.

The Queen was here, not long ago; but I was unable to see her; for this is a huge camp and she did not come our way.

I wonder if the guns will cease this year? Unless you are in France, you cannot possibly realize what it all means. For three long years the guns have boomed away ever the same, except in intensity. There is never a single moment, day or night that you cannot hear discharges of shells, or their explosions. When you have been here a certain time, you can tell the nature of the shell merely by the sound, and its size, too.

I am thankful to write that we are both in absolute safety, and hoping to keep so, by good fortune, for a time. What a nerve lot many will be! The number of men whose nerves have been badly affected is tremendous! How all the events will be vivid to present to the minds of the fighting men for years! Can I ever forget Vimy Ridge, or the other engagements through which I have passed? Can I ever forget my "gassing"? I had awful bad luck. Ten others who came down in the train, all "gassed", made it out! Two of us did not, and I was one of the two. We two just filled up the ward!

I must just tell you that Art and I certainly walk towards the firing line (keeping within safety of course) as we wanted to secure a certain peep, of great interest. Well, we were on our way back when a London Omnibus overtook us, and we shouted and clung on to it as the driver slowed down! Of course, all the advertisements were missing; but it did look so strange. And it did feel romantic, to say the least; to ride on top along the French roads, ever near to the great turmoil. A lot of "Imperials" were on top, calling the various stopping stations by fancy names, from "Marble Arch" to Lancaster Gate!

Sorry to be so brief, but must do better next time. We look forward to the time when a description of things by letter with censorship restrictions will be at an end, and we shall tell our stories, with many an interesting experience, face to face with our dear ones at home. Much love to all. Yours ever affectionately HAROLD.
