HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation, before I could get well."

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."

"—Mrs. MARIE BOYD, 1421 5th St., N. E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. New Disease Among Cattle

A cow, belonging to Mr. Worden (Hillman), of Belvoir, York County, was taken with a very peculiar disease last week, the symptoms of which are unknown of in this part of the country. She was giving two quarts of milk night and morning. Suddenly she stopped milking and the udder began to swell. Her nose turned black and became covered with a wartlike excrescence which spread rapidly. Her eyes took on a queer look and began to run a yellowish water. Some days she would drink three or four pails of water, other days she would not drink at all. Mr. Hillman kept her several days to see if possible what would be the outcome; but when the udder swelled to three or four times its normal size he killed her to put her out of her suffering. Although he skinned her at \$100. No one ever saw a cow like it before and no one knew what to do for her.
