OBITUARY. Died in San Francisco-Deaths in

City and Vicinity. James Carson, of Clearwater, Stanley, aged 48, died at the hospital here on Tuesday last. He had undergone an operation for obstruction of the bowels and was too weak to rally from its effects. The body was sent home for interment.

Thomas Townsend, a young man of twenty-four years, employed as a printer at the Farmer office died early this morning at the residence of his mother, George street, of consumption. He was much esteemed by his fellow workmen and had many friends in the city.

The sad intelligence was heard on Monday last by his mother and friends at Marysville that George Fisher had died on Sunday, th 14th at San Francisco, Ca., after a brief illness. George went to the Pacific slope about fifteen years since. He was the oldest son of the late Charles Fisher of Marysville and a brother of Mrs. Prof. Cadwallader. On the Nashwaak he had a wide acquaintance who speak of his death with sincere regret. James Love who lately erected and moved

into a house on Victoria lane, this city, died on Sunday last. He was a brother of the late Thomas Love of Marysville and had many relatives in the parish of Prince William where he was much respected. His funeral took place on Tuesday, the seryice being conducted by the Rev. Canon Roberts. R. A. Payne of the St. John Sun; Mr. and Mrs. F. W. Sharp of Boston; Mrs. Marckwald and Miss Grace Marckwald of Brooklyn.

THE excursion to Chatham on Monday next, under the auspices of the ancient order of Hibernians will, we think, be a grand success. Judging from arrangements that have been made by the committee this trip will afford excursionists a most enjoyable day's outing at a very small cost. The special train that is to convey this excursion; will provide ample accommodation for all who may go. The Fredericton brass band has been engaged for the occasion. A firstclass dinner and tea will be served on the grounds. Special will leave Canada Eastern station at 7 o'clock, local time.

A young Grass, of Campbell settlement, cut himself quite badly.

LUMBER SHIPMENTS -- More lumber has been shipped from the Marysville mills and the mills in this vicinity this year than any previous season. Had Hale and Murchie's mill not been burned the increase would have been very marked. The Marysville mill alone on account of there being no spring freshet had a month's extra sawing, or an increase of about four million feet.
