Certainly Prince Edward Island has never experienced such a continuance of hot and dry weather as prevails this summer. Ninety degrees in the shade is pretty hot for this latitude; but that is what we had, more than once of late.

While taking their final practice for the annual regatta Raymond Derry and Miss Estelle Pariseau upset their canoe last Friday evening at St. Hilaire, P. Q., and both were drowned. Both were active swimmers and expert canoeists.

Harry N. Atwood, the Boston aviator, left for Chicago last Monday night to make arrangements for the proposed flight from Milwaukee or St. Louis to this city. Atwood expects to cover the distance of about 1200 miles in 12 days.

The epidemic of cholera in Italy is spreading. From July 22nd to 27th, there were 68 cases in Naples with 20 deaths, in Naples Province 148 cases and 75 deaths. Throughout the remainder of Italy there were 130 cases and 51 deaths. In Palermo Province there were 75 cases with 35 deaths.

There was a large inside market yesterday and large quantities of vegetables and berries were sold. In addition to the prices of staples, elsewhere recorded, the following figures represented the market values: Raspberries 10 to 12 cts a quart; black currants 18 to 20; cherries 20; gooseberries 9 to 10; cauliflower 6 to 8; cabbage 4 to 6 cts a head.

The Imperial Governments legislative programme has become so congested that the Cabinet has decided to resort to an autumn session, and yesterday officially informed the House of Commons that Parliament would be adjourned on August 18th to reassemble in the end of October or beginning of November. The interim will be occupied with the disposal of the Veto Bill and the rest of the time devoted to the overdue finance bill and a resolution providing for the payment of members.

Travelling around the world with a dog team for a wager of \$10,000, Wm. Brown, of St. John's, Nfld, arrived at Superior, Wisconsin, having completed all of the trip except the distance between here and Newfoundland. According to terms of wager, which was made with a sporting club of St. John's, Brown must go around the world with a dog-team in five years. He left there on Christmas Day, 1906, and expects to cover the remainder of the distance in time to win his wager. His team consists of five dogs and a wolf.

A vote of censure of the Imperial Government for having obtained from the King a pledge to create, if necessary, sufficient peers to pass the Veto Bill, was rejected by the House of Commons last Monday night by a majority of 119. The gravest of Opposition charge against the Government was that Premier Asquith had taken advantage of the King's inexperience to bring about an abuse of the Royal Prerogative. Mr. Asquith disposed of his charge by showing that the Ministers had pursued the proper Constitutional course. After the Premier's speech, the debate on the Unionist side virtually collapsed.

EAST POINT TEA PARTY.—The parishioners of St. Columba, Fairfield near East Point, will hold a tea party in aid of the church funds on the beautiful grounds adjacent to the church, on Tuesday, August 15th inst. The good people of St. Columba will exemplify their proverbial hospitality to all who favor them with their presence on this occasion. It will be a most propitious season and the location by the "sounding sea," is ideal. What more desirable time or place for a pleasant outing. Don't fail to go. 2t

A large and enthusiastic Convention of Liberal Conservative delegates was held at Eldon on Saturday afternoon. Murdoch Anderson, Esq., occupied the chair and the proceedings throughout were most harmonious. The nomination of Professor James McPhail to represent the property holders as Councilman was endorsed by acclamation. Messrs John S. Martin and M. W. Murphy were then put in nomination for the Assemblyman's seat. The ballot showed that a majority were in favor of Mr. Martin, whereupon Mr. Murphy moved that his nomination be made unanimous, and the motion passed amidst applause. Short, stirring speeches were then given by the Leader of the Opposition Mr. Mathieson, by the candidates, and by Mr. Murphy. The Opposition party in Belfast is growing in strength and the nominees are popular as well as able.

President J. G. Schurman, of Cornell University, recently visited his boyhood home in P. E. Island. President Schurman has now resided about twenty-five years in the United States and has been much in the public eye. While in P. E. Island in conversation with a friend, he asked the friend what he thought of Reciprocity? The friend replied by reminding the president of a speech that he President Schurman, delivered years ago, when as a young man, he had just returned from a long period of residence in Europe. In his speech the young scholar maintained that if England was to maintain her position in world affairs she must draw the colonies closer to her, and that the highest good of the colonies lay in such closer union with the Mother Country. The distinguished gentleman acknowledged the speech of his young manhood and said emphatically, "What I said then, I say now." His friend then asked him if the Reciprocity pact did not look in the direction diametrically opposite to that of closer union with the Mother Country and with the empire. Reluctantly, but thoughtfully, President Schurman replied, "IT DOES."

Gentlemen.—In June, '98 I had my hand and wrist bitten and badly mangled by a vicious horse. I suffered greatly for several days until the tooth cuts refused to heal until your agent gave me a bottle of MINARD'S LINIMENT, which I began using. The effect was magical; in five hours the pain had ceased and in two weeks the wounds had completely healed and my hand and arm was as well as ever.

Yours truly,
