BISON PATRIARCH AT BANFF PARK IS DEAD most equal size imported from Texas. The fight began early in the morning,

Old Sir Donald, the Last of the Wild Buffalo in Captivity, Was Kitled by Other Members of the Herd

Many thousands of visitors to Banff. Many thousance or visitors to hant, the delightful resort in the middle of the Canadian National park, have the find the Machine park the Indian National park, have the Canadian National park, have the find the Machine park the Canadian National park the Canadian the delightful resort in the middle of grounds by goring the huge beast with their short and sharp horns. Not content with this, the herd pawed and butted at the prostrate monarch was no hair left. The cowboy charge of the paddocks saw Sir Donald walking about at 5 o'clock on Monday afternoon, and on looking for him next morning saw that he was ered the carcass with tarpolins to keep it safe from the prowling wolves and coyotes; but the buuffalo herd re- Hall, turned to the scene and indulged in a further display of indiginities to their fallen chief. For some time past the advisability of shooting Sir Donald had been dis-

he was obviously weakening with advancing years, and about a month ago Howard Douglas, the commissioner of parks, with a local taxidermist, went to the paddocks to inspect him, but so lively was the content of the paddocks to inspect him, but so lively was the cared for books, and never cared for the society of intellectual property is that the coal stocks old bull then that he charged vig- (Laughter.) orously at his visitors, who promptly when the news of his death was tele- feared. phoned to the superintendent's office it caused quite a considerable sensation, and steps were at once taken had as a great hobby the subject of with the view of having the whole criminals and prison. However, she of the park workmen with a few other were not criminals in the ordinary it. On their arrival however, they she had led so many reform movemining enough coal to keep this district from want if its products were provide facilities for settlers. He expenses the beginning she was fortunate being marketed here. It is not, how-pressed the opinion that the day of the lenders of the make it safe to go inside their enclosure. An inspection of the body showed that with the exception of the head and forelegs there was nothing left with hair on that could be set in general to be in the day of cheap wheat is gone as the acreage in the United States will decrease the head and forelegs there was nothing left with hair on that could be set in the united States will decrease in the United States will decrease the opinion that the day of cheap wheat is gone as the acreage in the United States will decrease in the United States will decrease in the United States will decrease the opinion that the day of D. Mann, of the Canadian Northern, with the local officials to discuss the leaving Canada and Argentine to supplied to the Granby Company mines is being ply the wheat of the world, till Signature. ing left with hair on that could be set became a full-hearted convert. She sent across the border for use on the beria and Manchuria adopt modern a mass of iellied flesh, hair and blood for she felt that everyone converted. Great Northern Railway, which now agricultural methods and become large railways in Saskatchewan. General a mass of jellied flesh, hair and blood. This historic animal and the loss of him as musium speciment is no small one. However, measures were at once begun to secure pictures of him as he at every turn. Then came the questions of the controls the company, and for sale to the Montana smelters.

The horses attached to the sleigh got very alarmed, and then constance, surely if there was any schools closed at Lethbridge.

get the hide off, which was in some tellectually, or in any way, it was a places two inches thick. This was thing to be proud of indeed. It was a days. Between 500 and 600 men are finally accomplished and the remains this country pointically or inplaces two inches thick. This was finally accomplished and the remains were then loaded on the sleigh for transference to the town, most of the men taking a short cut over the fence men taking a short cut over the fence footsteps. (Hear, hear.)

Ottawa, Ont., April 28.—A contentious measure affecting the Canada Life Assurance Company was before the Standing Orders Committee of the Standing Orders Committee of the House again this morning and been used yet. Outside of the C. P. was reported by a vote of 21 to 10.

Galvanized thing without Osbawa Galvanized thing without Osbawa Galvanized. hand again. As soon as the sleigh load drew near them they charged up to it en masse, jostling and crowding each other to get near the head of Ceremony Performed in Ontario Not their dead companion which adorned the back end of the sleigh. Three be back end of the sleigh. Three times the driver of the team fell over obstacles before he reached the gates, having to keep his eyes on his frantic horses, and on the bellowing herd ochind him. His companion proceeded to open the great gate to let the sleigh through, and for a few moments to looked as if the whole herd would escape into the adjoining paddock. Very fortunately the two men were able to close the gate, after driving in the buffalo which got through and so prevented what otherwise would have been an awkward state of affairs. The head of Sir Donald is now in the head of Sir Donald is now in the head of the government taxidermist, and will eventually adorn the walls of the government taxidermist.

Gaptured about 1872 by James Mc.

Buffalo, April 28—The question of whether of the team fell over whether of the team fell over divided in Can data and a marriage solemnized in Can day. Numerous statements of discontent the day. Numerous statements of discontent the marriage selemized in Can day. Numerous statements of discontent the day. Numerous statements of discontent the day. Numerous statements of discontent the marriage white in a special term of the supreme court today, was decided by Justice White in a special term of the supreme court today. Numerous statements of discontent the among strikers are heard. The Lethbridge Daily Herald and other papers have frequently published letters from the miners expressing dissatisfaction with President Sherman's actions.
