### Novitiate and Scholasticate

### OF THE XAVIERIAN BROTHERS.

This Department of Mount St. Joseph's College, Baltimore, Maryland, admits young men between the ages of 16 to 20 who wish to devote themselves to the cause of Christian Education in the Brotherhood. There are many young men who feel no calling to the priesthood yet desire to consecrate themselves and their life-work to God. This institution may admirably suit such. Necessary qualifications are, good health, love for study, piety without singularity and the intention to become a useful member of the Congregation. For further particulars apply to **BRO. BORGIA CAREW, C.F.X.,** aug5.31.th.s.m 7 Cook St., City.

### Sane and Considerate Driving.

### MOTORISTS, PLEASE GIVE ATTENTION.

At a meeting of the Executive Committee of the Newfoundland Motor Association, held on Tuesday last, it was unanimously decided to publish the following extracts from the By-Laws of the Association with the idea of advocating sane and considerate driving of motor vehicles. Members of the Association (and other drivers) are respectfully asked to cut out this article until such time as they have familiarized themselves with the following By-Laws.

1. Members of the Association must use the following hand signals:—

If stopping, slowing down, or turning out of the road, right hand held out horizontally. If the drive is left hand, left hand held out.

2. Any Motorist Member of the Association desiring to overtake or pass a car must blow his horn two blasts, and the driver of the car ahead shall signal that he has heard the horn by answering two blasts. If the car ahead cannot keep ahead of the overtaking car, the driver should allow the overtaking car to pass and the overtaking car must immediately get far enough ahead to prevent the occupant of the car passed from getting the dust.

3. A Member of the Association must help any other Member whose car is on the road and in trouble.

4. Cars meeting must keep as close to the left side of the road as possible and slow down.

5. A signal of three blasts will mean that the person blowing is under the impression that the other party has offended against some rule.

6. The horn must be blown at every blind corner and the car must be under close control. A car is under close control when it can be stopped within 10 feet. At sharp curves the horn must be blown.

7. When two cars meet on a hill going in opposite directions, the car going up the hill has the right of way.

8. These By-Laws apply to motor cycles as well as to motor cars.

9. Members should report breaches of the rules and inconsiderate or reckless driving to the Committee on Discipline.

**ERIC A. BOWRING, President.**

**P. E. OUTERBRIDGE, Sec.-Treas.** aug5.11 (adv6,her7,news5,star10)

## Flower Day

(Under the management of Mrs. Charles Harvey) on

### Saturday, August 7th.

In aid of the Society for Protection of Animals.

Persons willing to contribute flowers are requested to send them to Mrs. Charles Harvey's residence, Musgrave Terrace, Gower Street, on Friday, Aug. 6th. aug3.31

## Model Farm for Sale

We are offering for sale that Very Productive Farm, situated on Pennywell Road, about 2 1/2 miles from City, owned and occupied by Mr. Frank Bastow, containing 190 acres, together with Dwelling House, Stables, Barns and Outhouses, also a bog and stream of water running through the property; 15 acres under cultivation, well tilled and manured, and cropped by a regular rotation of crops in a good husbandmanlike manner. A farm in every sense of the word. The balance is well wooded in timber for building and firing purposes. The crop this season is the finest in the suburbs, the hay being well above the average. This property will be sold with or without crops or farming implements. For further particulars apply to

## FRED. J. ROIL & Co.

Real Estate and Auctioneers, Smallwood Building, Duckworth Street.

The ordinary adding machine only adds. THE DALTON adds, subtracts, multiplies, divides. This is all any adding or calculating machine can do, and THE DALTON furnishes a printed proof of each operation. Come in and let us demonstrate this last word in adding machines to you.
